SUPPLEMENTARY INFORMATION: The National Childhood Vaccine Injury Act of 1986 (Pub. L. 99-660), as amended by section 708 of Public Law 103-183, added section 2126 to the Public Health Service Act. Section 2126, codified at 42 U.S.C. 300aa-26, requires the Secretary of Health and Human Services to develop and disseminate vaccine information materials for distribution by all health care providers in the United States to any patient (or to the parent or legal representative in the case of a child) receiving vaccines covered under the National Vaccine Injury Compensation Program (VICP).

Development and revision of the vaccine information materials, also known as Vaccine Information Statements (VIS), have been delegated by the Secretary to the Centers for Disease Control and Prevention (CDC). Section 2126 requires that the materials be developed, or revised, after notice to the public, with a 60-day comment

period, and in consultation with the Advisory Commission on Childhood Vaccines, appropriate health care provider and parent organizations, and the Food and Drug Administration. The law also requires that the information contained in the materials be based on available data and information, be presented in understandable terms, and include:

- (1) A concise description of the benefits of the vaccine,
- (2) A concise description of the risks associated with the vaccine,
- (3) A statement of the availability of the National Vaccine Injury Compensation Program, and
- (4) Such other relevant information as may be determined by the Secretary.

The vaccines initially covered under the National Vaccine Injury Compensation Program were diphtheria, tetanus, pertussis, measles, mumps, rubella and poliomyelitis vaccines. Since April 15, 1992, any health care provider in the United States who intends to administer one of these covered vaccines is required to provide copies of the relevant vaccine information materials prior to administration of any of these vaccines. Since then, the following vaccines have been added to the National Vaccine Injury Compensation Program, requiring use of vaccine information materials for them as well: Hepatitis B, *Haemophilus influenzae* type b (Hib), varicella (chickenpox), pneumococcal conjugate, rotavirus, hepatitis A, meningococcal, human papillomavirus (HPV), and seasonal influenza vaccines. Instructions for use of the vaccine information materials are found on the CDC Web site at: <http://www.cdc.gov/vaccines/hcp/vis/index.html>.

HHS/CDC is proposing updated versions of the hepatitis A and hepatitis B vaccine information statements.

The vaccine information materials referenced in this notice are being developed in consultation with the Advisory Commission on Childhood Vaccines, the Food and Drug Administration, and parent and health care provider groups.

We invite written comment on the proposed revised vaccine information materials entitled "Hepatitis A Vaccine: What You Need to Know" and "Hepatitis B Vaccine: What You Need to Know." Copies of the proposed vaccine information materials are available at <http://www.regulations.gov> (see Docket Number CDC-2016-0015). Comments submitted will be considered in finalizing these materials. When the final materials are published in the **Federal Register**, the notice will include

an effective date for their mandatory use.

Submission for OMB Review; Comment Request

Title: National Center on Early Head Start-Child Care Partnerships (NCEHS-CCP) Evaluation.

OMB No.: New Collection.

Description: The Administration for Children and Families (ACF) in the Department of Health and Human Services (HHS) has awarded 275 Early Head Start expansion and Early Head Start-child care partnership grants (EHS-CCP) in 50 states; Washington, DC; Puerto Rico; and the Northern Mariana Islands. These grants will allow new or existing Early Head Start programs to partner with local child care centers and family child care providers to expand high-quality early learning opportunities for infants and toddlers from low-income families.

NCEHS-CCP will support the effective implementation of new EHS-CCP grants by disseminating information through training and technical assistance (T/TA) and resources and materials. NCEHS-CCP is primarily targeted to T/TA providers working directly with the EHS-CCP grantees (including Office of Head Start

(OHS) and Office of Child Care (OCC) National Centers, regional training and technical assistance (T/TA) specialists, and implementation planners and fiscal consultants). State and federal agencies (including OHS and OCC federal staff, Child Care and Development Fund (CCDF) administrators, Head Start state and national collaboration office directors), as well as EHS-CCP grantees will also find helpful information on partnerships through NCEHS-CCP's resources.

NCEHS-CCP at ZERO TO THREE is proposing to conduct a descriptive study of NCEHS-CCP that will provide information that will document the activities and progress of NCEHS-CCP toward its goals and objectives. Findings from the evaluation will be translated into action steps to inform continuous quality improvement of NCEHS-CCP.

The proposed data collection activities for the descriptive study of NCEHS-CCP will include the following components:

- *Stakeholder survey.* Web-based surveys will be conducted in the spring of 2016 and 2018 with key stakeholders (including regional T/TA specialists, CCDF administrators, Head Start state and national collaboration office directors, and implementation planners and fiscal consultants). The stakeholder survey will collect information about the types of support they received from
