

statement to inform applicants (respondents) of the Commission's need to obtain the information and the protections that the FCC has in place to protect the PII.

FRNs are assigned to applicants who complete FCC Form 160 (OMB Control No. 3060-0917). Form 160 requires applicants for FRNs to provide their Taxpayer Information Number (TIN) and/or Social Security Number (SSN). The FCC's electronic CORES Registration System then provides each registrant with a FCC Registration Number (FRN), which identifies the registrant in his/her subsequent dealings with the FCC. This is done to protect the individual's privacy. The Commission maintains a SORN, FCC/OMD-9, "Commission Registration System (CORES)" to cover the collection, purpose(s), storage, safeguards, and disposal of the PII that individual respondents may submit on FCC Form 160. FCC Form 160 includes a privacy statement to inform applicants (respondents) of the Commission's need to obtain the information and the protections that the FCC has in place to protect the PII.

Privacy Act Impact Assessment: The Commission is drafting a Privacy Impact Assessment for the PII that is covered by FCC/MB-1 SORN. Upon completion of the PIA, it will be posted on the FCC Web page, as required by the Office of Management and Budget (OMB) Memorandum, M-03-22 (September 22, 2003).

Needs and Uses: Licensees of commercial AM, FM, and full power television broadcast stations, as well as licensees of Class A and Low Power Television stations must file FCC Form 323 every two years. Ownership Reports shall provide information accurate as of October 1 of the year in which the Report is filed. Thereafter, the Form shall be filed biennially beginning November 1, 2011, and every two years thereafter.

Also, Licensees and Permittees of commercial AM, FM, or full power television stations must file Form 323 following the consummation of a transfer of control or an assignment of a commercial AM, FM, or full power television station license or construction permit; a Permittee of a new commercial AM, FM or full power television broadcast station must file Form 323 within 30 days after the grant of the construction permit; and a Permittee of a new commercial AM, FM, or full power television broadcast station must file Form 323 to update the initial report or to certify the continuing accuracy and completeness of the previously filed report on the date that the Permittee

applies for a license to cover the construction permit.

In the case of organizational structures that include holding companies or other forms of indirect ownership, a separate FCC Form 323 must be filed for each entity in the organizational structure that has an attributable interest in the Licensee if the filing is a nonbiennial filing or a reportable interest in the Licensee if the filing is a biennial filing.

We are requesting the three year extension of this information collection.

The FCC's maintains Internet software used by the public to apply for licenses, participate in auctions for spectrum, and maintain license information. In this mission, FCC has a 'help desk' that answers questions related to these systems as well as resetting and/or issuing user passwords for access to these systems. The form currently is available on the Web site <https://esupport.fcc.gov/request.htm> under OMB Control Number 3060-1042. This form will continue to substantially decrease public and staff burden since all the information needed to facilitate a support request will be submitted in

a standard format but be available to a wider audience. This eliminates or at least minimizes the need to follow-up with the customers to obtain all the information necessary to respond to their request. This form also helps presort requests into previously defined categories to all staff to respond more quickly.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501-3520), the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-1088.

Title: Rules and Regulations Implementing the Telephone Consumer Protection Act (TCPA) of 1991, Report and Order and Third Order on Reconsideration, CG Docket No. 05-338, FCC 06-42.

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities; Not-for-profit institutions; and Individuals or households.

Number of Respondents and Responses: 5,340,000 respondents; 6,054,155 responses.

Estimated Time per Response: 3 minutes (.05 hours) to 30 minutes (.50 hours).

Frequency of Response: Annual, monthly, and on occasion reporting requirements; Recordkeeping requirement; and Third party disclosure requirement.

Obligation to Respond: Required to obtain or retain benefits. The authorizing statutes for this information collection are: Telephone Consumer Protection Act of 1991, Public Law 102-243, 105 Stat. 2394 (1991); Junk Fax Prevention Act, Public Law 109-21, 119 Stat. 359 (2005).

Total Annual Burden: 3,672,250 hours.

Total Annual Cost: \$928,042.

Nature and Extent of Confidentiality: Confidentiality is an issue to the extent that individuals and households provide personally identifiable information, which is covered under the FCC's updated system of records notice (SORN), FCC/CGB-1, "Informal Complaints, Inquiries and Requests for Dispute Assistance," which became effective on September 24, 2014.

Privacy Impact Assessment: The Privacy Impact Assessment (PIA) for Informal Complaints and Inquiries was completed on June 28, 2007. It may be reviewed at http://www.fcc.gov/omd/privacyact/Privacy_Impact_Assessment.html. The Commission is in the process of updating the PIA to incorporate various revisions to it as a result of revisions to the SORN.

Needs and Uses: On April 5, 2006, the Commission adopted a Report and Order and Third Order on Reconsideration, In the Matter of Rules and Regulations Implementing the Telephone Consumer Protection Act of 1991; Junk Fax Prevention Act of 2005, CG Docket Nos. 02-278 and 05-338, FCC 06-42, which modified the Commission's facsimile advertising rules to implement the Junk Fax Prevention Act. The Report and Order and Third Order on Reconsideration contained information collection requirements pertaining to: (1) Opt-out Notice and Do-Not-Fax Requests Recordkeeping in which the rules require senders of unsolicited facsimile advertisements to include a notice on the first page of the facsimile that informs the recipient of the ability and means to request that they not receive future unsolicited facsimile advertisements from the sender; (2) Established Business Relationship Recordkeeping whereas the Junk Fax Prevention Act provides that the sender, e.g., a person, business, or a nonprofit/institution, is prohibited from faxing an unsolicited advertisement to a facsimile machine unless the sender has an "established business relationship" (EBR) with the recipient; (3) Facsimile Number Recordkeeping in which the Junk Fax Prevention Act provides that an EBR alone does not entitle a sender to fax an advertisement to an individual or business. The fax number must also be provided voluntarily by the recipient; and (4) Express Invitation or Permission Recordkeeping where in the absence of an EBR, the sender must obtain the prior express invitation or permission from the consumer before sending the facsimile advertisement.

On October 14, 2008, the Commission released an Order on Reconsideration, FCC 08-239, addressing certain issues raised in petitions for reconsideration and/or clarification filed in response to the Commission's Report and Order and Third Order on Reconsideration (Junk Fax Order), FCC 06-42. In document FCC 08-239, the Commission clarified that: (1) Facsimile numbers compiled by third parties on behalf of the facsimile sender will be presumed to have been made voluntarily available for public distribution so long as they are obtained from the intended recipient's own directory, advertisement, or Internet site; (2) reasonable steps to verify that a recipient has agreed to make available a facsimile number for public distribution may include methods other than direct contact with the recipient; and (3) a description of the facsimile sender's opt-out mechanism on the first Web

page to which recipients are directed in the opt-out notice satisfies the requirement that such a description appear on the first page of the Web site.

The Commission believes these clarifications will assist senders of facsimile advertisements in complying with the Commission's rules in a manner that minimizes regulatory compliance costs while maintaining the protections afforded consumers under the Telephone Consumer Protection Act (TCPA).
