Foreign-Trade Zones Board

[B-5-2016]

Foreign-Trade Zone (FTZ) 279—Terrebonne Parish, Louisiana; Notification of Proposed Production Activity; Thoma-Sea Marine Constructors, L.L.C. (Shipbuilding); Houma, Louisiana

The Houma-Terrebonne Airport Commission, grantee of FTZ 279, submitted a notification of proposed production activity to the FTZ Board on behalf of Thoma-Sea Marine Constructors, L.L.C. (Thoma-Sea), located in Houma, Louisiana. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on February 3, 2016.

A separate request for subzone designation at the Thoma-Sea facilities is planned and will be processed under Section 400.31 of the FTZ Board's regulations. The facilities are used for the construction and repair of oceangoing vessels. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials

and components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Thoma-Sea from customs duty payments on the foreign status components used in export production. On its domestic sales, Thoma-Sea would be able to choose the duty rate during customs entry procedures that applies to oceangoing vessels (free) for the foreign status inputs noted below. Customs duties also could possibly be deferred or reduced on foreign status production equipment.

The components sourced from abroad include: plastic hoses; printed manuals; steel pipe fittings; doors; steel tanks; hatches/manholes; copper anodes; zinc rods; base metal mountings; outboard motors; parts of marine engines; parts of hydraulic pumps; hydraulic fluid pumps; compressors; portal/pedestal jib cranes; thruster parts; pressure-reducing valves; steel tank valves; vent check valves; machine parts of automated systems; electric motors; AC generators; speed drive controllers; power supplies; batteries; power cells; starter generators/motors; electric ignition starter parts; fuses; circuit boards; parts of electrical switching apparatus; insulated winding wire; liquid flow/level measuring instruments; parts of printed circuit assemblies; and, parts of measuring instruments (duty rate ranges from free to 5.7%).

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive Secretary at the address below. The closing period for their receipt is March 23, 2016.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the FTZ Board's Web site, which is accessible via www.trade.gov/ftz.

For further information, contact Pierre Duy at Pierre.Duy@trade.gov or (202) 482-1378.

Dated: February, 2, 2016.

Andrew McGilvray,

Executive Secretary.

Citric Acid and Certain Citrate Salts From Canada: Preliminary Results of Antidumping Duty Administrative Review; 2014-2015

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on citric acid and certain citrate salts (citric acid) from Canada. The period of review (POR) is May 1, 2014, through April 30, 2015. The review covers one producer/exporter of the subject merchandise, Jungbunzlauer Canada Inc. (JBL Canada). We preliminarily determine that sales of subject merchandise by JBL Canada were not made at prices below normal value (NV). We invite interested parties to comment on these preliminary results.

DATES: *Effective Date:* February 12, 2016.

FOR FURTHER INFORMATION CONTACT: Rebecca Trainor or Katherine Johnson, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone (202) 482-4007 or (202) 482-4929, respectively.

SUPPLEMENTARY INFORMATION:

Scope of the Order

The merchandise covered by this order is citric acid and certain citrate salts from Canada. The product is currently classified under subheadings 2918.14.0000, 2918.15.1000, 2918.15.5000, and 3824.90.9290 of the Harmonized Tariff System of the United States (HTSUS). Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of merchandise subject to the scope is dispositive.¹

¹ A full description of the scope of the order is contained in the memorandum to Paul Piquado, Assistant Secretary for Enforcement and Compliance, from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, "Decision Memorandum for Preliminary Results of Antidumping Duty Administrative Review: Citric Acid and Certain Citrate Salts from Canada; 2014-2015" (Preliminary Decision Memorandum), dated concurrently with these results and hereby adopted by this notice.
