

contact the USDA agency or staff office responsible for the program or transaction in question.

Forms AD-3030, AD-3030-Y and AD-3030-FS will effectuate compliance with the appropriations restrictions by requiring all corporate applicants to represent, at the time of application for a non-procurement program, whether they have tax delinquencies or felony convictions that would prevent USDA from doing business with them. Corporations include, but are not limited to, any entity that has filed articles of incorporation in one of the 50 States, the District of Columbia, or the various territories of the United States. Corporations include both for profit and non-profit entities. Forms AD-3031, AD-3031-Y and AD-3031-FS require an affirmative representation, at the time of the award, that corporate awardees for non-procurement transactions do not have tax delinquencies or felony convictions that would prevent USDA from doing business with them. If the application and award process are a single step, the agency or staff office may require both forms to be filed simultaneously. Collection of this information is necessary to ensure that USDA agencies and staff offices comply with the appropriations restrictions prohibiting the Government from doing business with corporations with tax delinquencies or felony convictions.

The burden for each form will be accounted for within the individual USDA agency and staff office collection packages using the forms. The time required to complete this information collection is estimated to average 0.25 minutes per response, per form, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

USDA's Office of the Chief Financial Officer (OCFO) is requesting approval for one respondent and a one hour place holder for the forms. The total estimated burden for the OCFO's use of the forms is thus one hour, which will allow it to distribute the approved forms to USDA agencies and staff offices. USDA agencies and staff offices using the forms will reflect the approved OMB control number of the package and account for the burden within their individual collection packages when they seek Office of Management and Budget approval or re-authorization.
