DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. EL16–41–000]

Morongo Transmission LLC; Notice of Petition for Declaratory Order

Take notice that on February 19, 2016, pursuant to Rule 207 of the Commission's Rules of Practice and Procedure of the Federal Energy Regulatory Commission's (Commission), 18 CFR 385.207(a)(2) (2015), Morongo Transmission LLC (Morongo) filed a petition for declaratory order stating that amounts invested by Morongo Transmission in the West of Devers Transmission Upgrade Project in excess of \$400 million will receive the same rate treatment that the Commission authorized in its August 25, 2014 order,¹ as more fully explained in the petition.

Any person desiring to intervene or to protest in this proceeding must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214) on or before 5:00 p.m. Eastern time on the specified comment date. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. Anyone filing a motion to intervene or protest must serve a copy of that document on the Petitioner.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an

¹ *Morongo Transmission LLC*, 148 FERC 61,139 (2014).

eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 5 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

The filings in the above proceeding are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the Web site that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with an FERC Online service, please email FERCOnlineSupport@ferc.gov or call (866) 208–3676 (toll free). For TTY, call (202) 502–8659.

Comment Date: 5:00 p.m. Eastern time on March 21, 2016.

Dated: February 19, 2016.

BILLING CODE 6717–01–P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP15–504–000]

Dominion Carolina Gas Transmission, L.L.C.; Notice of Availability of the Environmental Assessment for the Proposed Columbia to Eastover Project

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared this environmental assessment for the Columbia to Eastover Project (Project) proposed by Dominion Carolina Gas Transmission, L.L.C. in the above-referenced docket. Dominion Carolina Gas requests authorization to construct, install, own, operate and maintain certain facilities located in Calhoun, Richland, and Lexington Counties, South Carolina. This Project would enable Dominion Carolina Gas to provide 18 million cubic feet per day of firm transportation service to the existing International Paper Plant in Eastover, South Carolina.

Specifically, the proposed Project includes the following facilities:

- 28 miles of new 8-inch-diameter pipeline;

- a pig launcher;
- a joint new pig receiver and meter and regulator station;
- cathodic protection; and
- eight mainline valves along the pipeline.

The environmental assessment assesses the potential environmental effects of the construction and operation of the Project in accordance with the National Environmental Policy Act. The FERC staff concludes that approval of the proposed Project, with appropriate mitigating measures, would not constitute a major federal action significantly affecting the quality of the human environment.

The environmental assessment has been placed in the public files of the FERC and is available for public viewing on the FERC's Web site at www.ferc.gov using the eLibrary link. A limited number of copies of the environmental assessment are available for distribution and public inspection at: Federal Energy Regulatory Commission, Public Conference Room, 888 First Street NE., Room 2A, Washington, DC 20426, (202) 502-8371.

Copies of the environmental assessment have been mailed to federal, state, and local government representatives and agencies; elected officials; environmental and public interest groups; Native American tribes; potentially affected landowners and other interested individuals and groups; libraries in the Project area; and parties to this proceeding.

Any person wishing to comment on the environmental assessment may do so. Your comments should focus on the potential environmental effects, reasonable alternatives, and measures to avoid or lessen environmental impacts. The more specific your comments, the more useful they will be. To ensure that your comments are properly recorded and considered prior to a Commission decision on the proposal, it is important that the FERC receives your comments in Washington, DC on or before March 21, 2016.

For your convenience, there are three methods you can use to submit your comments to the Commission. In all instances, please reference the Project docket number (CP15-504-000) with your submission. The Commission encourages electronic filing of comments and has dedicated eFiling expert staff available to assist you at (202) 502-8258 or efiling@ferc.gov.

(1) You may file your comments electronically by using the eComment feature, which is located on the Commission's Web site at www.ferc.gov under the link to Documents and Filings. An eComment is an easy

method for interested persons to submit brief, text-only comments on a project;

(2) You may file your comments electronically by using the eFiling feature, which is located on the Commission's Web site at www.ferc.gov under the link to Documents and Filings. With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by clicking on "eRegister." You will be asked to select the type of filing you are making. A comment on a particular project is considered a "Comment on a Filing"; or

(3) You may file a paper copy of your comments at the following address: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Room 1A, Washington, DC 20426.

Although your comments will be considered by the Commission, simply filing comments will not serve to make the commentor a party to the proceeding. Any person seeking to become a party to the proceeding must file a motion to intervene pursuant to Rule 214 of the Commission's Rules of Practice and Procedures (18 CFR 385.214).¹ Only intervenors have the right to seek rehearing of the Commission's decision.

Affected landowners and parties with environmental concerns may be granted intervenor status upon showing good cause by stating that they have a clear and direct interest in this proceeding which would not be adequately represented by any other parties. You do not need intervenor status to have your comments considered.

Additional information about the Project is available from the Commission's Office of External Affairs, at (866) 208-FERC, or on the FERC Web site (www.ferc.gov) using the eLibrary link. Click on the eLibrary link, click on "General Search," and enter the docket number excluding the last three digits in the Docket Number field (*i.e.*, CP15-504). Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at FercOnlineSupport@ferc.gov or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659. The eLibrary link also provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific

¹ See the previous discussion on the methods for filing comments.

dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. Go to <http://www.ferc.gov/docs-filing/esubscription.asp>.
