

applications. However, if the Department decides to select an equal number of applications in each group for funding, this may result in different cut-off points for fundable applications in each group.

4. *Risk Assessment and Special Conditions*: Consistent with 2 CFR 200.205, before awarding grants under this competition the Department conducts a review of the risks posed by applicants. Under 2 CFR 3474.10, the Secretary may impose special conditions and, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

VI. Award Administration Information

1. *Award Notices*: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements*: We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Reporting*: (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary

may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

(c) Under 34 CFR 75.250(b), the Secretary may provide a grantee with additional funding for data collection analysis and reporting. In this case the Secretary establishes a data collection period.

4. *Performance Measures*: Under the Government Performance and Results Act of 1993 (GPRA), the Department has established a set of performance measures, including long-term measures, that are designed to yield information on various aspects of the effectiveness and quality of the Training and Information for Parents of Children with Disabilities program. The measures focus on the extent to which projects provide high-quality products and services, the relevance of project products and services to educational and early intervention policy and practice, and the use of products and services to improve educational and early intervention policy and practice. Projects funded under this competition are required to submit data on these measures as directed by OSEP.

Grantees will be required to report information on their project's performance in annual and final performance reports to the Department (34 CFR 75.590).

5. *Continuation Awards*: In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: Whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, the performance targets in the grantee's approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

VII. Agency Contact

FOR FURTHER INFORMATION CONTACT: Carmen Sanchez, U.S. Department of Education, 400 Maryland Avenue SW., Room 5175, Potomac Center Plaza, Washington, DC 20202-5076. Telephone: (202) 245-6595.

If you use a TDD or a TTY, call the FRS, toll free, at 1-800-877-8339.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 2242-078—Oregon]

Eugene Water and Electric Board; Notice of Designation of Certain Commission Personnel as Non- Decisional

Commission staff members Ryan Hansen (Office of Energy Projects 202-502-8074; ryan.hansen@ferc.gov) and Katherine Liberty (Office of the General Counsel 202-502-6491; katherine.liberty@ferc.gov) are assigned to help resolve environmental and other issues associated with development of a settlement agreement for the Carmen-Smith Project.

As “non-decisional” staff, Mr. Hansen and Ms. Liberty will not participate in an advisory capacity in the Commission’s review of any offer of settlement or settlement agreement, or deliberations concerning the disposition of the relicense application.

Different Commission “advisory staff” will be assigned to review any offer of settlement or settlement agreement, and to process the relicense application, including providing advice to the Commission with respect to the agreement and the application. Non-decisional staff and advisory staff are prohibited from communicating with one another concerning the settlement and the relicense application.

Dated: February 22, 2016.

Nathaniel J. Davis, Sr.,

Deputy Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP16-17-000]

Millennium Pipeline Company, L.L.C.; Notice of Schedule for Environmental Review of the Valley Lateral Project

On November 13, 2015, Millennium Pipeline Company, L.L.C. (Millennium) filed an application in Docket No. CP16-17-000 requesting a Certificate of Public Convenience and Necessity pursuant to Section 7(c) of the Natural Gas Act to construct and operate certain natural gas pipeline facilities. The proposed project is known as the Valley Lateral Project (Project), and would provide approximately 130,000 dekatherms per day (Dth/d) of firm transportation service to CPV Valley, LLC to serve a new natural gas combined-cycle electric generator in the Town of Wawayanda, New York (CPV Valley Energy Center).

On November 30, 2015, the Federal Energy Regulatory Commission (Commission or FERC) issued its Notice of Application for the Project. Among other things, that notice alerted agencies issuing federal authorizations of the requirement to complete all necessary reviews and to reach a final decision on a request for a federal authorization within 90 days of the date of issuance of the Commission staff’s Environmental Assessment (EA) for the Project. This instant notice identifies the FERC staff’s planned schedule for the completion of the EA for the Project.

Schedule for Environmental Review

Issuance of EA—May 9, 2016
90-day Federal Authorization Decision
Deadline—August 7, 2016

If a schedule change becomes necessary, additional notice will be provided so that the relevant agencies are kept informed of the Project’s progress.

Project Description

Millennium proposes to construct, install, own, and maintain the proposed Valley Lateral Project, which would involve construction of an approximately 7.9-mile, 16-inch diameter lateral pipeline from Millennium’s existing mainline in Orange County, New York to the CPV Valley Energy Center. The Project would also involve construction of a new meter station within the CPV Valley Energy Center property, and pig launcher and receiver facilities.

Background

On July 6, 2015, the Commission issued a *Notice of Intent to Prepare an Environmental Assessment for the Proposed Valley Lateral Project and Request for Comments on Environmental Issues* (NOI). The NOI was issued during the pre-filing review of the Project in Docket No. PF15-23-000 and was sent to affected landowners; federal, state, and local government agencies; elected officials; environmental and public interest groups; Native American tribes; other interested parties; and local libraries and newspapers. In response to the NOI, the Commission received comments from the U.S. Environmental Protection Agency (EPA) and 48 comments from individual stakeholders. The primary issues raised by commentors are purpose and need, land use, visual impacts, vegetation and wildlife, cumulative impacts, alternatives, air quality and climate change, safety, and socioeconomic impacts.

The EPA and New York State Department of Agriculture and Markets are cooperating agencies in the preparation of the EA.

Additional Information

In order to receive notification of the issuance of the EA and to keep track of all formal issuances and submittals in specific dockets, the Commission offers a free service called eSubscription. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. Go to www.ferc.gov/docs-filing/esubscription.asp.

Additional information about the Project is available from the Commission’s Office of External Affairs at (866) 208-FERC or on the FERC Web site (www.ferc.gov). Using the “eLibrary” link, select “General Search” from the eLibrary menu, enter the selected date range and “Docket Number” excluding the last three digits (*i.e.*, CP16-17), and follow the instructions. For assistance with access to eLibrary, the helpline can be reached at (866) 208-3676, TTY (202) 502-8659, or at FERCOnlineSupport@ferc.gov. The eLibrary link on the FERC Web site also provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rule makings.

Dated: February 19, 2016.
