

(a) The contract has FOB origin delivery terms; and
(b) The price does not change; and
(iv) Use Z only in position 2, and only to identify a modification which definitizes a letter contract or a previously issued undefinitized modification.

(2) Positions 4 through 6. These positions are always numeric. Use a separate series of serial numbers for each type of modification listed in paragraph (b)(2)(ii) of this section.

204.1670 Cross reference to Federal Procurement Data System.

Detailed guidance on mapping PIID and supplementary PIID numbers stored in the Electronic Document Access system to data elements reported in the Federal Procurement Data System can be found in PGI 204.1670.

204.1671 Order of application for modifications.

(a) Circumstances may exist in which the numeric order of the modifications to a contract is not the order in which the changes to the contract actually take effect.

(b) In order to determine the sequence of modifications to a contract or order, the modifications will be applied in the following order—

(1) Modifications will be applied in order of the effective date on the modification;

(2) In the event of two or more modifications with the same effective date, modifications will be applied in signature date order; and

(3) In the event of two or more modifications with the same effective date and the same signature date, procuring contracting office modifications will be applied in numeric order, followed by contract administration office modifications in numeric order.

Subpart 204.70—[Removed and Reserved]

■ 3. Remove and reserve subpart 204.70, consisting of sections 204.7000 through 204.7007.

PART 232—CONTRACT FINANCING

■ 4. Add section 232.905 to read as follows:

232.905 Payment documentation and process.

(b)(1)(iii) For task and delivery orders numbered in accordance with FAR 4.1603 and 204.1603, the 13-character order number may serve as the contract number on invoices and receiving reports. The contract or agreement

number under which the order was placed may be omitted from invoices and receiving reports. The contractor may choose to identify both the contract number and the 13-character order number on invoices and receiving reports. Task and delivery orders numbered with a four-position alpha-numeric call or order serial number shall include both the 13-position basic contract Procurement Instrument Identifier and the four-position order number.

PART 243—CONTRACT MODIFICATIONS

243.172 [Amended]

■ 5. Amend section 243.172 by removing “204.7007” and adding “204.1671” in its place.

■ 6. Amend appendix F to chapter 2, in section F–301, by revising paragraph (b)(1) to read as follows:

Appendix F to Chapter 2—Material Inspection and Receiving Report

* * * * *
F–301 Preparation instructions.

* * * * *
(b) * * *
(1) Contract no/delivery order no.

(i) For stand-alone contracts, enter the 13-position alpha-numeric basic Procurement Instrument Identifier (PIID) of the contract. For task and delivery orders numbered in accordance with FAR 4.1603 and DFARS 204.1603, enter the 13-character order number. The contract or agreement number under which the order was placed may be omitted from the WAWF RR. Alternatively, the contractor may choose to enter the contract number on the WAWF RR in addition to the 13-character order number. If the order has only a four-position alpha-numeric call or order serial number, enter both the 13-position basic contract PIID and the four-position order number.

(ii) Except as indicated in paragraph (b)(1)(iii) of this appendix, do not enter supplementary numbers used in conjunction with basic PIIDs to identify—

- (A) Modifications of contracts and agreements;
- (B) Modifications to calls or orders; or
- (C) Document numbers representing contracts written between contractors.

(iii) When shipping instructions are furnished and shipment is made before receipt of the confirming contract modification (SF 30, Amendment of Solicitation/Modification of Contract), enter a comment in the Misc. Info Tab to this effect. This will appear in the Comments section of the printed WAWF RR.

BILLING CODE 5001–06–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 622

[Docket No. 130312235–3658–02]

RIN 0648–XE455

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Snapper-Grouper Resources of the South Atlantic; Trip Limit Reduction

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; trip limit reduction.

SUMMARY: NMFS reduces the commercial trip limit for vermilion snapper in or from the exclusive economic zone (EEZ) of the South Atlantic to 500 lb (227 kg), gutted weight, 555 lb (252 kg), round weight. This trip limit reduction is necessary to protect the South Atlantic vermilion snapper resource.

DATES: This rule is effective 12:01 a.m., local time, March 2, 2016, until 12:01 a.m., local time, July 1, 2016.

FOR FURTHER INFORMATION CONTACT: Rick DeVictor, NMFS Southeast Regional Office, telephone: 727–824–5305, email: *rick.devictor@noaa.gov*.

SUPPLEMENTARY INFORMATION: The snapper-grouper fishery in the South Atlantic includes vermilion snapper and is managed under the Fishery Management Plan for the Snapper-Grouper Fishery of the South Atlantic Region (FMP). The South Atlantic Fishery Management Council prepared the FMP. The FMP is implemented by NMFS under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) by regulations at 50 CFR part 622.

The commercial ACL (commercial quota) for vermilion snapper in the South Atlantic is divided into two 6-month time periods, January through June and July through December. For the January 1 through June 30, 2016, fishing season, the commercial quota is 388,703 lb (176,313 kg), gutted weight, 431,460 lb (195,707 kg), round weight (50 CFR 622.190(a)(4)(i)(D)).

Under 50 CFR 622.191(a)(6)(ii), NMFS is required to reduce the commercial trip limit for vermilion snapper from 1,000 lb (454 kg), gutted weight, 1,110 lb (503 kg), round weight, when 75 percent of the fishing season commercial quota is reached or

projected to be reached, by filing a notification to that effect with the Office of the Federal Register, as established by Regulatory Amendment 18 (78 FR 47574, August 6, 2013). The reduced commercial trip limit is 500 lb (227 kg), gutted weight, 555 lb (252 kg), round weight. Based on current information, NMFS has determined that 75 percent of the available commercial quota for the January 1 through June 30, 2016, fishing season for vermilion snapper will be reached by March 2, 2016. Accordingly, NMFS is reducing the commercial trip limit for vermilion snapper to 500 lb (227 kg), gutted weight, 555 lb (252 kg), round weight, in or from the South Atlantic EEZ at 12:01 a.m., local time, on March 2, 2016. This reduced commercial trip limit will remain in effect until the start of the next fishing season on July 1, 2016, or until the commercial quota is reached and the commercial sector closes, whichever occurs first.

Classification

The Regional Administrator, Southeast Region, NMFS, has determined this temporary rule is necessary for the conservation and management of South Atlantic vermilion snapper and is consistent with the Magnuson-Stevens Act and other applicable laws.

This action is taken under 50 CFR 622.191(a)(6)(ii) and is exempt from review under Executive Order 12866.

These measures are exempt from the procedures of the Regulatory Flexibility Act because the temporary rule is issued without opportunity for prior notice and comment.

This action responds to the best scientific information available. The Assistant Administrator for Fisheries, NOAA (AA), finds that the need to immediately implement this commercial trip limit reduction constitutes good cause to waive the requirements to provide prior notice and opportunity for public comment pursuant to the authority set forth in 5 U.S.C. 553(b)(B), because prior notice and opportunity for public comment on this temporary rule is unnecessary and contrary to the public interest. Such procedures are unnecessary, because the rule establishing the trip limit has already been subject to notice and comment, and all that remains is to notify the public of the trip limit reduction. Prior notice and opportunity for public comment is contrary to the public interest, because any delay in reducing the commercial trip limit could result in the commercial quota being exceeded. There is a need to immediately implement this action to

protect the vermilion snapper resource, since the capacity of the fishing fleet allows for rapid harvest of the commercial quota. Prior notice and opportunity for public comment on this action would require time and increase the probability that the commercial sector could exceed its quota.

For the aforementioned reasons, the AA also finds good cause to waive the 30-day delay in the effectiveness of this action under 5 U.S.C. 553(d)(3).

Authority: 16 U.S.C. 1801 *et seq.*

Dated: February 23, 2016.

Emily H. Menashes,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

50 CFR Part 679

[Docket No. 141021887-5172-02]

RIN 0648-XE471

Fisheries of the Exclusive Economic Zone Off Alaska; Pacific Cod in the Western Aleutian Islands District of the Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS is prohibiting directed fishing for Pacific cod, including for the Community Development Quota program (CDQ), in the Western Aleutian Islands district of the Bering Sea and Aleutian Islands management area (BSAI). This action is necessary to prevent exceeding the Western Aleutian Islands district Pacific cod harvest limit of the 2016 total allowable catch (TAC) in the Aleutian Islands subarea of the BSAI.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), February 23, 2016, through 2400 hrs, A.l.t., December 31, 2016.

FOR FURTHER INFORMATION CONTACT: Josh Keaton, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the BSAI according to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the

Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The Western Aleutian Islands district Pacific cod harvest limit of the 2016 TAC in the Aleutian Islands subarea of the BSAI is 3,377 metric tons (mt) as established by the final 2015 and 2016 harvest specifications for groundfish in the BSAI (80 FR 11919, March 5, 2015) and inseason adjustment (81 FR 184, January 5, 2016). In accordance with § 679.20(d)(1)(i), the Administrator, Alaska Region, NMFS, has determined that the Area 543 Pacific cod harvest limit of the 2016 Pacific cod TAC in the Aleutian Islands subarea of the BSAI will soon be reached. Therefore, the Regional Administrator is establishing a directed fishing allowance of 2,377 mt, and is setting aside the remaining 1,000 mt as incidental catch in directed fishing for other species. In accordance with § 679.20(d)(1)(iii), the Regional Administrator finds that this directed fishing allowance has been reached. Consequently, NMFS is prohibiting directed fishing for Pacific cod in the Western Aleutian Islands district of the BSAI.

After the effective date of this closure the maximum retainable amounts at § 679.20(e) and (f) apply at any time during a trip.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the directed fishing closure of Pacific cod in the Western Aleutian Islands district of the BSAI. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of February 22, 2016.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.
