SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the information collection requirements contained in the Prohibited Transaction Class Exemptions (PTE) for Multiple Employer Plans and Multiple Employer Apprenticeship Plans: PTE 1976–1, PTE 1977–10, and PTE 1978–6. PTE 1976–1 permits a multi-employer employee benefit plan, under specific conditions, to negotiate with a contributing employer to accept a delinquent contribution and to settle a delinquency; to make a construction loan to a contributing employer; and to lease property and purchase services and goods from a party in interest, including a contributing employer and an employee association. PTE 1978–6 provides an exemption to a multi-employer apprenticeship plan for purchasing personal property or leasing real property from a contributing employer. All three exemptions impose recordkeeping requirements on plans as a condition to availability of the relief. information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1210–0058.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. SUPPLEMENTARY INFORMATION:

I. Notice of Final Decision

OSHA hereby gives notice of the expansion of the scope of recognition of Quality Auditing Institute, Ltd. (QAI) as an NRTL. QAI's expansion covers the addition of sixteen test standards to its scope of recognition. Additionally, OSHA announces a modification to its list of Appropriate NRTL Test Standards to include one additional test standard.

OSHA recognition of an NRTL signifies that the organization meets the requirements specified by 29 CFR 1910.7. Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within its scope of recognition and is not a delegation or grant of government authority. As a result of recognition, employers may use products properly approved by the NRTL to meet OSHA standards that require testing and certification of the products.

The Agency processes applications by an NRTL for initial recognition, or for expansion or renewal of this recognition, following requirements in Appendix A to 29 CFR 1910.7. This appendix requires that the Agency publish two notices in the **Federal Register** in processing an application. In the first notice, OSHA announces the application and provides its preliminary finding and, in the second notice, the Agency provides its final decision on the application. These notices set forth the NRTL's scope of recognition or modifications of that scope. OSHA maintains an informational Web page for each NRTL that details its scope of recognition. These pages are available from the Agency's Web site at <http://www.osha.gov/dts/otpca/nrtl/index.html>.

www.osha.gov/dts/otpca/nrtl/index.html.

QAI submitted an application, dated November 18, 2014, (OSHA-2013-0017-0006) to expand its recognition to include sixteen additional test standards, including one test standard to be added to the List of Appropriate NRTL Test Standards. OSHA staff performed a comparability analysis and reviewed other pertinent information. OSHA did not perform any on-site reviews in relation to this application.

OSHA published the preliminary notice announcing QAI's expansion application and modification to the list of appropriate test standards in the **Federal Register** on December 7, 2015 (80 FR 76047). The Agency requested comments by December 22, 2015, but it received no comments in response to this notice. OSHA now is proceeding with this final notice to grant expansion of QAI's scope of recognition and modification to the list of Appropriate NRTL Test Standards.

To obtain or review copies of all public documents pertaining to the QAI's application, go to www.regulations.gov or contact the Docket Office, Occupational Safety and Health Administration, U.S. Department of Labor, 200 Constitution Avenue NW., Room N-2625, Washington, DC 20210. Docket No. OSHA-2013-0017 contains all materials in the record concerning QAI's recognition.

II. Final Decision and Order

OSHA staff examined QAI's expansion application, its capability to meet the requirements of the test standards, and other pertinent information. Based on its review of this evidence, OSHA finds that QAI meets the requirements of 29 CFR 1910.7 for expansion of its recognition, subject to the limitation and conditions listed below. OSHA, therefore, is proceeding with this final notice to grant QAI's scope of recognition. OSHA limits the expansion of QAI's recognition to testing and certification of products for demonstration of conformance to the test standards listed in Table 1 below.

TABLE 1—LIST OF APPROPRIATE TEST STANDARDS FOR INCLUSION IN QAI'S NRTL SCOPE OF RECOGNITION
