

E. Sunset Date

The HELP Rural Communities Act contemplates a process of up to 240 days for each application, including a minimum of 90 days for public comments. The Bureau will consider any application received before April 8, 2017. The Bureau may, in its discretion, consider an application received on or after April 8, 2017, if it determines that it is possible to complete the designation decision process for that application by the sunset date, based on the time remaining, the complexity of the application, and any other relevant factors. The Bureau will notify the applicant if it determines that it cannot complete the application process, in which case the Bureau shall not consider the application nor publish the application in the **Federal Register** as described above in part VII.B.

Dated: February 26, 2016.

Richard Cordray,

Director, Bureau of Consumer Financial Protection.

BILLING CODE 4810-AM-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2015-3108; **Airspace**
Docket No. 12-AAL-15]

Establishment of Class E Airspace, South Naknek, AK

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action establishes Class E airspace extending upward from 700 feet above the surface at South Naknek NR 2 Airport, South Naknek, AK, to accommodate new Area Navigation (RNAV) Global Positioning System (GPS) standard instrument approach procedures developed for the airport.

DATES: Effective 0901 UTC, May 26, 2016. The Director of the Federal Register approves this incorporation by reference action under Title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

ADDRESSES: FAA Order 7400.9Z, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at http://www.faa.gov/air_traffic/publications/. For further information, you can contact the

Airspace Policy Group, Federal Aviation Administration, 800 Independence Avenue SW., Washington, DC 29591; telephone: 202-267-8783. The Order is also available for inspection at the National Archives and Records Administration (NARA). For information on the availability of FAA Order 7400.9Z at NARA, call 202-741-6030, or go to http://www.archives.gov/federal-register/code-of-federal-regulations/ibr_locations.html.

FAA Order 7400.9, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

FOR FURTHER INFORMATION CONTACT:

Richard Roberts, Federal Aviation Administration, Operations Support Group, Western Service Center, 1601 Lind Avenue SW., Renton, WA 98057; telephone (425) 203-4517.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it establishes controlled airspace at South Naknek NR 2 Airport, South Naknek, AK.

History

On November 24, 2015, the FAA published in the **Federal Register** a notice of proposed rulemaking (NPRM) to establish Class E airspace extending upward from 700 feet above the surface at South Naknek NR 2 Airport, South Naknek, AK. (80 FR 73150) FAA-2015-3108. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received.

Class E airspace designations are published in paragraph 6005 of FAA Order 7400.9Z, dated August 6, 2015, and effective September 15, 2015, which is incorporated by reference in 14 CFR part 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order 7400.9Z, Airspace Designations and Reporting Points, dated August 6, 2015, and effective September 15, 2015. FAA Order 7400.9Z is publicly available as listed in the **ADDRESSES** section of this document. FAA Order 7400.9Z lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Rule

This amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 establishes Class E airspace extending upward from 700 feet above the surface within a 6.5-mile radius of the South Naknek NR 2 Airport, South Naknek, AK. This airspace is established to accommodate new Area Navigation (RNAV) Global Positioning System (GPS) standard instrument approach procedures developed for the airport.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures," paragraph 5-6.5a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

Lists of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

- 1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

- 2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.9Z, Airspace Designations and Reporting Points, dated August 6, 2015, and effective September 15, 2015, is amended as follows:

Paragraph 6005 Class E Airspace Areas Extending Upward From 700 Feet or More Above the Surface of the Earth

* * * * *

AAL AK E5 South Naknek, AK [New]

South Naknek NR 2 Airport, Alaska
(Lat. 58°42'08" N., long. 157°00'09" W.)

That airspace extending upward from 700 feet above the surface within a 6.5-mile radius of South Naknek NR 2 Airport.

Issued in Seattle, Washington, on February 19, 2016.

Christopher Ramirez,

Manager, Operations Support Group, Western Service Center.

BILLING CODE 4910–13–P

DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration****14 CFR Part 71**

[Docket No. FAA–2015–7485; Airspace Docket No. 15–AGL–25]

Amendment of Class D and Class E Airspace; Minot, ND

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule, correction.

SUMMARY: This action amends a final rule published in the **Federal Register** of February 4, 2016, amending Class E surface area airspace and Class E airspace designated as an extension at Minot International Airport, Minot, ND. Adjustment of the geographic coordinates of Minot International Airport and Minot AFB in Class D airspace, and Minot International Airport, Minot Very High Frequency

Omnidirectional Range Tactical Air Navigation (VORTAC), and Minot AFB, in Class E airspace extending upward from 700 feet above the surface, are added to the rule. The Title is also amended to include Class D airspace. This does not change the boundaries or operating requirements of the airspace.

DATES: Effective 0901 UTC, March 31, 2016. The Director of the Federal Register approves this incorporation by reference action under Title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

ADDRESSES: FAA Order 7400.9Z, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at http://www.faa.gov/air_traffic/publications/. For further information, you can contact the Airspace Policy Group, Federal Aviation Administration, 800 Independence Avenue SW., Washington, DC, 29591; telephone: 202–267–8783. The Order is also available for inspection at the National Archives and Records Administration (NARA). For information on the availability of FAA Order 7400.9Z at NARA, call 202–741–6030, or go to http://www.archives.gov/federal_register/code_of_federal_regulations/ibr_locations.html.

FAA Order 7400.9, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

FOR FURTHER INFORMATION CONTACT: Jeffrey Claypool, Federal Aviation Administration, Operations Support Group, Central Service Center, 10101 Hillwood Parkway, Fort Worth, TX, 76177; telephone (817) 222–5711.

SUPPLEMENTARY INFORMATION:**History**

The **Federal Register** published a final rule amending Class E airspace at Minot International Airport, Minot, ND (81 FR 5903, February 4, 2016) Docket No. FAA–2015–7485. Subsequent to publication, the FAA found in amending the airport reference point for the airports and VORTAC, additional existing controlled airspace was inadvertently omitted from the rule. This action adds adjustment of the geographic coordinates in Class D airspace and Class E airspace extending upward from 700 feet above the surface for the Minot, ND, area.

Correction to Final Rule

Accordingly, pursuant to the authority delegated to me, in the **Federal Register** of February 4, 2016 (81 FR 5903) FR Doc. 2016–02036,

Amendment of Class E Airspace, Minot, ND, is corrected as follows:

§ 71.1 [Amended]

- On page 5905, column 1, after line 6, add the following text:

Paragraph 5000 Class D Airspace.

* * * * *

AGL ND D Minot, ND [Corrected]

Minot International Airport, ND
(Lat. 48°15'28" N., long. 101°16'41" W.)

That airspace extending upward from the surface to and including 4,200 feet MSL within a 4.2-mile radius of the Minot International Airport. This Class D airspace area is effective during the specific dates and times established in advance by a Notice to Airman. The effective date and time will thereafter be continuously published in the Airport/facility Directory.

AGL ND D Minot, ND [Corrected]

Minot Air Force Base, ND
(Lat. 48°24'57" N., long. 101°21'29" W.)

That airspace extending upward from the surface to and including 4,200 feet MSL within a 5.6-mile radius of Minot AFB. This Class D airspace area is effective during the specific dates and times established in advance by a Notice to Airman. The effective date and time will thereafter be continuously published in the Airport/facility Directory.

Paragraph 6005 Class E Airspace Areas Extending Upward From 700 Feet or More Above the Surface of the Earth.

* * * * *

AGL ND E5 Minot, ND [Corrected]

Minot AFB, ND
(Lat. 48°24'57" N., long. 101°21'29" W.)
Deering TACAN
(Lat. 48°24'55" N., long. 101°21'58" W.)
Minot International Airport, ND
(Lat. 48°15'28" N., long. 101°16'41" W.)
Minot VORTAC
(Lat. 48°15'37" N., long. 101°17'13" W.)

That airspace extending upward from 700 feet above the surface within a 7.1-mile radius of Minot AFB, and within 1.5 miles each side of the Deering TACAN 312° radial extending from the 7.1-mile radius of the AFB to 9.3 miles northwest of the AFB, and that airspace within a 7-mile radius of Minot International Airport, and within 4.8 miles each side of the Minot VORTAC 138° radial extending from the 7-mile radius of Minot International Airport to 12.1 miles southeast of the VORTAC; and that airspace extending upward from 1,200 feet above the surface within a 47-mile radius of Minot AFB, excluding the area north of latitude 49°00'00" N.

Issued in Fort Worth, Texas, on February 18, 2016.

Walter Tweedy,

Acting Manager, Operations Support Group, ATO Central Service Center.
