**SUMMARY:** The Department of Energy (DOE) has submitted an information collection request to the OMB for extension under the provisions of the Paperwork Reduction Act of 1995. The information collection requests a three-year extension of its Human Reliability Program (HRP), OMB Control Number 1910-5122. This information collection consists of forms that will certify to DOE that respondents were advised of the requirements for occupying or continuing to occupy an HRP position. The forms include: Human Reliability Program Certification (DOE F 470.3), Acknowledgement and Agreement to Participate in the Human Reliability Program (DOE F 470.4), Authorization and Consent to Release Human Reliability Program (HRP) Records in Connection with HRP (DOE F 470.5), Refusal of Consent (DOE F 470.6), and Human Reliability Program (HRP) Alcohol Testing Form (DOE F 470.7). The HRP is a security and safety reliability program for individuals who apply for or occupy certain positions that are critical to the national security. It requires an initial and annual supervisory review, medical assessment, management evaluation, and a DOE personnel security review of all applicants or incumbents. accidental or unauthorized detonation of nuclear explosives.

### Federal Energy Regulatory Commission

[Docket No. CP13-499-000]

### Constitution Pipeline; Company, LLC; Notice Rejecting Request for Emergency Motion for Suspension of Non-Mechanical Tree Felling

On February 25, 2016, Megan Holleran filed an emergency motion pursuant to Rule 212 of the Commission's Rules of Practice and Procedure<sup>1</sup> requesting that the Commission require Constitution Pipeline Company, LLC (Constitution) to suspend all non-mechanical tree felling activities on her family's Pennsylvania property<sup>2</sup> pending review of a federal court order (attached to the motion as Exhibit B) in an eminent domain proceeding enjoining certain protest activities. Ms. Holleran asserts that the court order has the effect of expanding the easement area for tree felling beyond the boundaries approved by the Commission and provides a basis for the Commission to reconsider the effects of tree felling activities and/or its issuance of a Certificate of Public Convenience and Necessity to Constitution.

Issues related to the acquisition of property rights by a pipeline under the eminent domain provisions of section 7(h) of the NGA are matters for the applicable state or federal court. Since the Commission has no responsibility or jurisdiction over these matters, the subject motion is rejected.

This notice constitutes final agency action. Requests for rehearing by the Commission of this notice must be filed within 30 days of its issuance, as provided in section 19(a) of the Natural Gas Act,<sup>3</sup> and the Commission's Rules of Practice and Procedure.<sup>4</sup>

Dated: March 1, 2016.
