

form that is used for market-based and site-based licensing for wireless telecommunications services, including public safety licenses, which are filed through the Commission's Universal Licensing System (ULS). FCC Form 601 is composed of a main form that contains administrative information and a series of schedules used for filing technical and other information. This form is used to apply for a new license, to amend or withdraw a pending application, to modify or renew an existing license, cancel a license, request a duplicate license, submit required notifications, request an extension of time to satisfy construction requirements, or request an administrative update to an existing license (such as mailing address change), request a Special Temporary Authority or Developmental License. Respondents are encouraged to submit FCC Form 601 electronically and are required to do so when submitting FCC Form 601 to apply for an authorization for which the applicant was the winning bidder in a spectrum auction.

The data collected on FCC Form 601 includes the FCC Registration Number (FRN), which serves as a "common link" for all filings an entity has with the FCC. The Debt Collection Improvement Act of 1996 requires entities filing with the Commission use an FRN.

On July 20, 2015, the Commission released the *Part 1 R&O* in which it updated many of its Part 1 competitive bidding rules (See *Updating Part 1 Competitive Bidding Rules; Expanding the Economic and Innovation Opportunities of Spectrum Through Incentive Auctions; Petition of DIRECTV Group, Inc. and EchoStar LLC for Expedited Rulemaking to Amend Section 1.2105(a)(2)(xi) and 1.2106(a) of the Commission's Rules and/or for Interim Conditional Waiver; Implementation of the Commercial Spectrum Enhancement Act and Modernization of the Commission's Competitive Bidding Rules and Procedures*, Report and Order, Order on Reconsideration of the First Report and Order, Third Order on Reconsideration of the Second Report and Order, and Third Report and Order, FCC 15–80, 30 FCC Rcd 7493 (2015), modified by *Erratum*, 30 FCC Rcd 8518 (2015) (*Part 1 R&O*)). Of relevance to the information collection at issue here, the Commission: (1) Implemented a new general prohibition on the filing of auction applications by entities controlled by the same individual or set of individuals (but with a limited exception for qualifying rural wireless partnerships); (2) modified the

eligibility requirements for small business benefits, and updated the standardized schedule of small business sizes, including the gross revenues thresholds used to determine eligibility; (3) established a new bidding credit for eligible rural service providers; (4) adopted targeted attribution rules to prevent the unjust enrichment of ineligible entities; and (5) adopted rules prohibiting joint bidding arrangements with limited exceptions. The updated Part 1 rules apply to applicants seeking licenses and permits.

Additionally, on June 2, 2014 the Commission released the *Mobile Spectrum Holdings R&O*, in which the Commission updated its spectrum screen and established rules for its upcoming auctions of low-band spectrum. Of relevance to the information collection at issue here, the Commission stated that it could reserve spectrum in order to ensure against excessive concentration in holdings of below-1-GHz spectrum (*In the Matter of Policies Regarding Mobile Spectrum Holdings, Expanding the Economic and Innovation Opportunities of Spectrum Through Incentive Auctions*, FCC 14–63, Report and Order, 29 FCC Rcd 6133, 90 ¶ 135 (2014) (*Mobile Spectrum Holdings R&O*). See also *Application Procedures for Broadcast Incentive Auction Scheduled to Begin on March 29, 2016; Technical Formulas for Competitive Bidding*, Public Notice, 30 FCC Rcd 11034, Appendix 3 (WTB 2015); *Wireless Telecommunications Bureau Releases Updated List of Reserve-Eligible Nationwide Service Providers in each PEA for the Broadcast Incentive Auction*, Public Notice, AU No. 14–252 (WTB 2016).

The Commission seeks approval for revisions to its previously approved collection of information under OMB Control Number 3060–0798 to permit the collection of the additional information for Commission licenses and permits, pursuant to the rules and information collection requirements adopted by the Commission in the *Part 1 R&O* and the *Mobile Spectrum Holdings R&O*. As part of the collection, the Commission is seeking approval for the information collection and recordkeeping requirements associated with 47 CFR 1.2210(j), 1.2112(b)(2)(iii), 1.2112(b)(2)(v), 1.2112(b)(2)(vii), and 1.2112(b)(2)(viii). Also, in certain circumstances, the Commission requires the applicant to provide copies of their agreements and/or submit exhibits.

In addition, the Commission seeks approval for various other, non-substantive editorial/consistency edits and updates to FCC Form 601 that correct inconsistent capitalization of

words and other typographical errors, and better align the text on the form with the text in the Commission rules both generally and in connection with recent non-substantive, organizational amendments to the Commission's rules.

The Commission therefore seeks approval for a revision to its currently approved information collection on FCC Form 601 to revise FCC Form 601 accordingly.

Federal Communications Commission.

Marlene H. Dortch,

Secretary, Office of the Secretary.
