

attend the meeting and participate in Committee deliberations on all issues. Like all Committee meetings, the December 9, 2015, meeting was a public meeting and all entities, both large and small, were able to express views on this issue. Finally, interested persons are invited to submit comments on this proposed rule, including the regulatory and informational impacts of this action on small businesses.

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the order's information collection requirements have been previously approved by the Office of Management and Budget (OMB) and assigned OMB No. 0581-0189 (Generic Fruit Crops). No changes in those requirements as a result of this action are necessary. Should any changes become necessary, they would be submitted to OMB for approval.

This proposed rule would impose no additional reporting or recordkeeping requirements on either small or large Florida avocado handlers. As with all Federal marketing order programs, reports and forms are periodically reviewed to reduce information requirements and duplication by industry and public sector agencies.

AMS is committed to complying with the E-Government Act, to promote the use of the Internet and other information technologies to provide increased opportunities for citizen access to Government information and services, and for other purposes.

USDA has not identified any relevant Federal rules that duplicate, overlap, or conflict with this action.

A small business guide on complying with fruit, vegetable, and specialty crop marketing agreements and orders may be viewed at: <http://www.ams.usda.gov/rules-regulations/moa/small-businesses>. Any questions about the compliance guide should be sent to Antoinette Carter at the previously-mentioned address in the **FOR FURTHER INFORMATION CONTACT** section.

A 30-day comment period is provided to allow interested persons to respond to this proposed rule. Thirty days is deemed appropriate because: (1) The 2016-17 fiscal period begins on April 1, 2016, and the marketing order requires that the rate of assessment for each fiscal period apply to all assessable avocados handled during such fiscal period; (2) the Committee needs to have sufficient funds to pay its expenses which are incurred on a continuous basis; and (3) handlers are aware of this action which was recommended by the Committee at a public meeting and is similar to other assessment rate actions issued in past years.

List of Subjects in 7 CFR Part 915

Avocados, Marketing agreements, Reporting and recordkeeping requirements.

For the reasons set forth in the preamble, 7 CFR part 915 is proposed to be amended as follows:

PART 915—AVOCADOS GROWN IN SOUTH FLORIDA

■ 1. The authority citation for 7 CFR part 915 continues to read as follows:

Authority: 7 U.S.C. 601-674.

■ 2. Section 915.235 is revised to read as follows:

§ 915.235 Assessment rate.

On and after April 1, 2016, an assessment rate of \$0.35 per 55-pound container or equivalent is established for avocados grown in South Florida.

Dated: March 10, 2016.

Elanor Starmer,

Acting Administrator, Agricultural Marketing Service.

[Doc. No. AMS-LPS-15-0042]

Egg Research and Promotion: Updates to Patents, Copyrights, Trademarks, and Information Provisions

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Proposed rule.

SUMMARY: This proposed rule would update the Patents, Copyrights, Trademarks, and Information Language (IP) of the Egg Research and Promotion Rules and Regulations (Regulations). The proposed amendment would model current commodity research and promotion program orders created under the Commodity Promotion, Research, and Information Act of 1996.

DATES: Comments must be received by May 16, 2016.

FOR FURTHER INFORMATION CONTACT: Kenneth R. Payne, Research and Promotion Division; Livestock, Poultry, and Seed Program; AMS, USDA; 1400 Independence Avenue SW., Room 2096-S; Washington, DC 20250; telephone: (202) 720-5705; fax (202) 720-1125; or email: Kenneth.Payne@ams.usda.gov.

SUPPLEMENTARY INFORMATION:

Executive Order 12866

The Office of Management and Budget (OMB) has waived the review process required by Executive Order 12866 for this action.

Executive Order 12988

This proposed rule was reviewed under Executive Order 12988, Civil Justice Reform. It is not intended to have a retroactive effect. This action would not preempt any State or local laws, regulations, or policies unless they present an irreconcilable conflict with this proposed rule. The Egg Research and Consumer Information Act (Act), 7 U.S.C. 2701 *et seq.*, provides that administrative proceedings be filed before parties may consider suit in court. Under section 14 of the Act, 7 U.S.C. 2713, a person subject to the Egg Promotion and Research Order (Order) may file a petition with the U.S. Department of Agriculture (USDA) stating that the Order, any provision of the Order, or any obligation imposed in connection with the Order, is not in accordance with the law and request a modification of the Order or an exemption from the Order. The petitioner is afforded the opportunity for a hearing on the petition. After a hearing, USDA would rule on the petition. The Act provides that district courts of the United States in any district in which such person is an inhabitant, or has their principal place of business, has jurisdiction to review USDA's ruling on the petition, if a complaint for this purpose is filed within 20 days after the date of the entry of the ruling.

Regulatory Flexibility Act

In accordance with the Regulatory Flexibility Act (RFA) [5 U.S.C. 601-612], the Agricultural Marketing Service (AMS) has determined that this rule will not have a significant economic impact on a substantial number of small entities as defined by RFA. The purpose of RFA is to fit regulatory action to scale on businesses subject to such action so that small businesses will not be disproportionately burdened. As such, these changes will not impose a significant impact on persons subject to the program.

According to the American Egg Board (Board), around 181 producers are subject to the provisions of the Order, including paying assessments. Under the current Order, producers in the 48 contiguous United States and the District of Columbia who own more than 75,000 laying hens each currently pay a mandatory assessment of 10 cents per 30-dozen case of eggs. Handlers are

responsible for collecting and remitting assessments to the Board. There are approximately 138 egg handlers who collect assessments. Assessments under the program are used by the Board to finance promotion, research, and consumer information programs designed to increase consumer demand for eggs in domestic and international markets.

In 13 CFR part 121, the Small Business Administration (SBA) defines small agricultural producers as those having annual receipts of no more than \$750,000 and small agricultural service firms as those having annual receipts of no more than \$7 million. Under this definition, the vast majority of the egg producers that would be affected by this rulemaking would not be considered small entities. Producers owning 75,000 or fewer laying hens are eligible to be exempt from this program. This rulemaking does not impose additional recordkeeping requirements on egg producers or collecting handlers. There are no federal rules that duplicate, overlap, or conflict with this proposed rule.

Paperwork Reduction Act

In accordance with OMB regulation 5 CFR part 1320, which implements the Paperwork Reduction Act of 1995 [44 U.S.C. Chapter 35], the information collection and recordkeeping requirements that are imposed by the Order and Rules and Regulations have been approved previously under OMB control number 0581-0093. This proposed rule does not result in a change to those information collection and recordkeeping requirements.

Background

The Act established a national egg research and promotion program—administered by the Board—that is financed through industry assessments and subject to oversight by USDA's Agricultural Marketing Service. This program of promotion, research, and consumer information is designed to strengthen the position of eggs in the marketplace and to establish, maintain, and expand markets for eggs.

Under the current Regulations initially established in 1976, any IP financed by assessment funds or other revenues of the Board shall become property of the U.S. Government as represented by the Board. The language does not allow for alternative ownership arrangements. In addition, there is no explicit allowance for alternative ownership arrangements in cases where the Board is not providing all of the funding for a project. The current language in the Regulation has made

negotiating contracts for shared ownership of IP rights with research entities difficult and in some cases impossible. Specifically, a majority of university policies typically reflect a requirement for the university to own any IP created under research projects they conduct, even if the project is funded with outside money. These university policies have made it difficult for the Board to contract with universities for research due to the IP ownership requirements contained in the Regulation. As a result, USDA is proposing to amend § 1250.542 of the Regulations to incorporate language utilized by research and promotion boards created under the Commodity Promotion, Research, and Information Act of 1996, 7 U.S.C. 7411 *et seq.*, that would provide the Board with some flexibility in negotiating the ownership of IP rights.

The research and promotion boards created under the Commodity Promotion, Research and Information Act of 1996 have utilized the language proposed herein to negotiate IP ownership rights to effectively expend assessment funds to promote agricultural commodities. Currently, the Regulations state that IP accruing from work funded by the Board shall become property of the U.S. Government as represented by the Board and that IP may be licensed subject to approval by the Secretary of Agriculture (Secretary). This proposed rule would change the language to allow that ownership of any IP developed during a project funded by the Board to be determined by agreement between the Board and another party, which will provide the Board with the flexibility it needs to negotiate contracts for projects that may involve IP rights.

List of Subjects in 7 CFR Part 1250

Administrative practice and procedure, Advertising, Agricultural research, Eggs and egg products, Reporting and recordkeeping requirements.

For the reasons set forth in the preamble, it is proposed that 7 CFR part 1250 be amended as follows:

PART 1250—EGG RESEARCH AND PROMOTION

■ 1. The authority citation of 7 CFR part 1250 continues to read as follows:

Authority: 7 U.S.C. 2701–2718 and 7 U.S.C. 7401.

■ 2. Revise § 1250.542 to read as follows:

§ 1250.542 Patents, copyrights, inventions, trademarks, information, publications, and product formulations.

(a) Any patents, copyrights, inventions, trademarks, information, publications, or product formulations developed through the use of funds collected by the Board under the provisions of this subpart shall be the property of the U.S. Government, as represented by the Board, and shall, along with any rents, royalties, residual payments, or other income from the rental, sales, leasing, franchising, or other uses of such patents, copyrights, inventions, trademarks, information, publications, or product formulations, inure to the benefit of the Board; shall be considered income subject to the same fiscal, budget, and audit controls as other funds of the Board; and may be licensed subject to approval by the Secretary. Upon termination of this subpart, § 1250.358 shall apply to determine disposition of all such property.

(b) Should patents, copyrights, inventions, trademarks, information, publications, or product formulations be developed through the use of funds collected by the Board under this subpart and funds contributed by another organization or person, ownership and related rights to such patents, copyrights, inventions, trademarks, information, publications, or product formulations shall be determined by agreement between the Board and the party contributing funds towards the development of such patents, copyrights, inventions, trademarks, information, publications, or product formulations in a manner consistent with paragraph (a) of this section.

Dated: March 10, 2016.

Elanor Starmer,

Acting Administrator.
