

approaches. The CSAC is composed of 10 members who serve as Regular Government Employees (RGEs) or Special Government Employees (SGEs). A copy of the CSAC charter is available on the EPA Web site and in the docket.

B. Public Meeting

During the meeting scheduled for May 24–26, 2016, the CSAC will focus on the external peer review of the draft document entitled, “TSCA Work Plan Chemical Risk Assessment 1-bromopropane (n-Propyl Bromide): Spray adhesives, dry cleaning, and degreasing uses (CASRN: 106–94–5).” The assessment will focus on uses of 1-bromopropane in commercial (*i.e.*, vapor degreasing, spray adhesives, and dry cleaning) and consumer applications (*i.e.*, aerosol solvent cleaners and spray adhesives). Given the range of endpoints (*i.e.*, cancer, non-cancer; the latter includes potential effects on the developing fetus and adults of both sexes), susceptible populations are expected to include adults (including pregnant women) in commercial uses and children (as bystanders) and adults of all ages (including pregnant women) for consumer uses. Thus, the assessment will focus on all humans/lifestages. The CSAC will be charged with reviewing the scientific and technical merit of the draft 1-bromopropane risk assessment focusing exclusively on the scientifically relevant issues pertinent to the assessment.

C. CSAC Documents and Meeting Minutes

EPA’s background paper, related supporting materials, charge/questions to CSAC, CSAC composition (*i.e.*, members and subcommittee members for this meeting), and the meeting agenda will be available approximately 4 weeks prior to the meeting. In addition, the Agency may provide additional background documents as the materials become available. You may obtain electronic copies of these documents, and certain other related documents that might be available at <http://www.regulations.gov> and the Web site at <http://www.epa.gov/sap>.

CSAC will prepare meeting minutes summarizing its recommendations to the Agency approximately 90 days after the meeting. The meeting minutes will be posted to the Web site at <http://www.epa.gov/sap> or may be obtained from the OPPT Docket at <http://www.regulations.gov>.

Authority: 5 U.S.C. App. 2 § 9(c).

Dated: February 26, 2016.

David J. Dix,

Director, Office of Science Coordination and Policy.
