

approaches. The CSAC is composed of 10 members who serve as Regular Government Employees (RGEs) or Special Government Employees (SGEs). A copy of the CSAC charter is available on the EPA Web site and in the docket.

B. Public Meeting

During the meeting scheduled for May 24–26, 2016, the CSAC will focus on the external peer review of the draft document entitled, “TSCA Work Plan Chemical Risk Assessment 1-bromopropane (n-Propyl Bromide): Spray adhesives, dry cleaning, and degreasing uses (CASRN: 106–94–5).” The assessment will focus on uses of 1-bromopropane in commercial (*i.e.*, vapor degreasing, spray adhesives, and dry cleaning) and consumer applications (*i.e.*, aerosol solvent cleaners and spray adhesives). Given the range of endpoints (*i.e.*, cancer, non-cancer; the latter includes potential effects on the developing fetus and adults of both sexes), susceptible populations are expected to include adults (including pregnant women) in commercial uses and children (as bystanders) and adults of all ages (including pregnant women) for consumer uses. Thus, the assessment will focus on all humans/lifestages. The CSAC will be charged with reviewing the scientific and technical merit of the draft 1-bromopropane risk assessment focusing exclusively on the scientifically relevant issues pertinent to the assessment.

C. CSAC Documents and Meeting Minutes

EPA’s background paper, related supporting materials, charge/questions to CSAC, CSAC composition (*i.e.*, members and subcommittee members for this meeting), and the meeting agenda will be available approximately 4 weeks prior to the meeting. In addition, the Agency may provide additional background documents as the materials become available. You may obtain electronic copies of these documents, and certain other related documents that might be available at <http://www.regulations.gov> and the Web site at <http://www.epa.gov/sap>.

CSAC will prepare meeting minutes summarizing its recommendations to the Agency approximately 90 days after the meeting. The meeting minutes will be posted to the Web site at <http://www.epa.gov/sap> or may be obtained from the OPPT Docket at <http://www.regulations.gov>.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Submission for OMB Review; Comment Request

Title: Multi-Site Evaluation of Project LAUNCH

OMB No.: 0970-0373.

Description: The Administration for Children and Families (ACF), U.S. Department of Health and Human Services, is planning to collect data for the multi-site evaluation (MSE) of Project LAUNCH (Linking Actions for Unmet Needs in Children's Health). Project LAUNCH is intended to promote healthy development and wellness in children from birth to eight years of age. Project LAUNCH grantees are funded by the Substance Abuse and Mental Health Services Administration (SAMHSA) to improve coordination among child-serving systems, enhance systems coordination, integrate child behavioral health services with other health services, and implement evidence-based programs to address children's healthy development.

The Project LAUNCH MSE seeks to determine the impact of the combined LAUNCH services and strategies on child, family, and systems level outcomes. Data for the MSE will be collected through several mechanisms. First, all LAUNCH grantees will submit semi-annual reports through a web-based data entry system. Second, Project LAUNCH grantees will be systematically sampled to include 10 LAUNCH non-tribal sites and 10 matched comparison communities will be recruited to participate in data collection efforts. Within each site, 2 elementary schools and 4 early childhood education (ECE) centers will be selected as data collection sites. Data collected from this sample of LAUNCH and comparison communities will include:
