Submission for OMB Review; 30-Day Comment Request; NIH Information Collection Forms To Support Genomic Data Sharing for Research Purposes (OD)

Summary: Under the provisions of Section 3507(a)(1)(D) of the Paperwork Reduction Act of 1995, the National Institutes of Health (NIH), has submitted

to the Office of Management and Budget (OMB) a request for review and approval of the information collection listed below. This proposed information collection was previously published in the **Federal Register** on December 1, 2015, page 75120 and allowed 60 days for public comment. A public comment was received. The purpose of this notice is to allow an additional 30 days for public comment. The Office of the Director (OD), National Institutes of Health, may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented on or after October 1, 1995, unless it displays a currently valid OMB control number.

Direct Comments to OMB: Written comments and/or suggestions regarding the item(s) contained in this notice, especially regarding the estimated public burden and associated response time, should be directed to the: Office of Management and Budget, Office of Regulatory Affairs, OIRA_submission@omb.eop.gov or by fax to 202-395-6974, Attention: NIH Desk Officer.

Comment Due Date: Comments regarding this information collection are best assured of having their full effect if received within 30 days of the date of this publication.

For Further Information Contact: To obtain a copy of the data collection plans and instruments, or request more information on the proposed project, contact: Dina Paltoo, Office of Science Policy, 6705 Rockledge Drive or call non-toll-free number (301) 496-9838 or Email your request, including your address to: GDS@mail.nih.gov. Formal requests for additional plans and instruments must be requested in writing.

Proposed Collection: Forms to Support Genomic Data Sharing for Research Purposes, 0925-0670, Expiration Date 03/31/2016—REVISION, Office of the Director, OD, National Institutes of Health (NIH).

Need and Use of Information Collection: Sharing research data supports the NIH mission and is essential to facilitate the translation of research results into knowledge, products, and procedures that improve human health. The NIH has longstanding policies to make a broad range of research data, including genomic data, publicly available in a timely manner from the research activities that it funds. Genomic research data sharing is an integral element of the NIH mission as it facilitates advances in our understanding of factors that influence health and disease, while also providing
