The November 3, 2015 Presidential Memorandum: Mitigating Impacts on Natural Resources from Development and Encouraging Related Private Investment directs the Forest Service "to avoid and then minimize harmful effects to land, water, wildlife, and other ecological resources (natural resources) caused by land- or water-disturbing activities, and to ensure that any remaining harmful effects are effectively addressed, consistent with existing mission and legal authorities." To that end, the Memorandum instructs the Agency to "adopt a clear and consistent approach for avoidance and minimization of, and compensatory mitigation for, the impacts of their activities and the projects they approve" through directives and a regulation.

The Memorandum will be implemented by the Forest Service initially through an agency regulation addressing adverse impacts on natural resources through avoiding and minimizing impact, and then compensating for those impacts that do occur to important or sensitive resources. The objective of these efforts
