OMB Control Number: 2539-0009.

Type of Request: Revision of a currently approved collection.

Form Number: None.

Description of the need for the information and proposed use: Provision of a pamphlet on lead poisoning prevention to tenants and purchasers, provision of a notice to occupants on the results of hazard evaluation and hazard reduction activities, special reporting requirements for a child with an

environmental intervention blood lead level residing in the unit, and record keeping and periodic summary reporting requirements.

Respondents: Residential property owners, housing agencies, Federal grantees, tribally designated housing entities or participating jurisdictions.

The revised hour burden estimates are presented in the table below. (These labor rates have been escalated by 3% from 2013 based on the Census Bureau’s constant quality housing construction price index, since the work is in the housing trades.)
