

reviewed the WSDOT's proposed monitoring and mitigation measures and determined that with the implementation of these measures, ESA-listed species would not be affected. Therefore, WCRO concurs that section 7 consultation under the ESA is not warranted for the issuance of the IHA.

National Environmental Policy Act (NEPA)

NMFS prepared an Environmental Assessment (EA) and analyzed the potential impacts to marine mammals that would result from WSDOT's Coupeville Timber Tower preservation project. A Finding of No Significant Impact (FONSI) was signed in March 2016. A copy of the EA and FONSI is available on the internet at: <http://www.nmfs.noaa.gov/pr/permits/incidental/> (see ADDRESSES).

Authorization

As a result of these determinations, NMFS has issued an IHA to WSDOT for the harassment of small numbers of 10 marine mammal species incidental to the construction work associated to the Coupeville Timber Tower preservation project in Washington State, provided the previously mentioned mitigation, monitoring, and reporting requirements are incorporated.

SUPPLEMENTARY INFORMATION: The Commerce Spectrum Management Advisory Committee has been established and chartered by the Department of Commerce under the Federal Advisory Committee Act (FACA), 5 U.S.C. App. 2, and pursuant to section 105(b) of the National Telecommunications and Information Administration Organization Act, as amended, 47 U.S.C. 904(b). The Department of Commerce re-chartered the CSMAC on March 3, 2015, for a two-year period. The CSMAC advises the Assistant Secretary of Commerce for Communications and Information on a broad range of issues regarding spectrum policy. In particular, the current charter provides that the committee will provide advice and recommendations on needed reforms to domestic spectrum policies and management in order to: License radio frequencies in a way that maximizes their public benefit; keep wireless networks as open to innovation as possible; and make wireless services available to all Americans. The CSMAC functions solely as an advisory body in compliance with the FACA. Additional information about the CSMAC and its activities may be found at <http://www.ntia.doc.gov/category/csmac>.

Under the terms of the committee's charter, it will have no fewer than five (5) members and no more than thirty (30) members. The members serve on the CSMAC in the capacity of Special Government Employee (SGE). As SGEs, members must comply with certain federal conflict of interest statutes and ethics regulations, including some financial disclosure requirements. Members will not receive compensation or reimbursement for travel or for per diem expenses. No member may be a registered federal lobbyist pursuant to the Lobbying Disclosure Act of 1995 (*codified at 2 U.S.C. 1601 et seq.*). The Secretary of Commerce appoints members of the committee who serve at the Secretary's pleasure and discretion for up to a two-year term and may be reappointed for additional terms. NTIA currently seeks applicants for new two-year terms that will commence in August 2016 and continue through August 2018, subject to the anticipated timely renewal of the committee's charter or its termination by proper authority.

The committee's membership will be fairly balanced in terms of the points of view represented by members and the functions to be performed. Accordingly, its membership will reflect a balanced cross-section of interests in spectrum management and policy, including non-federal spectrum users; state, regional, and local sectors; technology developers and manufacturers; academia; civil society; and service providers with customers in both domestic and international markets. A description of factors that will be considered to determine each applicant's expertise is contained in the committee's Membership Balance Plan (*available at http://www.ntia.doc.gov/other-publication/2013/csmac-membership-balance-plan*).

In particular, NTIA seeks applicants with strong technical and engineering knowledge and experience, familiarity with commercial or private wireless technologies and associated businesses, or expertise with specific applications of wireless technologies. The Secretary may consider factors including, but not limited to, educational background, past work or academic accomplishments, and the industry sector in which a member is currently or previously employed. All appointments are made without discrimination on the basis of age, ethnicity, gender, sexual orientation, disability, cultural, religious, or socioeconomic status.

Each application must include the applicant's full name, address, telephone number and email address, along with a summary of the applicant's qualifications that identifies, with specificity, how his or her education, training, experience, expertise, or other factors would support the CSMAC's work and how his or her participation would help achieve the balance factors described above. Each application must

also include a detailed resume or *curriculum vitae*.
