

Executive Order 12630, Governmental Actions and Interference With Constitutionally Protected Property Rights (Takings)

These interim final supplementary rules do not represent a Government action capable of interfering with constitutionally protected property rights. The interim final supplementary rules do not address property rights in any form and do not cause the impairment of anyone's property rights. Therefore, the Department of the Interior has determined that these interim final supplementary rules do not cause a taking of private property or require further discussion of takings implications under this Executive Order.

Executive Order 13132, Federalism

These interim final supplementary rules will not have a substantial, direct effect on the states, on the relationship between the Federal Government and the states, or on the distribution of power and responsibilities among the various levels of government. These interim final supplementary rules apply in only one state, Oregon, and do not address jurisdictional issues involving the Oregon State government. Therefore, in accordance with Executive Order 13132, the BLM has determined that these interim final supplementary rules do not have sufficient Federalism implications to warrant preparation of a Federalism Assessment.

Executive Order 12988, Civil Justice Reform

Under Executive Order 12988, the Oregon/Washington State Office of the BLM has determined that these interim final supplementary rules do not unduly burden the judicial system and that the rule meets the requirements of sections 3(a) and 3(b)(2) of the Order.

Executive Order 13175, Consultation and Coordination With Indian Tribal Governments

In accordance with Executive Order 13175, we have found that these interim final supplementary rules do not include policies that have tribal implications. Since these interim final supplementary rules do not change BLM policy and do not involve Indian reservation lands or resources, we have determined that the government-to-government relationships remain unaffected. These interim final supplementary rules only prohibit camping longer than 24 hours in any 14-day period.

Executive Order 13352, Facilitation of Cooperative Conservation

Under Executive Order 13352, the Oregon/Washington State Office of the BLM has determined that these interim final supplementary rules will not impede the facilitation of cooperative conservation. These interim final supplementary rules will take appropriate account of and consider the interests of persons with ownership or other legally recognized interests in land or other natural resources; properly accommodate local participation in the Federal decision-making process; and provide that the programs, projects, and activities are consistent with protecting public health and safety.

Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use

These interim final supplementary rules do not comprise a significant energy action. These interim final supplementary rules will not have an adverse effect on energy supplies, production, or consumption. The rules only address unauthorized occupancy on public lands and have no connection with energy policy.

Paperwork Reduction Act

These interim final supplementary rules do not contain information collection requirements that the Office of Management and Budget must approve under the Paperwork Reduction Act of 1995, 44 U.S.C. 3501–3521.

Interim Final Supplementary Rules

For the reasons stated in the preamble, and under the authority of 43 CFR 8365.1–6, 43 U.S.C. 1740, and 43 U.S.C. 315a, the State Director establishes interim final supplementary rules for public lands managed by the BLM in Coos County, Oregon, subject to the Coos Bay District Resource Management Plan, to read as follows:

Prohibited Acts

Unless otherwise authorized, the Bureau of Land Management will enforce the following rules on public lands at Bastendorff Beach and the associated headlands within the Umpqua Field Office, Coos Bay District, Oregon:

Camping and Occupancy

1. You must not camp longer than a single stay of up to 24 hours in a 14-day period on public land.
2. After a single stay of up to 24 hours, you must move at least 25 air miles away from the previously occupied site.

Exemptions

The following persons are exempt from these rules: Any Federal, state, or local officer or employee acting within the scope of his/her duties; members of any organized rescue or firefighting force in performance of an official duty; and any person authorized, in writing, by the BLM.

Enforcement

Any person who violates these interim final supplementary rules may be tried before a United States Magistrate and fined in accordance with 18 U.S.C. 3571, imprisoned no more than 12 months under 43 U.S.C. 1733(a) and 43 CFR 8360.0–7, or both. In accordance with 43 U.S.C. 8365.1–7, state or local officials may also impose penalties for violations of Oregon law.

SUPPLEMENTARY INFORMATION:

I. Abstract

The NPS, as delegated by the U.S. Office of Personnel Management (OPM), is authorized to request information to determine suitability of applicants for Federal employment and proposed non-Federal personnel working under contractor and/or agreement who require access to NPS property and/or receive a DOI Access (personal identity verification (PIV)) badge under Executive Orders 10450 and 10577; sections 3301, 3302, and 9101 of Title 5, United States Code (U.S.C.); and parts 2, 5, 731, and 736 of Title 5, Code of Federal Regulations (CFR), and Federal information processing standards. Section 1104 of Title 5 allows OPM to delegate personnel management functions to other Federal agencies.

In line with new regulations mandated by the OPM and the Department of the Interior (DOI), the NPS Personnel Security Branch is utilizing the Electronic Questionnaires for Investigations Processing (E-QIP) System. As a result, electronic submission of the Standard Form 85, for suitability background investigations (NACI), or the Standard Form 85P, for Public Trust, is now required. The DOI and NPS requires all applicants for Federal employment and non-Federal personnel (contractors, partners, etc.) requiring access to NPS property and/or receive a DOI Access PIV badge to be processed for a suitability background investigation, in accordance with Executive Order 10450 and the Homeland Security Presidential Directive (HSPD-12).

The National Park Service will utilize Form 10-955, "Background Initiation Request" to create E-QIP accounts necessary to initiate background investigations for all individuals requiring access to NPS property and/or receive a DOI Access (personal identity verification (PIV)) badge. The OPM and DOI programs initiating background

investigations have published notices in the **Federal Register** describing the systems of records (SORN) in which the records will be maintained.

The information collected via NPS Form 10-955 includes detailed information for each proposed candidate requiring a background clearance, to include:

- Full legal name;
- Social Security Number;
- Date and Place of Birth;

- Email Address;
- Home Address;
- Whether proposed candidate has ever been investigated by another Federal agency; and
- If they were investigated by another Federal agency, they must provide the name of that agency and the date of the investigation.

Additional information required on Form 10-956 for proposed contractors, partners, and other non-Federal candidates includes:
