

**DEPARTMENT OF COMMERCE****National Oceanic and Atmospheric Administration****Notice of Renewal of the Advisory Committee on Commercial Remote Sensing**

**ACTION:** Notice of renewal of the Advisory Committee on Commercial Remote Sensing.

**SUMMARY:** In accordance with the provisions of the Federal Advisory Committee Act, 5 U.S.C. App 2, and the General Services Administration (GSA) rule on Federal Advisory Committee Management, 41 CFR part 101-6, and after consultation with GSA, the Secretary of Commerce has determined that the renewal of the Advisory Committee on Commercial Remote Sensing (ACCRES) is in the public interest in connection with the performance of duties imposed on the Department by law. ACCRES was renewed on March 9, 2016.

**SUPPLEMENTARY INFORMATION:** The Committee was first established in May 2002, to advise the Under Secretary of Commerce for Oceans and Atmosphere on matters relating to the U.S. commercial remote-sensing industry and NOAA's activities to carry out the responsibilities of the Department of Commerce set forth in the National and Commercial Space Programs Act of 2010 (The Act) Title 51 U.S.C. 60101 *et seq.* (formerly the Land Remote Sensing Policy Act of 1992 15 U.S.C. Secs. 5621-5625).

ACCRES will have a fairly balanced membership consisting of approximately 9 to 20 members serving in a representative capacity. All members should have expertise in remote sensing, space commerce or a related field. Additionally, ACCRES may include members from government to assist in providing guidance on regulations and space policy. Each candidate member shall be recommended by the Assistant Administrator and shall be appointed by the Under Secretary for a term of two years at the discretion of the Under Secretary.

The Committee will function solely as an advisory body, and in compliance with provisions of the Federal Advisory Committee Act. Copies of the Committee's revised Charter have been filed with the appropriate committees of the Congress and with the Library of Congress.
