**New England Fishery Management
Council; Public Meeting**

AGENCY: National Marine Fisheries
Service (NMFS), National Oceanic and
Atmospheric Administration (NOAA),
Commerce.

ACTION: Notice of public meeting.

SUMMARY: The New England Fishery
Management Council (Council, NEFMC)
will hold a three-day meeting to
consider actions affecting New England
fisheries in the exclusive economic zone
(EEZ).

DATES: The meeting will be held on
Tuesday, Wednesday and Thursday,
April 19, 20, and 21, 2016. It will start

at 9 a.m. on April 19, and at 8:30 a.m.
on both April 20 and 21.

ADDRESSES: The meeting will be held at
the Mystic Hilton Hotel, 20 Coogan
Boulevard, Mystic, CT 06355;
telephone: (860) 572–0731, or online at
<http://hiltonmystic.com/>.

Council address: New England
Fishery Management Council, 50 Water
Street, Mill 2, Newburyport, MA 01950;
telephone: (978) 465–0492.

FOR FURTHER INFORMATION CONTACT:
Thomas A. Nies, Executive Director,
New England Fishery Management
Council; telephone: (978) 465–0492, ext.
113.

SUPPLEMENTARY INFORMATION:

Agenda

Tuesday, April 19, 2016

After introductions and any
announcements, the Council meeting
will open with brief reports from the
NEFMC Chairman and Executive
Director, the NOAA Regional
Administrator for the Greater Atlantic
Region (GAR), Northeast Fisheries
Science Center and Mid-Atlantic

Fishery Management Council liaisons,
NOAA General Counsel and Office of
Law Enforcement representatives, and
staff from the Atlantic States Marine
Fisheries Commission and the U.S Coast
Guard. Following these reports, the
Council will receive two others from
representatives of the Northeast
Fisheries Science Center; the first is on
the status of the Northeast continental
shelf ecosystem; and a second will cover
scientific efforts to assess the
vulnerability of fish stocks to climate
change. Next, the NEFMC’s Ecosystem-
Based Fisheries Management Committee
will provide an update on its progress
to develop a working example of a
fisheries ecosystem plan. After a lunch
break, the Council will discuss and
prepare comments on NOAA Fisheries
draft National Bycatch Strategy and the
agency’s proposed draft Standardized
Bycatch Reporting Methodology.

Wednesday, April 20, 2016

The second day of the meeting will
begin with an overview of progress to
develop Amendment 22 to the Northeast
Multispecies Fishery Management Plan.

The Council is considering a limited access program for the whiting/hake fishery via this action. A public comment period is then scheduled during which any member of the public may bring issues forward that relate to Council business but are not included on the published agenda for this meeting. During this morning session, the Atlantic Herring Committee will provide a briefing on progress on Amendment 8 to the Herring FMP, an action that would address: (1) Localized depletion; and (2) long-term harvest strategies for Atlantic herring, including an acceptable biological catch (ABC) control rule that explicitly accounts for herring's role in the ecosystem. The Committee report will also include discussion of plans for a workshop on a management strategy evaluation of the herring ABC control rule and a request that the Council initiate a framework adjustment to revise the Georges Bank haddock catch cap accountability measures. After a lunch break and during a discussion about NOAA's Omnibus Industry-Funded Monitoring Amendment, the Council also will, in cooperation with NOAA, discuss and refine existing alternatives and possibly select preferred alternatives for target levels of monitoring coverage in the Atlantic herring fishery. Approval of the associated draft Environmental Assessment will occur at the NEFMC's June Council meeting. Under the Sea Scallop Committee's agenda item, discussions are planned in which NEFMC members will review results of the Council-sponsored workshop to address concerns about scallop fishing pressure in nearshore areas. They will also review a draft outline and work plan for the five-year performance review of the limited access general category IFQ program and hear information about increased fishing activity in the Northern Gulf of Maine management area. If warranted, the NEFMC may initiate an action at this meeting to address this last topic.

Thursday, April 21, 2016

The final meeting day will begin with a report from the Council's Habitat Committee Chair. After a review of work to date, the committee will ask for Council approval of the Omnibus Deep-Sea Coral Amendment management alternatives for the purpose of further development and analyses. A presentation is then scheduled on the draft Northeast Regional Ocean Plan. The next report will address plans for a peer review (fall 2016) of the in-season discard methodology to be used by NOAA Fisheries. The report will include a discussion of the terms of

reference approved by the Northeast Regional Coordinating Committee. Following a mid-day lunch break, and under the auspices of the Groundfish Committee, there will be: a progress report on work to evaluate the groundfish monitoring program, and an update on other groundfish priorities for 2016, including windowpane flounder management measures and improving the process to develop recreational fishery management measures. The Council will adjourn after it addresses any other outstanding business during the afternoon of April 21st.

Although other non-emergency issues not contained in this agenda may come before this Council for discussion, those issues may not be the subject of formal action during this meeting. Council action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided that the public has been notified of the Council's intent to take final action to address the emergency.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Thomas A. Nies (see **ADDRESSES**) at least 5 days prior to the meeting date.

Dated: March 29, 2016.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Takes of Marine Mammals Incidental to Specified Activities; Sand Quality Study Activities at the Children's Pool Beach, La Jolla, California

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; proposed Incidental Harassment Authorization (IHA); request for comments.

SUMMARY: NMFS has received an application from the City of San Diego for an IHA to take small numbers of marine mammals, by Level B harassment, incidental to the conduct of

sand quality study activities at the Children's Pool Beach in La Jolla, California. Pursuant to the Marine Mammal Protection Act (MMPA), NMFS is requesting comments on its proposal to issue an IHA to the City of San Diego to take, by Level B harassment only, three species of marine mammals during the specified activities.

DATES: Comments and information must be received no later than May 4, 2016.

ADDRESSES: Comments on the IHA application should be addressed to Jolie Harrison, Chief, Permits and Conservation Division, Office of Protected Resources, National Marine Fisheries Service, 1315 East-West Highway, Silver Spring, MD 20910. The mailbox address for providing email comments is ITP.Youngkin@noaa.gov. NMFS is not responsible for email comments sent to addresses other than the one provided here. Comments sent via email, including all attachments, must not exceed a 25-megabyte size.

All comments received are a part of the public record and will generally be posted to <http://www.nmfs.noaa.gov/pr/permits/incidental/> without change. All Personal Identifying Information (for example, name, address, etc.) voluntarily submitted by the commenter may be publicly accessible. Do not submit Confidential Business Information or otherwise sensitive or protected information.

An electronic copy of the IHA application containing a list of the references used in this document may be obtained by visiting the Internet at: <http://www.nmfs.noaa.gov/pr/permits/incidental/>. In case of problems accessing these documents, please call the contact listed below. Documents cited in this notice, including the IHA application, may also be viewed, by appointment, during regular business hours, at the aforementioned address.

FOR FURTHER INFORMATION CONTACT: Dale Youngkin, Office of Protected Resources, NMFS, 301-427-8401.

SUPPLEMENTARY INFORMATION:

Background

Sections 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 *et seq.*), direct the Secretary of Commerce (Secretary) to allow, upon request, the incidental, but not intentional, taking of small numbers of marine mammals, by United States citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and either regulations are issued or, if the taking is limited to harassment, a notice of a proposed authorization is provided to the public for review.
