Polyethylene Retail Carrier Bags From Thailand: Preliminary Results of Antidumping Duty Administrative Review; 2014-2015

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on polyethylene retail carrier bags (PRCBs) from Thailand. The period of review (POR) is August 1, 2014, through July 31, 2015. We preliminarily find that subject merchandise has been sold at less than normal value by K. International Packaging Co., Ltd. (K. International Packaging).¹

DATES: *Effective Date:* April 12, 2016.

FOR FURTHER INFORMATION CONTACT: Andre Gziryan, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401

¹ We initiated a review of 45 companies and subsequently rescinded the review with respect to 44 companies pursuant to a timely withdrawal of the request for review. SUPPLEMENTARY INFORMATION:

Scope of the Order

The merchandise subject to this order is polyethylene retail carrier bags, which are currently classified under subheading 3923.21.0085 of the Harmonized Tariff Schedule of the United States (HTSUS). While the HTSUS subheadings are provided for convenience and customs purposes, the written description is dispositive. A full description of the scope of the order is contained in the Preliminary Decision Memorandum.²

Tolling of Deadline of Preliminary Results of Review

As explained in the memorandum from the Acting Assistant Secretary for Enforcement and Compliance, the Department has exercised its discretion to toll all administrative deadlines due to the recent closure of the Federal Government. All deadlines in this segment of the proceeding have been extended by four business days. The revised deadline for the preliminary results of this review is now May 6, 2016.³

Methodology

We have relied on total facts available with respect to K. International Packaging, the sole company subject to this review. Because this company did not act to the best of its ability to respond to the Department's requests for information, we have drawn an adverse inference in selecting from among the facts otherwise available.⁴ We have preliminarily determined to apply a 122.88 percent rate as adverse facts available for K. International Packaging.⁵

Preliminary Results of Review

As a result of our review, we preliminarily determine that a weighted-average dumping margin of
