SUPPLEMENTARY INFORMATION:

OMB Control No.: 0348-0057.

Title: Data Collection Form.

Form No: SF-SAC.

Type of Review: Revision of a currently approved collection

Respondents: States, local governments, Indian tribes, institutions of higher education (IHE), or nonprofit organizations (Non-Federal entities) and their auditors.

Estimated Number of Respondents: 72,600 (36,300 from auditors and 36,300 from auditees). Raising the threshold to \$750,000 is estimated to lower the number of respondents by 13,400 (6,700 from auditors and 6,700 from auditees). The respondents' information is collected by the Federal Audit Clearinghouse (maintained by the U.S. Bureau of the Census).

Estimated Time per Respondent: 100 hours for each of 400 large respondents and 30 hours for each of 72,200 small respondents for estimated annual burden hours of 2,206,000.

Estimated Number of Responses per Respondent: One response for each auditee and one response by the auditor for each single audit they perform.

Frequency of Response: Annually.

Needs and Uses: Reports from auditors to auditees and reports from

auditees to the Federal government are used by non-Federal entities, pass-through entities and Federal agencies to ensure that Federal awards are expended in accordance with applicable laws and regulations. The Federal Audit Clearinghouse (FAC) (maintained by the U.S. Bureau of the Census) uses the information on the SF-SAC to ensure proper distribution of audit reports to Federal agencies and identify non-Federal entities who have not filed the required reports. The FAC also uses the information on the SF-SAC to create a government-wide database, which contains information on audit results. This database is publicly accessible on the Internet at <https://harvester.census.gov/facdissem/main.aspx>. The Uniform Guidance indicates that the FAC is authorized to make the reporting package and the Form SF-SAC publicly available on a Web site. There is an exception for Indian Tribes and Tribal Organizations. An auditee that is an Indian Tribe or a Tribal Organization (as defined in the Indian Self-Determination, Education and Assistance Act (ISDEAA), 25 U.S.C 450b(1)) may opt not to authorize the FAC to make the reporting package publicly available on a Web site. The data collected by the FAC is used by Federal agencies, pass-through entities, non-Federal entities, auditors, the Government Accountability Office, OMB and the general public for management of and information about Federal awards and the results of audits. Comments are invited on: (a) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the estimate of the burden of the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who respond, including through the use of automated collection techniques or other forms of information technology.

Mark Reger,

Deputy Controller.
