In contrast to EPA's electronic public docket, EPA's electronic mail (email) system is not an "anonymous access" system. If you send an email comment directly to the Docket without going through www.regulations.gov, your email address is automatically captured and included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.

Abstract: Owners and operators of affected facilities are required to comply with reporting and record keeping requirements for the general provisions of 40 CFR part 63, subpart A, as well as for the specific requirements at 40 CFR part 63, subpart IIIII. This includes submitting initial notification reports, performance tests and periodic reports and results, and maintaining records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. Estimated number of respondents: 2 (total).

Frequency of response: Initially and semiannually.

Total estimated burden: 3,760 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated cost: \$394,000 (per year), which includes in \$16,400 annualized capital/startup and/or operation & maintenance costs.
