

Application Procedure. For consideration, a nominee should submit: (1) A résumé; (2) a personal statement of interest including an outline of her or his abilities to advise the Secretary on the matters described above; (3) an affirmative statement that the nominee is not required to register as a foreign agent under the Foreign Agents Registration Act of 1938, as amended; and (4) an affirmative statement that the nominee is not a federally-registered lobbyist. It is preferred that applications be submitted electronically to nacie@doc.gov with a subject line that includes the text “[NACIEApplication]” (without quotation marks). Applications also may be sent to the Office of Innovation and Entrepreneurship, Attn: NACIE Membership Applications, 1401 Constitution Avenue NW., Suite 78018, Washington, DC 20230.

Appointments of members to NACIE will be made by the Secretary.

Dated: April 26, 2016.

Julie Lenzer,

Director, Office of Innovation and Entrepreneurship, Economic Development Administration.

BILLING CODE P

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[B–24–2016]

Foreign-Trade Zone (FTZ) 22—Chicago, Illinois; Notification of Proposed Production Activity; Omron Automotive Electronics, Inc.; (Automotive Electronic Components); St. Charles, Illinois

Omron Automotive Electronics, Inc. (Omron), an operator of FTZ 22, submitted a notification of proposed production activity to the FTZ Board for its facility located in St. Charles, Illinois, within FTZ 22. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on April 14, 2016.

The Omron facility is located within Site 41 of FTZ 22. The facility is used for the production of automotive electronic components. Pursuant to 15 CFR 400.14(b), FTZ authority would be limited to the specific foreign-status components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Omron from customs duty payments on the foreign status

components used in export production. On its domestic sales, Omron would be able to choose the duty rate during customs entry procedures that applies to electronic control units (body control, transmission, wiper system), controllers (fuel pump, alarm, tire pressure), electronic modules, assemblies (tire pressure monitoring, transmitters, electrical switches (accessory, power seat, power window), knobs and trim pieces, and actuators (duty rate ranges from free to 6.5%) for the foreign status components noted below. Customs duties also could possibly be deferred or reduced on foreign status production equipment.

The materials and components sourced from abroad include: Resistors; actuators; housing subassemblies; adhesives; antennas; armatures; plastic bags; switches; bobbins; steel balls; barrels with ribs; plastic bases/trays/bags/plates/plungers/actuator posts; base covers/substrates/assemblies; bases; knobs; bezels; boxes and related spacers; buttons; brackets; buzzers; ceramic chips; capacitors; cages for batteries; cartons; cases; chipboards and pads; desiccants; clips; connectors; coils; coil leads/terminals/assemblies; contacts (rivet, terminal); core pins; covers; central processing units (CPUs); electronic control units (ECUs); elastomeric pads; plastic emblems; encoders; epoxy resins; electric filters; foam sheets/dividers/pads; foil with adhesive; followers; frets; fuses; crystal oscillators; transformers; integrated circuits; resistors; dampers; double face pads; detents; diodes; door lock packing inserts; garnishes; gimbles; rubber grommets; labels; handles; heat sinks; housing blocks/assemblies; housings; integrated circuits; light emitting diodes; immobilizers/anti-theft systems; inductors; inner cases; inserts; inverters; jewels; transmitter keypads and keyrings; logic chips; lamps; lean containers; levers; lids; light guides; linear integrated circuits; semiconductors; magnet wires and relays; multi-switch units; power supplies; printed circuit boards; padding and pads; paddles (steering wheel); plastic panels/partitions; pins (coil, connector; spring); pipe lights; packaging boxes/lids/inserts/chips/pads; printed wiring boards; resistor chips; resistor glaze metal; relays; retainers; plastic rings/screws/spacers/spools/seals/sliders/seats/clips/bezels/tape; seals (nitrile, rubber); heat shields; shrouds; shunts; silicone fluid compound; surface mount technology resistors; electrical (socket) outlets; springs; striker assemblies; subassemblies (base, case, power

breaker, dome, window knob); substrates; supply bezels/brackets/clips/screws/head bolts; varistors; switch assemblies; tapes; terminal/contact assemblies; terminals; thermistors; paint thinners; thumbwheels; screws; transistors; trays; upfitter subassemblies; vacform trays; wire coils; jumper wires; wireless charging units; relay yokes; and, yokes (duty rate ranges from free to 8%).

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board’s Executive Secretary at the address below. The closing period for their receipt is June 13, 2016.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230–0002, and in the “Reading Room” section of the FTZ Board’s Web site, which is accessible via www.trade.gov/ftz.

For further information, contact Pierre Duy at Pierre.Duy@trade.gov (202) 482–1378.

Dated: April 25, 2016.

Andrew McGilvray,

Executive Secretary.

BILLING CODE 3510–DS–P

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[B–25–2016]

Foreign-Trade Zone (FTZ) 133—Quad-Cities, Iowa/Illinois; Notification of Proposed Production Activity, Deere & Company, Subzone 133D (Construction and Forestry Equipment), Davenport, Iowa

Deere & Company (Deere), operator of Subzone 133D, submitted a notification of proposed production activity to the FTZ Board for its facilities within Subzone 133D, located in Davenport, Iowa. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on April 15, 2016.

Deere already has authority to produce motor graders, four wheel drive loaders, log skidders and articulated dump trucks within Subzone 133D. The current request would add construction and forestry equipment and foreign-status materials/components to the scope of authority. Pursuant to 15 CFR 400.14(b), additional FTZ authority would be limited to the specific foreign-

status materials/components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Deere from customs duty payments on the foreign-status materials/components used in export production. On its domestic sales, Deere would be able to choose the duty rates during customs entry procedures that apply to: Wheeled feller bunchers; disc saw felling heads; and, cabs for knuckleboom loaders, backhoes, loaders, motor graders, feller bunchers, log skidders and articulated dump trucks (duty rates: Free or 4%) for the foreign-status materials/components noted below and in the existing scope of authority. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The materials/components sourced from abroad include: Plastic ribbed conduits/labels/anti-skid pads/floor mat plugs/spacers/ashtrays/rings; nylon domed plugs; rubber hoses/elbows/belts/v-belts/tires/floor mats/O-rings/O-ring kits/PTO (power take-off) housings/gaskets/seals/seal kits/sealing trims/isolators/ring guides/air deflectors/arched covers/insulators/grommets/isolator strips/bellows/bellow boots/spacers/splash guards/step straps/stop bumpers/tray foot bumpers/vibration dampeners; cork gaskets; paper gaskets; glass rear view mirrors; steel push pull cables/wiring harness cables/link chains/alloy clevis plates/clothes hooks/screws/bolts/planetary hub studs/alloy hexagon fittings/nuts/locking collars/pins/plugs/washers/G-rings/seal retainers/washer and spacer kits/pneumatic control valves/rings/alloy disk saw drive rings/pin fasteners/retainers/retainer clips/springs/spring assemblies/spring kits/alloy raw castings/adaptor fittings/air conditioning fittings/spacers/clamps/beaded special adaptors/shims/corner brackets/elbow fittings/excavator thumb kits/fittings/fitting plugs/flange fittings/fuel supply banjo fittings/hose clamps/hydraulic clamp kits/lock kits/lower carrier plates/lubrication fittings/mounting adapters/oil line tube assemblies/oil tubes/plates/plugs with O-ring fittings/power link casting assemblies/PTO flanges/pushbeam trunnions/serrated yoke flanges/skid shoes/straps/steering yoke sleeves/toolboxes/toolbox covers/tubes/tube fittings/clamp halves/upper carrier plates/valve section plug kits/weldment adapters; iron lock plates/mounting adapters; brass washers; copper electrical connector accessories; aluminum washers; tooth kits; tooth

inserts; lock-ring tools; cutting blades; cutting edges; bucket tooth locks; bucket weldment hinges; exterior steel hinges; gas-operated cylinders; brackets; latches; engine mount supports; gear case isolators; hood catch assemblies; hood compartment studs; hood springs; interior cab handles; mounting parts; oscillation stops; rear suspension stops; rubber boom stops; sliding window catches; filler caps; diesel engines; air intakes; cylinder covers; cylinder heads; engine cooler clamps; exhaust elbows; gas outlet tubes; high pressure fuel lines; intake manifolds; oil pans; orifices; pistons; piston ring kits; rotate manifolds; seal rings; seal liner rings; short block assemblies; spacer tubes; threaded inserts; timing gear covers; lumber fork cylinders; master brake cylinders; hydraulic cylinders; thumb kit clamps; hydraulic motors; brake cylinders; dust covers; hydraulic cylinder rod guides; steering cylinder rods; cooler bypass manifolds; hydraulic manifolds; pressure manifolds; hydraulic reservoirs; pumps (fuel injection, fuel, oil, water, hydraulic, steering metering); pump repair kits; DEF (diesel exhaust fluid) lines; heat sleeves; drive shafts; hydraulic reservoirs; air conditioner compressors; HVAC (heating, venting and air conditioning) blowers; turbochargers; compressor kits; fan blades; fan drives; piston-liner kits; air conditioners (AC); HVAC equipment; vapor condensers; AC/heater evaporators; refrigerant hoses; Hayden coolers; filters (fuel, hydraulic, oil, air, reservoir breather, pneumatic exhaust, headlight venting); oil filter elements; receiver-dryers; pre-filters; air dryers; filter discs; filter elements; filter heads; oil filter covers; strainers; transmission shafts; catwalk platforms; counterweight weldments; jib booms; main booms; outrigger stabilizers; rotary manifolds for forestry equipment; bucket plates; loader buckets; loader cutting edges; grapple hooks; multi-purpose buckets; backhoe buckets; excavator buckets; skid steer buckets; dura-max cutting edges; backhoe hydraulic clamp kits; axle stop blocks; battery boxes; controller arm supports; cooler tubes; exhaust tubes; front axle limited slip differentials; fuel tank assemblies; grapple teeth; grille frames; grommet plates; heater/AC brackets; lower carrier plates; oil lines; outrigger arms; pedal and bracket assemblies; pilot arm strut supports; rear axles; scarifier booms; seat swivel assemblies; sliding frames; soft start brackets; steering columns; support plates; tie rod assemblies; tie rod ends; upper carrier plates; valve mounting plates; moldboards; air intake plates; air

plenums; yoke assemblies; axle drive housings; axle oscillation supports; axles with differentials; baffle structures; baffle supports; battery service doors; boom crossmember tubes; bottom guard supports; brake pistons; brake rotors; brush guards; bucket teeth; bucket tooth adapters; bulkhead assembly plates; bumper brackets; cast mounts; cast steps; clamp rings; controller brackets; counterweights; covers; cover plate kits; cutting edges; decomposition tubes; DEF tank lid covers; differential case covers; differential housings; drive damper covers; end bits; end kits; engine mount supports; engine side shield supports; exhaust aftertreatment brackets; exhaust nozzles; exhaust support brackets; fan guards; filter supports; floor plates; fork tine assemblies; frame kits; front axles; fuel line filters; fuel tank bracket plates; fuel tank guards; generator pump drive supports; guard extensions; hand rails; heat shield mount plates; hood supports; housings with covers; hub kingpins; hydraulic reservoirs; insert support plates; isolators; lift arms; lift lug plates; main drive axles and tandem pivot; mount frames; mounting plates; multifunction cab levers; oil coolers; outlet duct plates; overlay end bits; pilot tower arms; pump spacers; pushbeam trunnions; radiators; rear axle guards; rear tube guards; ripper shanks; ripper teeth; scarifier links; scarifier retainers; side cutter plates; side shield bumpers; sidecutter shrouds; skid plates; slide weldment supports; step assemblies; rubber stop bumpers; steering stop bumpers; supports; threaded stud bumpers; transmission guard shields; transmission mounts; wear plates; rear wheel gauge frames; ripper points; safety trip standards; wheel plates; scraper arms; 180 degree tubes; adaptor plates; arm assemblies; arm kits; boom assembly adapters; disc saw felling head link assemblies; hydraulic system assembly tubes; axle guards; axles with differential; boom adapters; boom tubes; butt plates; cab guards; casting covers; charge air tubes; clean out covers; cooling return tubes; crank bars; disc saw felling head frames; engine mount supports; felling heads; filter box covers; frame guard doors; front shields for forestry equipment; fuel fill covers; fuel tanks; harvesting arm housings; hose guide plate guards; hose straps; hydraulic pump supports; hydraulic reservoirs for forestry equipment; hydraulic system tubes; hydraulic tank covers; hydraulic tubes; inner arm housings; knuckleboom lower frames; lift arm bellcranks; lift arm shims; lift links; link assemblies; log forks; main boom hydraulics tubes; main cylinder

tubes; main frames; oil lines; oil line tubes; oil tubes; painted cover plates; pilot lines tubes; power link castings; power management tubes; pressure tubes; radiator hose tubes; radio mount housings; retainer plates; saw motor adapters; saw motor tubes; sawhead cranks; shims for forestry equipment; side hoods; wear rod kits; spring guards; stabilizer feet; stick cylinder tubes; structural tubes; suction tubes; support manifold brackets; surge tank brackets; test manifolds; torque arm brackets; transmission mount brackets; valve mount brackets; wear resistant teeth; wrist bearings; wrist frames; form dies; accelerator pedals; hydraulic accumulators; compressor valve kits; valves (control, electromagnet, fuel line, hand operated, hydraulic/pilot control, manifold, radiator drain, return, spool, unloader, check, pressure relief, drain, solenoid, purge tank, park brake, exhaust); valve seal kits; valve reducer caps; quick couplers; electrohydraulic controllers; temperature switches; thermostats; electrical connector assemblies; rotary manifolds; hydraulic manifolds; articulated dump truck repair kits; return manifolds; valve section plunger kits; directional control coils; thermostat covers; ball bearings; roller bearings; tapered roller bearings; spherical roller bearings; needle bearings; cylindrical roller bearings; bearing cups; camshafts; differential shafts; pinion shafts; planetary assemblies; universal drive shafts; spherulastic bearings; air compressor bushings; cab isolators; clevis kits; connecting rod bearing kits; elastomeric bearings; engine rod bearing kits; loader boom bushings; loader mainframe bushings; main bearing kits; mirror support bushings; pin and bushing kits; pivot bushings; steel bushings; steering cylinder bushings; tapped bosses; wear rings; gear cases; planetary assemblies; half axles; transmissions; flywheels; alternator pulleys; U joint assemblies; universal joints; auxiliary drive gears; bevel gears; bevel gear drives; boom gears; fork tines; idler covers; oil circulation differential lock blocks; pinion shafts; planet pinions; planet pinion carriers; planetary assemblies; planetary gears; pump gears; ring gears; ring gears and pinions; transmission speed sensor covers; universal joint yokes; clutch plates; planet pinion carriers; planetary assemblies; cover kits; cylinder block gaskets; cylinder head gaskets; exhaust gaskets; oscillation seals; return manifolds; ring seals; turbocharger gaskets; hand tools; hydraulic tank gaskets; ring seals; seal kits; sealing rings; turbocharger gaskets; oil seals; ring seals; seal kits; electric

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

International Trade Administration

Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Advance Notification of Sunset Reviews

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

Background

Every five years, pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act"), the Department of Commerce ("the Department") and the International Trade Commission

automatically initiate and conduct a review to determine whether revocation of a countervailing or antidumping duty order or termination of an investigation suspended under section 704 or 734 of the Act would be likely to lead to continuation or recurrence of dumping or a countervailable subsidy (as the case may be) and of material injury.

Upcoming Sunset Reviews for June 2016

The following Sunset Reviews are scheduled for initiation in June 2016 and will appear in that month's Notice of Initiation of Five-Year Sunset Review ("Sunset Review").

	Department contact
Antidumping Duty Proceedings	
Cased Pencils from China (A-570-827) (4th Review)	Matthew Renkey (202) 482-2312.
Paper Clips from China (A-570-826) (4th Review)	David Goldberger (202) 482-4136.
Granular Polytetrafluoroethylene Resin from Italy (A-475-703) (4th Review)	David Goldberger (202) 482-4136.

Countervailing Duty Proceedings

No Sunset Review of countervailing duty orders is scheduled for initiation in June 2016.

Suspended Investigations

No Sunset Review of suspended investigations is scheduled for initiation in June 2016.

The Department's procedures for the conduct of Sunset Reviews are set forth in 19 CFR 351.218. The Notice of Initiation of Five-Year ("Sunset") Reviews provides further information regarding what is required of all parties to participate in Sunset Reviews.

Pursuant to 19 CFR 351.103(c), the Department will maintain and make available a service list for these proceedings. To facilitate the timely preparation of the service list(s), it is requested that those seeking recognition as interested parties to a proceeding contact the Department in writing within 10 days of the publication of the Notice of Initiation.

Please note that if the Department receives a Notice of Intent to Participate from a member of the domestic industry within 15 days of the date of initiation, the review will continue. Thereafter, any interested party wishing to participate in the Sunset Review must provide substantive comments in response to the notice of initiation no later than 30 days after the date of initiation.

This notice is not required by statute but is published as a service to the international trading community.

Dated: April 26, 2016.

Christian Marsh,
Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

International Trade Administration

Initiation of Antidumping and Countervailing Duty Administrative Reviews

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce ("the Department") has received requests to conduct administrative reviews of various antidumping and countervailing duty orders and findings with March anniversary dates. In accordance with the Department's regulations, we are initiating those administrative reviews.

DATES: Effective May 2, 2016.

FOR FURTHER INFORMATION CONTACT: Brenda E. Waters, Office of AD/CVD Operations, Customs Liaison Unit, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230, telephone: (202) 482-4735.

SUPPLEMENTARY INFORMATION:

Background

The Department has received timely requests, in accordance with 19 CFR 351.213(b), for administrative reviews of various antidumping and countervailing duty orders and findings with March anniversary dates.

All deadlines for the submission of various types of information, certifications, or comments or actions by the Department discussed below refer to the number of calendar days from the applicable starting time.

Notice of No Sales

If a producer or exporter named in this notice of initiation had no exports, sales, or entries during the period of review ("POR"), it must notify the Department within 30 days of publication of this notice in the **Federal Register**. All submissions must be filed electronically at <http://access.trade.gov> in accordance with 19 CFR 351.303.¹ Such submissions are subject to verification in accordance with section 782(i) of the Tariff Act of 1930, as amended ("the Act"). Further, in accordance with 19 CFR 351.303(f)(1)(i), a copy must be served on every party on the Department's service list.

Respondent Selection

In the event the Department limits the number of respondents for individual examination for administrative reviews initiated pursuant to requests made for

¹ See *Antidumping and Countervailing Duty Proceedings: Electronic Filing Procedures; Administrative Protective Order Procedures*, 76 FR 39263 (July 6, 2011).
