

IV. Evaluating the Demonstration

The Demonstration will provide HUD insight into the UPCS-V model, including its ability to expand HUD's oversight and risk management capabilities through a reliable, repeatable inspection process that better identifies health and safety risks to families, before implementing such a program nationwide. The Demonstration is anticipated to begin 60 days following the date of publication of this notice, with PHAs being added on a rolling basis until a representative sample has been reached. At the conclusion of the demonstration, HUD will assess its success and determine whether to implement UPCS-V on a permanent basis throughout the country.

In the evaluation of the Demonstration, HUD will assess such factors as whether the use of the new UPCS-V protocol produces (1) more consistent and accurate results, (2) data standardization and a reliable method for information exchange, and (3) increased oversight and administration of the HCV Program. The demonstration also will review the feasibility of a PHA to implement the UPCS-V protocol, a factor HUD considers necessary for an accurate evaluation of the Demonstration's success.

V. Solicitation of Public Comment

In accordance with section 470 of the Housing and Urban-Rural Recovery Act of 1983 (42 U.S.C. 3542), HUD is seeking comment on the Demonstration. Section 470 provides that HUD may not begin a demonstration program not expressly authorized by statute until a description of the demonstration program is published in the **Federal Register** and a 60-day period expires following the date of publication, during which time HUD solicits public comment and considers the comments submitted. HUD has established a public comment period of 60 days. The public comment period provided allows HUD the opportunity to consider those comments during the 60-day period, and be in a position to commence implementation of the demonstration following the conclusion of the 60-day period.

While HUD solicits comment on all aspects of the Demonstration, HUD specifically solicits comment on the following:

1. HUD is considering selecting for participation only PHAs that do not utilize contract inspectors. Are there any instances where an exception to this criterion might be useful?
2. Will utilizing commercial, off-the-shelf hardware, such as internet

connected tablets or smartphones, reduce the barriers to participation for PHAs as opposed to having PHAs use more specific devices such as those required for other HUD UPCS inspections?

3. Are there other PHA characteristics that HUD should consider in selecting PHAs to participate in the demonstration?

4. Are there other revisions outside of the UPCS criteria that HUD should consider when moving toward a single inspection protocol?

HUD requests that PHAs interested in participating in the Demonstration notify HUD by the public comment deadline for this Demonstration notice by emailing HUD at UPCSV@hud.gov, and providing the PHA name, PHA address, contact name, contact phone number, and email address.

Dated: April 28, 2016.

SUPPLEMENTARY INFORMATION:

Background and Explanation of Provisions

Temporary regulations in the Rules and Regulations section of this issue of the **Federal Register** amend the Procedure and Administration Regulations (26 CFR part 301) relating to section 7701. The temporary regulations clarify that an entity disregarded as separate from its owner (a disregarded entity), that is treated as a corporation for purposes of employment taxes imposed under subtitle C, is not treated as a corporation for purposes of employing its individual owner (who is treated as a sole proprietor) or for purposes of employing an individual that is a partner in a partnership that owns the disregarded entity. Rather, the entity is disregarded as an entity separate from its owner for this purpose. The partners are subject to the same self-employment tax rules as partners in a partnership that does not own an entity that is disregarded as separate from its owner. The text of those regulations also serves as the text of these proposed regulations. The preamble to the temporary regulations explains the amendments.

Special Analysis

Certain IRS regulations, including this one, are exempt from the requirements of Executive Order 12866, as supplemented and reaffirmed by Executive Order 13563. Therefore, a regulatory impact assessment is not required. It has also been determined that section 553(b) of the Administrative Procedure Act (5 U.S.C. chapter 5) does not apply to these regulations, and because the regulations do not impose a collection of information on small entities, the Regulatory Flexibility Act (5 U.S.C. chapter 6) does not apply. Pursuant to section 7805(f) of the Internal Revenue Code, this notice of proposed rulemaking will be submitted

to the Chief Counsel for Advocacy of the Small Business Administration for comment on their impact on small business.

Comments and Requests for Public Hearing

Before these proposed regulations are adopted as final regulations, consideration will be given to any comments that are submitted timely to the IRS as prescribed in this preamble under the **ADDRESSES** heading. The Treasury Department and the IRS request comments on all aspects of the proposed rules. All comments will be available at www.regulations.gov or upon request. A public hearing will be scheduled if requested in writing by any person that timely submits written comments. If a public hearing is scheduled, notice of the date, time, and place for the hearing will be published in the **Federal Register**.

Drafting Information

The principal author of these regulations is Andrew Holubeck of the Office of the Division Counsel/Associate Chief Counsel (Tax Exempt and Government Entities). However, other personnel from the IRS and the Treasury Department participated in their development.

SUPPLEMENTARY INFORMATION:

I. Background

Section 923(i) of the Gun Control Act of 1968 (GCA), as amended (18 U.S.C. chapter 44), requires licensed importers and licensed manufacturers to identify, by means of a serial number, each firearm imported or manufactured by such importer or manufacturer. The serial number must be engraved or cast on the receiver or frame of the weapon in such manner as the Attorney General prescribes by regulation. As defined in section 921(a)(3) of the GCA, the term “firearm” includes any firearm muffler or firearm silencer. The terms “firearm silencer” and “firearm muffler” are also defined in section 921(a)(24), as follows:

[A]ny device for silencing, muffling, or diminishing the report of a portable firearm, including any combination of parts, designed or redesigned, and intended for use in assembling or fabricating a firearm silencer or firearm muffler, and any part intended only for use in such assembly or fabrication.

With respect to certain firearms subject to the National Firearms Act (NFA) (26 U.S.C. chapter 53) (e.g., machine guns, any silencer (as defined in section 921(a)(24) of the GCA)), 26 U.S.C. 5842(a) requires each manufacturer and importer and anyone making a firearm to identify by a serial number each firearm manufactured, imported, or made. The serial number may not be readily removed, obliterated, or altered. Section 5842(a) also requires the firearm to be identified by the name of the manufacturer, importer, or maker, and such other identification as the Attorney General may prescribe by regulation.
