Overview of This Information Collection

(1) *Type of Information Collection:* New collection.

(2) *The Title of the Form/Collection:* Survey of State Criminal Investigative Agencies on Law Enforcement Use of Force.

(3) *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* No agency form number at this time. The applicable component within the Department of Justice is the Bureau of Justice Statistics, in the Office of Justice Programs.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* Respondents will be state criminal investigative agencies (SCIAs). *Abstract:* The President's Task Force on 21st Century Policing called for law enforcement agencies to use external and independent criminal investigation of use of force incidents. In some states, the criminal investigative agency serves as the primary body that local and county law enforcement agencies use as the independent investigator. However, it is currently unknown how common this is nationwide. This survey will be administered to all state criminal investigative agencies (SCIAs) in order to determine the extent to which SCIAs are investigating use of force cases for other law enforcement agencies. SCIAs will be asked about the types of use of force incidents investigated and the jurisdictions covered within the state. The survey will also assess how SCIAs become involved in these investigations, how cases are closed, the data systems that SCIAs use to record and report on use of force investigations, and the total number of law enforcement use of force cases investigated in a three year period.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* An agency-level survey will be sent to a representative at all 49 SCIAs. The expected burden placed on these respondents is about 52.5 minutes per respondent.

(6) *An estimate of the total public burden (in hours) associated with the*

collection: The total respondent burden is approximately 42.9 burden hours.
