[Docket Nos. CP15-554-000; CP15-554-001]

Atlantic Coast Pipeline, LLC; Supplemental Notice of Intent To Prepare an Environmental Impact Statement and Proposed Land and Resource Plan Amendment(s) for the Proposed Atlantic Coast Pipeline, Request for Comments on Environmental Issues Related to New Route and Facility Modifications, and Notice of Public Scoping Meetings

On February 27, 2015, the Federal Energy Regulatory Commission (FERC or Commission) issued in Docket Nos. PF15-5-000 and PF15-6-000 a *Notice of Intent to Prepare an Environmental Impact Statement for the Planned Supply Header Project and Atlantic Coast Pipeline Project, and Request for Comments on Environmental Issues, and Notice of Public Scoping Meetings* (NOI). On September 18, 2015, Atlantic Coast Pipeline, LLC (Atlantic) and Dominion Transmission, Inc. (DTI) filed applications with the FERC in Docket Nos. CP15-554-000 and CP15-555-000 pursuant to sections 7(b) and 7(c) of the Natural Gas Act (NGA) and Parts 157 and 284 of the Commission’s regulations. Atlantic and DTI are seeking Certificates of Public Convenience and Necessity (Certificates) to construct, own, and operate a natural gas pipeline and related facilities. On March 1, 2016, Atlantic filed an amendment to its application to incorporate route and facility modifications in West Virginia, Virginia, and North Carolina. This Supplemental Notice is being issued to seek comments on the new pipeline route and facility modifications and opens a new scoping period for interested parties to file comments on environmental issues specific to these modifications.

Information about the facilities proposed by Atlantic and DTI can be found on our public dockets referenced above and on each applicant’s Web site at www.dom.com/corporate/what-we-do/atlantic-coast-pipeline or www.dom.com/corporate/what-we-do/natural-gas/supply-header-project. The FERC’s environmental impact statement (EIS) will encompass all proposed facilities and be used by the Commission in its decision-making process to determine whether the Atlantic Coast Pipeline (ACP) and Supply Header Project are in the public convenience and necessity.

The FERC will be the lead federal agency for the preparation of the EIS. The U.S. Forest Service (USFS) is participating as a cooperating agency because the ACP would cross the Monongahela National Forest (MNF) and the George Washington National Forest (GWNF) in West Virginia and Virginia. As a cooperating agency, the USFS intends to adopt the EIS per Title 40 of the Code of Federal Regulations, Part 1506.3 to meet its responsibilities under the National Environmental Policy Act (NEPA) regarding Atlantic’s application for a Right-of-Way Grant and Temporary Use Permit for crossing federally administered lands. In addition, there may be a need for the USFS to amend the MNF and GWNF Land and Resource Management Plans (LRMP) to allow for the ACP to be constructed on USFS lands. The EIS will also provide the documentation to support needed amendments to the LRMPs. Additional details on the USFS’ LRMP Amendment Process is provided on page 8.

The Commission previously solicited public input on the ACP in the spring of 2015. We¹ are specifically seeking comments on the new pipeline route and facility modifications to help the Commission staff determine what issues need to be evaluated in the EIS. Your comments should focus on the potential environmental effects, reasonable alternatives, and measures to avoid or lessen environmental impacts from the new route and proposed modifications. To ensure that your comments are timely and properly recorded, please send your comments so that the Commission receives them in Washington, DC on or before June 2, 2016. If you have previously provided comments on the ACP or Supply Header Projects, you do not need to resubmit them.

You may submit comments in written form or verbally. In lieu of or in addition to sending written comments, the Commission invites you to attend the public scoping meetings scheduled as follows:

Date and time	Location
Friday, May 20, 2016, 10:00 a.m.–7:00 p.m.	Marlinton Community Wellness Center, 320 9th Street, Marlinton, WV 24954.
Saturday, May 21, 2016, 10:00 a.m.–7:00 p.m.	Bath County High School, 464 Charger Lane, Hot Springs, VA 24445.
