Abstract of proposed collection:

The goal of the “Employee Self Certification And Ability To Perform In Emergencies” (ESCAPE) program is to ensure that non-federal individuals who are being considered for a contracted position at a designated post are capable of the unique, potentially challenging and life threatening conditions at ESCAPE posts. These individuals are required to review with a medical provider the pre-deployment acknowledgement form (DS-6570) and then affirm that they understand the physical rigors and security conditions at these posts and can perform any specified emergency functions. Medical information is collected from medical providers and respondents during this review. The Department of State is requesting an emergency review and approval of this Information Collection so non-federal individuals who will be selected for assignments in June, 2016 can provide completed pre-deployment medical information. This Collection is allowed under the Foreign Service Act of 1980 (22 U.S.C. 3901) and the Basic Authorities Act of 1956 (22 U.S.C. 2651).

Methodology:

Information will be collected using a form (DS-6570) during a medical review between a non-federal individual and his/her medical provider. The individual will submit the completed form, signed by both the individual and provider, to the Office of Medical Services at the U.S. Department of State.

Dated: May 4, 2016.

Ernest E. Davis,

Director of Medical Clearances, Office of Medical Services, Department of State.

DEPARTMENT OF STATE

[Public Notice: 9551]

In the Matter of the Designation of Musa Abu Dawud, aka Moussa Abu Daoud, aka Moussa Bourahla, aka Abou Daoud, aka Bourahla Moussa, as a Specially Designated Global Terrorist Pursuant to Section 1(b) of Executive Order 13224, as Amended

Acting under the authority of and in accordance with section 1(b) of Executive Order 13224 of September 23, 2001, as amended by Executive Order 13268 of July 2, 2002, and Executive Order 13284 of January 23, 2003, I hereby determine that the individual known as Moussa Abu Dawud, also known as Moussa Abu Daoud, also known as Moussa Bourahla, also known as Abou Daoud, also known as Bourahla Moussa committed, or poses a significant risk of committing, acts of terrorism that threaten the security of U.S. nationals or the national security, foreign policy, or economy of the United States. Consistent with the determination in section 10 of Executive Order 13224 that “prior notice to persons determined to be subject to the Order who might have a constitutional presence in the United States would render ineffectual the blocking and other measures authorized in the Order because of the ability to transfer funds instantaneously,” I determine that no prior notice needs to be provided to any person subject to this determination who might have a constitutional presence in the United States, because to do so would render ineffectual the measures authorized in the Order.

This notice shall be published in the **Federal Register**.

John F. Kerry,

Secretary of State.

[Public Notice: 9550]

Bureau of Political-Military Affairs; Modification of Statutory Debarment Imposed Pursuant to Section 127.7(c) of the International Traffic in Arms Regulations—Rocky Mountain Instrument Company

ACTION: Notice.

SUMMARY: Notice is hereby given that the Department of State will consider license applications for the indirect participation of Rocky Mountain Instrument Company (“RMI”) in certain

transactions subject to the Arms Export Control Act (AECA) (22 U.S.C 2778) without the submission of a transaction exception request as an element of the application.

DATES: This notice is effective on May 9, 2016.

FOR FURTHER INFORMATION CONTACT: Sue Gainor, Director, Office of Defense Trade Controls Compliance, Bureau of Political-Military Affairs, U.S. Department of State (202) 632-2785.

SUPPLEMENTARY INFORMATION: On September 8, 2010, the Department notified the public of a statutory debarment imposed on RMI pursuant to ITAR § 127.7(c) related to RMI’s criminal conviction, 75 FR 54692. The notice provided that RMI is “prohibited from participating directly or indirectly in the export of defense articles, including technical data, or in the furnishing of defense services for which a license or other approval is required.” Further, the notice provided that:

Exceptions, also known as transaction exceptions, may be made to this debarment determination on a case-by-case basis at the discretion of the Assistant Secretary of State for Political-Military Affairs, after consulting with the appropriate U.S. agencies. However, such an exception would be granted only after a full review of all circumstances, paying particular attention to the following factors: Whether an exception is warranted by overriding U.S. foreign policy or national security interests; whether an exception would further law enforcement concerns that are consistent with the foreign policy or national security interests of the United States; or whether other compelling circumstances exist that are consistent with the foreign policy or national security interests of the United States, and that do not conflict with law enforcement concerns. Even if exceptions are granted, the debarment continues until subsequent reinstatement.

Notwithstanding the prohibition on indirect participation referenced in the original notice of statutory debarment, and in conformance with the stated policy and procedures regarding transaction exceptions, based on overriding national security and foreign policy concerns and after a thorough review of the circumstances surrounding the conviction and a finding that appropriate steps have been taken to mitigate law enforcement concerns, the Under Secretary for Arms Control and International Security has determined to approve specific exceptions from the debarment of RMI, available to persons other than RMI but excluding persons acting for or on behalf of RMI in contravention of ITAR § 127.1(d), for the following categories of authorization requests:

1. Applications submitted by persons other than RMI for the export or

temporary import of defense articles manufactured by RMI (*i.e.*, where RMI is identified as a Source or Manufacturer);

2. Application submitted by persons other than RMI for the export or temporary import of defense articles manufactured by persons other than RMI which incorporate a defense article manufactured by RMI as a component, accessory, attachment, part, firmware, software, or system;

3. The use of other approvals (*see* ITAR § 120.20) by persons other than RMI for the export or temporary import of defense articles described in categories one (1) and two (2) above; and

4. Applications submitted by persons other than RMI for agreements identified in ITAR Part 124 in which RMI is identified as a U.S. signatory to the agreement.

All requests for authorizations, or use of exemptions, involving RMI that fall within the scope of the specific categories above will be reviewed and action taken by the Directorate of Defense Trade Controls in the ordinary course of business and do not require the submission of a separate transaction exception request, but should include reference to, or a copy of, this notice. Including an explanation of how the proposed transaction falls within the scope of an exception category above will facilitate review of the request.

All requests for authorizations involving RMI that do not fall within the scope of the specific categories above must be preceded by the approval of a transaction exception request by the Department. The decision to grant a transaction exception will be made on a case-by-case basis after a full review of all circumstances.

This notice does not provide notice of reinstatement of export privileges for RMI pursuant to the statutory requirements of AECA Sec. 38(g)(4) (22 U.S.C. 2778), nor does this notice provide notice of rescission of the imposition of statutory debarment of RMI pursuant to ITAR § 127.7(c). As required by the statute, the Department will not consider applications from RMI unless accompanied by a specific transaction exception request. Any determination by the Department regarding reinstatement of export privileges for RMI or rescission of the imposition of statutory debarment of RMI will be made in accordance with statutory and regulatory requirements and will be the subject of a separate notice.

Dated: April 25, 2016.

Rose E. Gottemoeller,
Under Secretary, Arms Control and International Security, Department of State.

BILLING CODE 4710-25-P

DEPARTMENT OF STATE

[Public Notice: 9549]

Notice of Availability of the Draft Environmental Assessment and Preliminary Finding of No Significant Impact for the NuStar Burgos Pipelines Presidential Permit Applications Review, Hidalgo County, Texas

AGENCY: Department of State.

ACTION: Notice of availability, solicitation of comments.

SUMMARY: The U.S. Department of State (Department) announces availability for public review and comment of the *Draft Environmental Assessment* (Draft EA) and the *Preliminary Finding of No Significant Impact for the NuStar Burgos Pipelines Presidential Permit Applications Review* (Preliminary FONSI). These documents evaluate the potential environmental impacts of issuing Presidential Permits to NuStar Logistics, L.P. (NuStar) to authorize in Hidalgo County, Texas: The construction, connection, operation, and maintenance of a proposed new NuStar Burgos pipeline (New Burgos Pipeline); a proposed change in petroleum products for an existing Burgos pipeline (Existing Burgos Pipeline), for which a Presidential Permit was issued in 2006; and a name change of the owner and operator of the Existing Burgos Pipeline. The Draft EA and Preliminary FONSI were prepared consistent with the National Environmental Policy Act (NEPA) of 1969 (42 U.S.C. Sec. 4321, *et seq.*), the regulations of the Council on Environmental Quality (CEQ) (40 CFR 1500-1508), and the Department's implementing regulations (22 CFR part 161).

DATES: The Department invites the public, governmental agencies, tribal governments, and all other interested parties to provide comments on the Draft EA and Preliminary FONSI during the 30-day public comment period. The public comment period starts on May 9, 2016, with the publication of this **Federal Register** Notice and will end June 8, 2016.

All comments received during the review period may be made public, no matter how initially submitted. Comments are not private and will not be edited to remove identifying or contact information. Commenters are

cautioned against including any information that they would not want publicly disclosed. Any party soliciting or aggregating comments from other persons is further requested to direct those persons not to include any identifying or contact information, or information they would not want publicly disclosed, in their comments.

ADDRESSES: Comments on the Draft EA and Preliminary FONSI may be submitted at www.regulations.gov by entering the title of this Notice into the search field and following the prompts. Comments may also be submitted by mail, addressed to: Burgos Project Manager, Office of Environmental Quality and Transboundary Issues (OES/EQT): Suite 2726, U.S. Department of State, 2201 C Street NW., Washington, DC 20520. All comments from agencies or organizations should indicate a contact person for the agency or organization.

FOR FURTHER INFORMATION CONTACT: Project details for the Burgos Pipelines and copies of the Presidential Permit applications, as well as information on the Presidential Permit process are available at the following: <http://www.state.gov/e/enr/applicant/applicants/c66757.htm>. Please refer to this Web site or contact the Department at the address listed in the **ADDRESSES** section of this notice.

SUPPLEMENTARY INFORMATION: The Department evaluates Presidential permit applications under E.O. 13337 and E.O. 14432. E.O. 13337 delegates to the Secretary of State the President's authority to receive applications for permits for the construction, connection, operation, or maintenance of facilities for the exportation or importation of petroleum, petroleum products, coal, or other fuels (except for natural gas), at the borders of the United States, and to issue or deny such Presidential Permits upon a national interest determination.

In December 2014, NuStar submitted two applications to the Department. The first application requests a new Presidential Permit to replace a 2006 Presidential Permit, that would: (1) Reflect NuStar's name change from Valero Logistics Operations, L.P. to NuStar Logistics, L.P. as the owner and operator of the Existing Burgos Pipeline, the 34-mile-long 8-inch outer diameter pipeline and border facilities issued a Presidential Permit in 2006 authorizing import and export of light naphtha and (2) allow the Existing Burgos Pipeline and border facilities to transport a broader range of petroleum products than originally authorized, including diesel, gasoline, jet fuel, liquefied
