this review in the **Federal Register**. We invited parties to comment on the *Preliminary Results*. No party commented, nor did any party request a hearing.

Tolling of Deadline

As explained in the memorandum from the Acting Assistant Secretary for Enforcement & Compliance, the Department has exercised its discretion to toll all administrative deadlines due to the recent closure of the Federal Government. All deadlines in this segment of the proceeding have been extended by four business days. The revised deadline for the final results of this review is now June 13, 2016.²

Scope of the Order

The merchandise subject to this order³ is certain welded carbon-quality light-walled steel pipe and tube, of rectangular (including square) cross section, having a wall thickness of less than 4 mm.⁴

Final Results of Review

As a result of our review, we determine the following weighted-average dumping margin exists for the period May 1, 2014, through April 30, 2015:

Producer/exporter	Weighted-average margin (percentage)
Agir Haddecilik A.Ş.	0.00

Assessment

The Department shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries, in accordance with 19 CFR 351.212(b)(1). The Department intends to issue appropriate assessment instructions for the companies subject to this review to CBP 15 days after the date of publication of these final results.

² See Memorandum to the Record from Ron Lorentzen, Acting A/S for Enforcement & Compliance, regarding “Tolling of Administrative Deadlines As a Result of the Government Closure During Snowstorm Jonas,” dated January 27, 2016; see also *Preliminary Results*.

³ See *Notice of Antidumping Duty Order: Light-Walled Rectangular Pipe and Tube From Turkey*, 73 FR 31065 (May 30, 2008).

⁴ For a full description of the scope of the order, see the memorandum from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, to Paul Piquado, Assistant Secretary for Enforcement and Compliance, entitled “Light-Walled Rectangular Pipe and Tube from Turkey: Decision Memorandum for the Preliminary Results of Antidumping Duty Administrative Review; 2014-2015,” dated February 5, 2016.

Haddecilik’s weighted-average dumping margin in these final results is zero percent. Therefore, we will instruct CBP to liquidate all appropriate entries without regard to antidumping duties.

Cash Deposit Requirements

The following cash deposit rates will be effective upon publication of the final results of this administrative review for all shipments of light-walled rectangular pipe and tube from Turkey entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Tariff Act of 1930, as amended (the Act): (1) For Agir Haddecilik A.Ş., the cash deposit rate will be equal to the weighted-average dumping margin listed above; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which that manufacturer or exporter participated; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value (LTFV) investigation, but the producer is, the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the producer of the merchandise; and (4) if neither the exporter nor the producer is a firm covered in this review, any previous review, or the original investigation, the cash deposit rate will be 27.04 percent *ad valorem*, the “all others” rate established in the LTFV investigation. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order Notification to Interested Parties

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which

continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

This administrative review and notice are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213(h)(1).

SUPPLEMENTARY INFORMATION:

Background

The Department published the notice of initiation of this investigation on October 27, 2015.¹ For a complete description of the events that followed the initiation of this investigation, see the memorandum that is dated concurrently with this determination and hereby adopted by this notice.² A list of topics included in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (“ACCESS”). ACCESS is available to registered users at <https://access.trade.gov>, and to all parties in the Central Records Unit, room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be found at <http://enforcement.trade.gov/frn/>. The signed Preliminary Decision Memorandum and the electronic version of the Preliminary Decision Memorandum are identical in content.

As explained in the memorandum from the Acting Assistant Secretary for Enforcement and Compliance, the Department exercised its discretion to toll deadlines as a result of the closure of the Federal Government for Snowstorm Jonas.³ All deadlines in this segment of the proceeding have been extended by four business days. Furthermore, on March 3, 2016, based upon a request from Petitioners, the Department postponed the time period for the preliminary determination of this investigation by 40 days, to May 3, 2016, in accordance with section 733(c)(1)(B) of the Act and 19 CFR 351.205(f)(1).⁴

² See Memorandum from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, to Paul Piquado, Assistant Secretary for Enforcement and Compliance, “Decision Memorandum for the Preliminary Determination in the Antidumping Duty Investigation of Welded Stainless Pressure Pipe from India” (“Preliminary Decision Memorandum”), dated concurrently with this notice.

⁴ See *Welded Stainless Pressure Pipe from India: Postponement of Preliminary Determination of Antidumping Duty Investigation*, 81 FR 11179 (March 3, 2016).

Scope of the Investigation

The product covered by this investigation is circular welded austenitic stainless pressure pipe not greater than 14 inches in outside diameter, from India. For a full description of the scope of this investigation, see the “Scope of the Investigation,” in Appendix I.

Scope Comments

In accordance with the preamble to the Department’s regulations,⁵ the *Initiation Notice* set aside a period of time for parties to raise issues regarding product coverage (*i.e.*, “scope”).⁶ No party commented on the scope of the investigation as it appeared in the *Initiation Notice*, and the scope language is unchanged for this preliminary determination.

Methodology

The Department is conducting this investigation in accordance with section 731 of the Act. For the two mandatory respondents Steamline Industries Ltd (“Steamline”) and Sunrise Stainless Pvt. Ltd (“Sunrise”), we calculated export price (EP) and constructed export price (“CEP”) in accordance with section 772 of the Act, and normal value (“NV”) in accordance with section 773 of the Act. For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum.

All-Others Rate

Section 735(c)(5)(A) of the Act provides that the estimated all-others rate shall be an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero or *de minimis* margins, and any margins determined entirely under section 776 of the Act. Because we calculated a *de minimis* weighted-average dumping margin for Sunrise Stainless Pvt. Ltd. (“Sunrise”), we based the all-others rate on the margin calculated for Steamline Industries Ltd. (“Steamline”), the other mandatory respondent in this investigation.

Preliminary Determination

The Department preliminarily determines that the following estimated weighted-average dumping margins exist:

⁵ See *Antidumping Duties; Countervailing Duties*, 62 FR 27296, 27323 (May 19, 1997).

⁶ See *Initiation Notice*, 80 FR at 65696.
