

the Commission determines that such action is necessary or appropriate in furtherance of the purposes of the Exchange Act. Persons relying upon this exemptive relief shall discontinue transactions involving the Shares of the Funds, pending presentation of the facts for the Commission's consideration, in the event that any material change occurs with respect to any of the facts or representations made by the Requestors and, consistent with all preceding letters, particularly with respect to the close alignment between the market price of Shares and each Fund's NAV. In addition, persons relying on this exemptive relief are directed to the anti-fraud and anti-manipulation provisions of the Exchange Act, particularly Sections 9(a) and 10(b), and Rule 10b-5 thereunder. Responsibility for compliance with these and any other applicable provisions of the federal securities laws must rest with the persons relying on this exemptive relief.

This order should not be considered a view with respect to any other question that the proposed transactions may raise, including, but not limited to the adequacy of the disclosure concerning, and the applicability of other federal or state laws to, the proposed transactions.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁶

Robert W. Errett,
Deputy Secretary.

BILLING CODE 8011-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-77781; File No. SR-NASDAQ-2016-064]

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Notice of Filing of Proposed Rule Change Relating to the Listing and Trading of the Shares of the First Trust Strategic Mortgage REIT ETF of First Trust Exchange-Traded Fund VIII

May 6, 2016.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on May 3, 2016, The NASDAQ Stock Market LLC ("Nasdaq" or the "Exchange") filed with the Securities and Exchange Commission ("Commission") the

proposed rule change as described in Items I and II below, which Items have been prepared by Nasdaq. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Nasdaq proposes to list and trade the shares of the First Trust Strategic Mortgage REIT ETF (the "Fund") of First Trust Exchange-Traded Fund VIII (the "Trust") under Nasdaq Rule 5735 ("Managed Fund Shares").³ The shares of the Fund are collectively referred to herein as the "Shares."

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Nasdaq included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. Nasdaq has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to list and trade the Shares of the Fund under Nasdaq Rule 5735, which governs the listing and trading of Managed Fund Shares⁴ on the Exchange. The Fund will

³ The Commission approved Nasdaq Rule 5735 in Securities Exchange Act Release No. 57962 (June 13, 2008), 73 FR 35175 (June 20, 2008) (SR-NASDAQ-2008-039). There are already multiple actively-managed funds listed on the Exchange; see, e.g., Securities Exchange Act Release Nos. 72506 (July 1, 2014), 79 FR 38631 (July 8, 2014) (SR-NASDAQ-2014-050) (order approving listing and trading of First Trust Strategic Income ETF); 69464 (April 26, 2013), 78 FR 25774 (May 2, 2013) (SR-NASDAQ-2013-036) (order approving listing and trading of First Trust Senior Loan Fund); and 66489 (February 29, 2012), 77 FR 13379 (March 6, 2012) (SR-NASDAQ-2012-004) (order approving listing and trading of WisdomTree Emerging Markets Corporate Bond Fund). The Exchange believes the proposed rule change raises no significant issues not previously addressed in those prior Commission orders.

⁴ A Managed Fund Share is a security that represents an interest in an investment company registered under the Investment Company Act of 1940 (15 U.S.C. 80a-1) (the "1940 Act") organized as an open-end investment company or similar entity that invests in a portfolio of securities selected by its investment adviser consistent with its investment objectives and policies. In contrast, an open-end investment company that issues Index

be an actively-managed exchange-traded fund ("ETF"). The Shares will be offered by the Trust, which was established as a Massachusetts business trust on February 22, 2016.⁵ The Trust is registered with the Commission as an investment company and has filed a registration statement on Form N-1A ("Registration Statement") with the Commission.⁶ The Fund will be a series of the Trust.

First Trust Advisors L.P. will be the investment adviser ("Adviser") to the Fund. First Trust Portfolios L.P. (the "Distributor") will be the principal underwriter and distributor of the Fund's Shares. The Bank of New York Mellon Corporation ("BNY") will act as the administrator, accounting agent, custodian and transfer agent to the Fund.

Paragraph (g) of Rule 5735 provides that if the investment adviser to the investment company issuing Managed Fund Shares is affiliated with a broker-dealer, such investment adviser shall erect a "fire wall" between the investment adviser and the broker-dealer with respect to access to information concerning the composition and/or changes to such investment company portfolio.⁷ In addition,

Fund Shares, listed and traded on the Exchange under Nasdaq Rule 5705, seeks to provide investment results that correspond generally to the price and yield performance of a specific foreign or domestic stock index, fixed income securities index or combination thereof.

⁵ The Commission has issued an order, upon which the Trust may rely, granting certain exemptive relief under the 1940 Act. See Investment Company Act Release No. 28468 (October 27, 2008) (File No. 812-13477) (the "Exemptive Relief").

⁶ See Registration Statement on Form N-1A for the Trust, dated March 14, 2016 (File Nos. 333-210186 and 811-23147). The descriptions of the Fund and the Shares contained herein are based, in part, on information in the Registration Statement.

⁷ An investment adviser to an open-end fund is required to be registered under the Investment Advisers Act of 1940 (the "Advisers Act"). As a result, the Adviser and its related personnel are subject to the provisions of Rule 204A-1 under the Advisers Act relating to codes of ethics. This Rule requires investment advisers to adopt a code of ethics that reflects the fiduciary nature of the relationship to clients as well as compliance with other applicable securities laws. Accordingly, procedures designed to prevent the communication and misuse of non-public information by an investment adviser must be consistent with Rule 204A-1 under the Advisers Act. In addition, Rule 206(4)-7 under the Advisers Act makes it unlawful for an investment adviser to provide investment advice to clients unless such investment adviser has (i) adopted and implemented written policies and procedures reasonably designed to prevent violation, by the investment adviser and its supervised persons, of the Advisers Act and the Commission rules adopted thereunder; (ii) implemented, at a minimum, an annual review regarding the adequacy of the policies and procedures established pursuant to subparagraph (i) above and the effectiveness of their implementation; and (iii) designated an individual

⁶ 17 CFR 200.30-3(a)(6) and (9).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

paragraph (g) further requires that personnel who make decisions on the open-end fund's portfolio composition must be subject to procedures designed to prevent the use and dissemination of material, non-public information regarding the open-end fund's portfolio. Rule 5735(g) is similar to Nasdaq Rule 5705(b)(5)(A)(i); however, paragraph (g) in connection with the establishment of a "fire wall" between the investment adviser and the broker-dealer reflects the applicable open-end fund's portfolio, not an underlying benchmark index, as is the case with index-based funds. The Adviser is not a broker-dealer, but it is affiliated with the Distributor, a broker-dealer, and has implemented a fire wall with respect to its broker-dealer affiliate regarding access to information concerning the composition and/or changes to the portfolio. In addition, personnel who make decisions on the Fund's portfolio composition will be subject to procedures designed to prevent the use and dissemination of material non-public information regarding the Fund's portfolio. In the event (a) the Adviser or any sub-adviser registers as a broker-dealer, or becomes newly affiliated with a broker-dealer, or (b) any new adviser or sub-adviser is a registered broker-dealer or becomes affiliated with another broker-dealer, it will implement a fire wall with respect to its relevant personnel and/or such broker-dealer affiliate, as applicable, regarding access to information concerning the composition and/or changes to the portfolio and will be subject to procedures designed to prevent the use and dissemination of material non-public information regarding such portfolio. The Fund currently does not intend to use a sub-adviser.

The Fund intends to qualify each year as a regulated investment company under Subchapter M of the Internal Revenue Code of 1986, as amended.

First Trust Strategic Mortgage REIT ETF Principal Investments

The investment objective of the Fund will be to generate high current income. Under normal market conditions,⁸ the

(who is a supervised person) responsible for administering the policies and procedures adopted under subparagraph (i) above.

⁸ The term "under normal market conditions" as used herein includes, but is not limited to, the absence of adverse market, economic, political or other conditions, including extreme volatility or trading halts in the securities markets or the financial markets generally; operational issues causing dissemination of inaccurate market information; or *force majeure* type events such as systems failure, natural or man-made disaster, act of God, armed conflict, act of terrorism, riot or labor disruption or any similar intervening circumstance.

Fund will seek to achieve its investment objective by investing at least 80% of its net assets (including investment borrowings) in the exchange-traded common shares of U.S. exchange-traded mortgage real estate investment trusts ("mortgage REITs"). In general terms, a mortgage REIT makes loans to developers and owners of property and invests primarily in mortgages and similar real estate interests, and includes companies or trusts that are primarily engaged in the purchasing or servicing of commercial or residential mortgage loans or mortgage-related securities, which may include mortgage-backed securities issued by private issuers and those issued or guaranteed by U.S. Government agencies, instrumentalities or sponsored entities.

Other Investments

The Fund may invest (in the aggregate) up to 20% of its net assets in the following securities and instruments.

The Fund may invest in the exchange-traded preferred shares of U.S. exchange-traded mortgage REITs.

The Fund may invest in (i) U.S. exchange-traded equity and preferred securities and (ii) domestic over-the-counter ("OTC") preferred securities, in each case, of companies engaged in the U.S. real estate industry (other than mortgage REITs) (collectively, "Real Estate Companies").

The Fund may invest in mortgage-backed securities,⁹ and such investments may, from time to time, include investments in to-be-announced transactions¹⁰ and mortgage dollar

On a temporary basis, including for defensive purposes, during the initial invest-up period and during periods of high cash inflows or outflows, the Fund may depart from its principal investment strategies; for example, it may hold a higher than normal proportion of its assets in cash. During such periods, the Fund may not be able to achieve its investment objective. The Fund may adopt a defensive strategy when the Adviser believes securities in which the Fund normally invests have elevated risks due to political or economic factors and in other extraordinary circumstances.

⁹ Mortgage-backed securities, which are securities that directly or indirectly represent a participation in, or are secured by and payable from, mortgage loans on real property, will consist of: (1) Residential mortgage-backed securities ("RMBS"); (2) commercial mortgage-backed securities ("CMBS"); (3) stripped mortgage-backed securities ("SMBS"), which are mortgage-backed securities where mortgage payments are divided between paying the loan's principal and paying the loan's interest; (4) collateralized mortgage obligations ("CMOs") and real estate mortgage investment conduits ("REMICs"), which are mortgage-backed securities that are divided into multiple classes, with each class being entitled to a different share of the principal and interest payments received from the pool of underlying assets.

¹⁰ A to-be-announced ("TBA") transaction is a method of trading mortgage-backed securities. In a TBA transaction, the buyer and seller agree upon

rolls¹¹ (collectively, "Mortgage-Related Instruments").

The Fund may invest in exchange-traded and OTC options on mortgage REITs and Real Estate Companies; OTC options on mortgage TBA transactions; exchange-traded U.S. Treasury and Eurodollar futures contracts; exchange-traded and OTC interest rate swap agreements; exchange-traded options on U.S. Treasury and Eurodollar futures contracts; and exchange-traded and OTC options on interest rate swap agreements. The use of these derivative transactions may allow the Fund to obtain net long or short exposures to selected interest rates. These derivatives may also be used to hedge risks, including interest rate risks and credit risks, associated with the Fund's portfolio investments. The Fund's investments in derivative instruments will be consistent with the Fund's investment objective and the 1940 Act and will not be used to seek to achieve a multiple or inverse multiple of an index. The Fund will only enter into transactions in OTC derivatives (including OTC options on mortgage REITs, Real Estate Companies and mortgage TBA transactions; OTC interest rate swap agreements; and OTC options on interest rate swap agreements) with counterparties that the Adviser reasonably believes are capable of performing under the applicable contract or agreement.¹²

The Fund may invest in short-term debt securities and other short-term debt instruments (described below), as well as cash equivalents, or it may hold cash.

general trade parameters such as agency, settlement date, par amount, and price. The actual pools delivered generally are determined two days prior to the settlement date.

¹¹ In a mortgage dollar roll, the Fund will sell (or buy) mortgage-backed securities for delivery on a specified date and simultaneously contract to repurchase (or sell) substantially similar (same type, coupon and maturity) securities on a future date. During the period between a sale and repurchase, the Fund will forgo principal and interest paid on the mortgage-backed securities. The Fund will earn or lose money on a mortgage dollar roll from any difference between the sale price and the future purchase price. In a sale and repurchase, the Fund will also earn money on the interest earned on the cash proceeds of the initial sale. The Fund intends to enter into mortgage dollar rolls only with high quality securities dealers and banks, as determined by the Adviser.

¹² The Fund will seek, where possible, to use counterparties, as applicable, whose financial status is such that the risk of default is reduced; however, the risk of losses resulting from default is still possible. The Adviser will evaluate the creditworthiness of counterparties on an ongoing basis. In addition to information provided by credit agencies, the Adviser's analysis will evaluate each approved counterparty using various methods of analysis and may consider the Adviser's past experience with the counterparty, its known disciplinary history and its share of market participation.

The percentage of the Fund invested in such holdings or held in cash will vary and will depend on several factors, including market conditions. The Fund may invest in the following short-term debt instruments:¹³ (1) Fixed rate and floating rate U.S. government securities, including bills, notes and bonds differing as to maturity and rates of interest, which are either issued or guaranteed by the U.S. Treasury or by U.S. government agencies or instrumentalities; (2) certificates of deposit issued against funds deposited in a bank or savings and loan association; (3) bankers' acceptances, which are short-term credit instruments used to finance commercial transactions; (4) repurchase agreements,¹⁴ which involve purchases of debt securities; (5) bank time deposits, which are monies kept on deposit with banks or savings and loan associations for a stated period of time at a fixed rate of interest; and (6) commercial paper, which is short-term unsecured promissory notes.¹⁵

The Fund may invest (but only, in the aggregate, up to 10% of its net assets) in the securities of money market funds and other ETFs¹⁶ that, in each case, will

¹³ Short-term debt instruments are issued by issuers having a long-term debt rating of at least A by Standard & Poor's Ratings Services, a Division of The McGraw-Hill Companies, Inc. ("S&P Ratings"), Moody's Investors Service, Inc. ("Moody's") or Fitch Ratings ("Fitch") and have a maturity of one year or less.

¹⁴ The Fund intends to enter into repurchase agreements only with financial institutions and dealers believed by the Adviser to present minimal credit risks in accordance with criteria approved by the Board of Trustees of the Trust ("Trust Board"). The Adviser will review and monitor the creditworthiness of such institutions. The Adviser will monitor the value of the collateral at the time the transaction is entered into and at all times during the term of the repurchase agreement.

¹⁵ The Fund may only invest in commercial paper rated A-1 or higher by S&P Ratings, Prime-1 or higher by Moody's or F1 or higher by Fitch.

¹⁶ An ETF is an investment company registered under the 1940 Act that holds a portfolio of securities. Many ETFs are designed to track the performance of a securities index, including industry, sector, country and region indexes. ETFs included in the Fund will be listed and traded in the U.S. on registered exchanges. The Fund may invest in the securities of ETFs in excess of the limits imposed under the 1940 Act pursuant to exemptive orders obtained by other ETFs and their sponsors from the Commission. In addition, the Fund may invest in the securities of certain other investment companies in excess of the limits imposed under the 1940 Act pursuant to an exemptive order that the Trust has obtained from the Commission. See Investment Company Act Release No. 30377 (February 5, 2013) (File No. 812-13895). The ETFs in which the Fund may invest include Index Fund Shares (as described in Nasdaq Rule 5705), Portfolio Depository Receipts (as described in Nasdaq Rule 5705), and Managed Fund Shares (as described in Nasdaq Rule 5735). While the Fund may invest in inverse ETFs, the Fund will not invest in leveraged or inverse leveraged (e.g., 2X or -3X) ETFs.

be investment companies registered under the 1940 Act.

Investment Restrictions

The Fund may enter into short sales as part of its overall portfolio management strategies or to offset a potential decline in the value of a security; however, the Fund will not engage in short sales with respect to more than 30% of the value of its net assets. To the extent required under applicable federal securities laws, rules, and interpretations thereof, the Fund will "set aside" liquid assets or engage in other measures to "cover" open positions and short positions held in connection with the foregoing types of transactions.

The Fund may hold up to an aggregate amount of 15% of its net assets in illiquid assets (calculated at the time of investment), including Rule 144A securities deemed illiquid by the Adviser.¹⁷ The Fund will monitor its portfolio liquidity on an ongoing basis to determine whether, in light of current circumstances, an adequate level of liquidity is being maintained, and will consider taking appropriate steps in order to maintain adequate liquidity if, through a change in values, net assets, or other circumstances, more than 15% of the Fund's net assets are held in illiquid assets. Illiquid assets include securities subject to contractual or other restrictions on resale and other instruments that lack readily available markets as determined in accordance with Commission staff guidance.¹⁸

The Fund may not invest 25% or more of the value of its total assets in

¹⁷ In reaching liquidity decisions, the Adviser may consider the following factors: the frequency of trades and quotes for the security; the number of dealers wishing to purchase or sell the security and the number of other potential purchasers; dealer undertakings to make a market in the security; and the nature of the security and the nature of the marketplace in which it trades (e.g., the time needed to dispose of the security, the method of soliciting offers and the mechanics of transfer).

¹⁸ The Commission has stated that long-standing Commission guidelines have required open-end funds to hold no more than 15% of their net assets in illiquid securities and other illiquid assets. See Investment Company Act Release No. 28193 (March 11, 2008), 73 FR 14618 (March 18, 2008), footnote 34. See also Investment Company Act Release No. 5847 (October 21, 1969), 35 FR 19989 (December 31, 1970) (Statement Regarding "Restricted Securities"); Investment Company Act Release No. 18612 (March 12, 1992), 57 FR 9828 (March 20, 1992) (Revisions of Guidelines to Form N-1A). A fund's portfolio security is illiquid if it cannot be disposed of in the ordinary course of business within seven days at approximately the value ascribed to it by the fund. See Investment Company Act Release No. 14983 (March 12, 1986), 51 FR 9773 (March 21, 1986) (adopting amendments to Rule 2a-7 under the 1940 Act); Investment Company Act Release No. 17452 (April 23, 1990), 55 FR 17933 (April 30, 1990) (adopting Rule 144A under the Securities Act of 1933).

securities of issuers in any one industry.¹⁹ This restriction does not apply to securities of issuers in the real estate sector, including real estate investment trusts; obligations issued or guaranteed by the U.S. government, its agencies or instrumentalities; or securities of other investment companies. The Fund will be concentrated in the real estate sector.

Creation and Redemption of Shares

The Fund will issue and redeem Shares on a continuous basis at net asset value ("NAV")²⁰ only in large blocks of Shares ("Creation Units") in transactions with authorized participants, generally including broker-dealers and large institutional investors ("Authorized Participants"). Creation Units generally will consist of 50,000 Shares, although this may change from time to time. Creation Units, however, are not expected to consist of less than 50,000 Shares. As described in the Registration Statement and consistent with the Exemptive Relief, the Fund will issue and redeem Creation Units in exchange for an in-kind portfolio of instruments and/or cash in lieu of such instruments (the "Creation Basket").²¹ In addition, if there is a difference between the NAV attributable to a Creation Unit and the market value of the Creation Basket exchanged for the Creation Unit, the party conveying instruments with the lower value will pay to the other an amount in cash equal to the difference (referred to as the "Cash Component").

Creations and redemptions must be made by or through an Authorized Participant that has executed an agreement that has been agreed to by the Distributor and BNY with respect to creations and redemptions of Creation Units. All standard orders to create Creation Units must be received by the transfer agent no later than the closing time of the regular trading session on the NYSE (ordinarily 4:00 p.m., Eastern

¹⁹ See Form N-1A, Item 9. The Commission has taken the position that a fund is concentrated if it invests more than 25% of the value of its total assets in any one industry. See, e.g., Investment Company Act Release No. 9011 (October 30, 1975), 40 FR 54241 (November 21, 1975).

²⁰ The NAV of the Fund's Shares generally will be calculated once daily Monday through Friday as of the close of regular trading on the New York Stock Exchange ("NYSE"), generally 4:00 p.m., Eastern Time (the "NAV Calculation Time"). NAV per Share will be calculated by dividing the Fund's net assets by the number of Fund Shares outstanding.

²¹ It is expected that the Fund will typically issue and redeem Creation Units on an in-kind basis; however, subject to, and in accordance with, the provisions of the Exemptive Relief, the Fund may, at times, issue and redeem Creation Units on a cash (or partially cash) basis.

Time) (the "Closing Time") in each case on the date such order is placed in order for the creation of Creation Units to be effected based on the NAV of Shares as next determined on such date after receipt of the order in proper form. Shares may be redeemed only in Creation Units at their NAV next determined after receipt not later than the Closing Time of a redemption request in proper form by the Fund through the transfer agent and only on a business day.

The Fund's custodian, through the National Securities Clearing Corporation, will make available on each business day, prior to the opening of business of the Exchange, the list of the names and quantities of the instruments comprising the Creation Basket, as well as the estimated Cash Component (if any), for that day. The published Creation Basket will apply until a new Creation Basket is announced on the following business day prior to commencement of trading in the Shares.

Net Asset Value

The Fund's NAV will be determined as of Closing Time on each day the NYSE is open for trading. If the NYSE closes early on a valuation day, the NAV will be determined as of that time. NAV per Share will be calculated for the Fund by taking the value of the Fund's total assets, including interest or dividends accrued but not yet collected, less all liabilities, including accrued expenses and dividends declared but unpaid, and dividing such amount by the total number of Shares outstanding. The result, rounded to the nearest cent, will be the NAV per Share. All valuations will be subject to review by the Trust Board or its delegate.

The Fund's investments will be valued daily. As described more specifically below, investments traded on an exchange (*i.e.*, a regulated market), will generally be valued at market value prices that represent last sale or official closing prices. In addition, as described more specifically below, non-exchange traded investments will generally be valued using prices obtained from third-party pricing services (each, a "Pricing Service").²² If, however, valuations for any of the Fund's investments cannot be readily obtained as provided in the preceding manner, or the Pricing Committee of the Adviser (the "Pricing Committee")²³ questions the accuracy

or reliability of valuations that are so obtained, such investments will be valued at fair value, as determined by the Pricing Committee, in accordance with valuation procedures (which may be revised from time to time) adopted by the Trust Board (the "Valuation Procedures"), and in accordance with provisions of the 1940 Act. The Pricing Committee's fair value determinations may require subjective judgments about the value of an investment. The fair valuations attempt to estimate the value at which an investment could be sold at the time of pricing, although actual sales could result in price differences, which could be material.

Certain securities in which the Fund may invest will not be listed on any securities exchange or board of trade. Such securities will typically be bought and sold by institutional investors in individually negotiated private transactions that function in many respects like an OTC secondary market, although typically no formal market makers will exist. Certain securities, particularly debt securities, will have few or no trades, or trade infrequently, and information regarding a specific security may not be widely available or may be incomplete. Accordingly, determinations of the value of debt securities may be based on infrequent and dated information. Because there is less reliable, objective data available, elements of judgment may play a greater role in valuation of debt securities than for other types of securities.

The information summarized below is based on the Valuation Procedures as currently in effect; however, as noted above, the Valuation Procedures are amended from time to time and, therefore, such information is subject to change.

The following investments will typically be valued using information provided by a Pricing Service: (a) Mortgage-Related Instruments; (b) OTC derivatives (including OTC options on mortgage REITs, Real Estate Companies and mortgage TBA transactions; OTC interest rate swap agreements; and OTC options on interest rate swap agreements); (c) OTC preferred securities of Real Estate Companies; and (d) except as provided below, short-term U.S. government securities, commercial paper, and bankers' acceptances, all as set forth under "Other Investments" (collectively, "Short-Term Debt Instruments"). Debt instruments may be valued at evaluated mean prices, as provided by Pricing Services. Pricing Services typically value non-exchange-

traded instruments utilizing a range of market-based inputs and assumptions, including readily available market quotations obtained from broker-dealers making markets in such instruments, cash flows, and transactions for comparable instruments. In pricing certain instruments, the Pricing Services may consider information about an instrument's issuer or market activity provided by the Adviser.

Short-Term Debt Instruments having a remaining maturity of 60 days or less when purchased will typically be valued at cost adjusted for amortization of premiums and accretion of discounts, provided the Pricing Committee has determined that the use of amortized cost is an appropriate reflection of value given market and issuer-specific conditions existing at the time of the determination.

Certificates of deposit and bank time deposits will typically be valued at cost.

Repurchase agreements will typically be valued as follows: Overnight repurchase agreements will be valued at amortized cost when it represents the best estimate of value. Term repurchase agreements (*i.e.*, those whose maturity exceeds seven days) will be valued at the average of the bid quotations obtained daily from at least two recognized dealers.

Common stocks and other equity securities (including mortgage REITs (both common and preferred shares); ETFs; and exchange-traded Real Estate Companies), as well as preferred securities of Real Estate Companies, that are listed on any exchange other than the Exchange will typically be valued at the last sale price on the exchange on which they are principally traded on the business day as of which such value is being determined. Such securities listed on the Exchange will typically be valued at the official closing price on the business day as of which such value is being determined. If there has been no sale on such day, or no official closing price in the case of securities traded on the Exchange, such securities will typically be valued using fair value pricing. Such securities traded on more than one securities exchange will be valued at the last sale price or official closing price, as applicable, on the business day as of which such value is being determined at the close of the exchange representing the principal market for such securities.

Money market funds will typically be valued at their net asset values as reported by such funds to Pricing Services.

Exchange-traded options on mortgage REITs and Real Estate Companies, exchange-traded U.S. Treasury and

²²The Adviser may use various Pricing Services or discontinue the use of any Pricing Services, as approved by the Trust Board from time to time.

²³The Pricing Committee will be subject to procedures designed to prevent the use and

dissemination of material non-public information regarding the Fund's portfolio.

Eurodollar futures contracts, exchange-traded interest rate swap agreements, exchange-traded options on U.S. Treasury and Eurodollar futures contracts, and exchange-traded options on interest rate swap agreements will typically be valued at the closing price in the market where such instruments are principally traded.

Availability of Information

The Fund's Web site (www.ftportfolios.com), which will be publicly available prior to the public offering of Shares, will include a form of the prospectus for the Fund that may be downloaded. The Web site will include the Shares' ticker, CUSIP and exchange information along with additional quantitative information updated on a daily basis, including, for the Fund: (1) Daily trading volume, the prior business day's reported NAV and closing price, mid-point of the bid/ask spread at the time of calculation of such NAV (the "Bid/Ask Price"),²⁴ and a calculation of the premium and discount of the Bid/Ask Price against the NAV; and (2) data in chart format displaying the frequency distribution of discounts and premiums of the daily Bid/Ask Price against the NAV, within appropriate ranges, for each of the four previous calendar quarters. On each business day, before commencement of trading in Shares in the Regular Market Session²⁵ on the Exchange, the Fund will disclose on its Web site the identities and quantities of the portfolio of securities and other assets (the "Disclosed Portfolio" as defined in Nasdaq Rule 5735(c)(2)) held by the Fund that will form the basis for the Fund's calculation of NAV at the end of the business day.²⁶

The Fund's disclosure of derivative positions in the Disclosed Portfolio will include sufficient information for market participants to use to value these positions intraday. On a daily basis, the Fund will disclose on the Fund's Web

site the following information regarding each portfolio holding, as applicable to the type of holding: Ticker symbol, CUSIP number or other identifier, if any; a description of the holding (including the type of holding, such as the type of swap); the identity of the security or other asset or instrument underlying the holding, if any; for options, the option strike price; quantity held (as measured by, for example, par value, notional value or number of shares, contracts or units); maturity date, if any; coupon rate, if any; effective date, if any; market value of the holding; and percentage weighting of the holding in the Fund's portfolio. The Web site information will be publicly available at no charge.

In addition, for the Fund, an estimated value, defined in Rule 5735(c)(3) as the "Intraday Indicative Value," that reflects an estimated intraday value of the Fund's Disclosed Portfolio, will be disseminated. Moreover, the Intraday Indicative Value, available on the NASDAQ OMX Information LLC proprietary index data service,²⁷ will be based upon the current value for the components of the Disclosed Portfolio and will be updated and widely disseminated by one or more major market data vendors and broadly displayed at least every 15 seconds during the Regular Market Session. The Intraday Indicative Value will be based on quotes and closing prices from the securities' local market and may not reflect events that occur subsequent to the local market's close. Premiums and discounts between the Intraday Indicative Value and the market price may occur. This should not be viewed as a "real time" update of the NAV per Share of the Fund, which is calculated only once a day.

The dissemination of the Intraday Indicative Value, together with the Disclosed Portfolio, will allow investors to determine the value of the underlying portfolio of the Fund on a daily basis and will provide a close estimate of that value throughout the trading day.

Investors will also be able to obtain the Fund's Statement of Additional Information ("SAI"), the Fund's annual and semi-annual reports (together, "Shareholder Reports"), and its Form N-CSR and Form N-SAR, filed twice a year. The Fund's SAI and Shareholder

Reports will be available free upon request from the Fund, and those documents and the Form N-CSR and Form N-SAR may be viewed on-screen or downloaded from the Commission's Web site at www.sec.gov. Information regarding market price and trading volume of the Shares will be continually available on a real-time basis throughout the day on brokers' computer screens and other electronic services. Information regarding the previous day's closing price and trading volume information for the Shares will be published daily in the financial section of newspapers. Quotation and last sale information for the Shares will be available via Nasdaq proprietary quote and trade services, as well as in accordance with the Unlisted Trading Privileges and the Consolidated Tape Association ("CTA") plans for the Shares. Quotation and last sale information for U.S. exchange-traded equity securities (including mortgage REITs, ETFs and exchange-traded Real Estate Companies) will be available from the exchanges on which they are traded as well as in accordance with any applicable CTA plans. Quotation and last sale information for U.S. exchange-traded options will be available via the Options Price Reporting Authority.

Pricing information for Mortgage-Related Instruments, OTC Real Estate Companies, Short-Term Debt Instruments, repurchase agreements, certificates of deposit, bank time deposits, OTC options on mortgage REITs, Real Estate Companies and mortgage TBA transactions, OTC interest rate swap agreements, and OTC options on interest rate swap agreements will be available from major broker-dealer firms and/or major market data vendors and/or Pricing Services. Pricing information for mortgage REITs (both common and preferred shares), exchange-traded Real Estate Companies, ETFs, exchange-traded options on mortgage REITs and Real Estate Companies, exchange-traded U.S. Treasury and Eurodollar futures contracts, exchange-traded interest rate swap agreements, exchange-traded options on U.S. Treasury and Eurodollar futures contracts, and exchange-traded options on interest rate swap agreements will be available from the applicable listing exchange and from major market data vendors. Money market funds are typically priced once each business day and their prices will be available through the applicable fund's Web site or from major market data vendors.

Additional information regarding the Fund and the Shares, including investment strategies, risks, creation and

²⁴ The Bid/Ask Price of the Fund will be determined using the mid-point of the highest bid and the lowest offer on the Exchange as of the time of calculation of the Fund's NAV. The records relating to Bid/Ask Prices will be retained by the Fund and its service providers.

²⁵ See Nasdaq Rule 4120(b)(4) (describing the three trading sessions on the Exchange: (1) Pre-Market Session from 4 a.m. to 9:30 a.m., Eastern Time; (2) Regular Market Session from 9:30 a.m. to 4 p.m. or 4:15 p.m., Eastern Time; and (3) Post-Market Session from 4 p.m. or 4:15 p.m. to 8 p.m., Eastern Time).

²⁶ Under accounting procedures to be followed by the Fund, trades made on the prior business day ("T") will be booked and reflected in NAV on the current business day ("T+1"). Accordingly, the Fund will be able to disclose at the beginning of the business day the portfolio that will form the basis for the NAV calculation at the end of the business day.

²⁷ Currently, the NASDAQ OMX Global Index Data Service ("GIDS") is the Nasdaq global index data feed service, offering real-time updates, daily summary messages, and access to widely followed indexes and Intraday Indicative Values for ETFs. GIDS provides investment professionals with the daily information needed to track or trade Nasdaq indexes, listed ETFs, or third-party partner indexes and ETFs.

redemption procedures, fees, Fund holdings disclosure policies, distributions and taxes will be included in the Registration Statement.

Initial and Continued Listing

The Shares will be subject to Rule 5735, which sets forth the initial and continued listing criteria applicable to Managed Fund Shares. The Exchange represents that, for initial and continued listing, the Fund must be in compliance with Rule 10A-3²⁸ under the Act. A minimum of 100,000 Shares will be outstanding at the commencement of trading on the Exchange. The Exchange will obtain a representation from the issuer of the Shares that the NAV per Share will be calculated daily and that the NAV and the Disclosed Portfolio will be made available to all market participants at the same time.

Trading Halts

With respect to trading halts, the Exchange may consider all relevant factors in exercising its discretion to halt or suspend trading in the Shares of the Fund. Nasdaq will halt trading in the Shares under the conditions specified in Nasdaq Rules 4120 and 4121, including the trading pauses under Nasdaq Rules 4120(a)(11) and (12). Trading may be halted because of market conditions or for reasons that, in the view of the Exchange, make trading in the Shares inadvisable. These may include: (1) The extent to which trading is not occurring in the securities and/or the other assets constituting the Disclosed Portfolio of the Fund; or (2) whether other unusual conditions or circumstances detrimental to the maintenance of a fair and orderly market are present. Trading in the Shares also will be subject to Rule 5735(d)(2)(D), which sets forth circumstances under which Shares of the Fund may be halted.

Trading Rules

Nasdaq deems the Shares to be equity securities, thus rendering trading in the Shares subject to Nasdaq's existing rules governing the trading of equity securities. Nasdaq will allow trading in the Shares from 4:00 a.m. until 8:00 p.m., Eastern Time. The Exchange has appropriate rules to facilitate transactions in the Shares during all trading sessions. As provided in Nasdaq Rule 5735(b)(3), the minimum price variation for quoting and entry of orders in Managed Fund Shares traded on the Exchange is \$0.01.

Surveillance

The Exchange represents that trading in the Shares will be subject to the existing trading surveillances, administered by both Nasdaq and also the Financial Industry Regulatory Authority ("FINRA") on behalf of the Exchange, which are designed to detect violations of Exchange rules and applicable federal securities laws.²⁹ The Exchange represents that these procedures are adequate to properly monitor Exchange trading of the Shares in all trading sessions and to deter and detect violations of Exchange rules and applicable federal securities laws.

The surveillances referred to above generally focus on detecting securities trading outside their normal patterns, which could be indicative of manipulative or other violative activity. When such situations are detected, surveillance analysis follows and investigations are opened, where appropriate, to review the behavior of all relevant parties for all relevant trading violations.

FINRA, on behalf of the Exchange, will communicate as needed regarding trading in the Shares and the exchange-traded securities and instruments held by the Fund (including mortgage REITs (both common and preferred shares); exchange-traded Real Estate Companies; ETFs; exchange-traded options on mortgage REITs and Real Estate Companies; exchange-traded U.S. Treasury and Eurodollar futures contracts; exchange-traded interest rate swap agreements; exchange-traded options on U.S. Treasury and Eurodollar futures contracts; and exchange-traded options on interest rate swap agreements) with other markets and other entities that are members of the Intermarket Surveillance Group ("ISG"),³⁰ and FINRA may obtain trading information regarding trading in the Shares and such exchange-traded securities and instruments held by the Fund from such markets and other entities. In addition, the Exchange may obtain information regarding trading in the Shares and the exchange-traded securities and instruments held by the Fund from markets and other entities that are members of ISG, which includes securities and futures exchanges, or with which the Exchange has in place

²⁹ FINRA surveils trading on the Exchange pursuant to a regulatory services agreement. The Exchange is responsible for FINRA's performance under this regulatory services agreement.

³⁰ For a list of the current members of ISG, see www.isgportal.org. The Exchange notes that not all components of the Disclosed Portfolio may trade on markets that are members of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement.

a comprehensive surveillance sharing agreement. Moreover, FINRA, on behalf of the Exchange, will be able to access, as needed, trade information for certain fixed income securities held by the Fund reported to FINRA's Trade Reporting and Compliance Engine ("TRACE").

At least 90% of the Fund's net assets that are invested in exchange-traded derivatives (including exchange-traded options on mortgage REITs and Real Estate Companies; exchange-traded U.S. Treasury and Eurodollar futures contracts; exchange-traded interest rate swap agreements; exchange-traded options on U.S. Treasury and Eurodollar futures contracts; and exchange-traded options on interest rate swap agreements) (in the aggregate) will be invested in instruments that trade in markets that are members of ISG or are parties to a comprehensive surveillance sharing agreement with the Exchange. All of the Fund's net assets that are invested in exchange-traded equity securities (including mortgage REITs (both common and preferred shares); ETFs; and exchange-traded Real Estate Companies) (in the aggregate) will be invested in securities that trade in markets that are members of ISG or are parties to a comprehensive surveillance sharing agreement with the Exchange.

In addition, the Exchange also has a general policy prohibiting the distribution of material, non-public information by its employees.

Information Circular

Prior to the commencement of trading, the Exchange will inform its members in an Information Circular of the special characteristics and risks associated with trading the Shares. Specifically, the Information Circular will discuss the following: (1) The procedures for purchases and redemptions of Shares in Creation Units (and that Shares are not individually redeemable); (2) Nasdaq Rule 2111A, which imposes suitability obligations on Nasdaq members with respect to recommending transactions in the Shares to customers; (3) how information regarding the Intraday Indicative Value and the Disclosed Portfolio is disseminated; (4) the risks involved in trading the Shares during the Pre-Market and Post-Market Sessions when an updated Intraday Indicative Value will not be calculated or publicly disseminated; (5) the requirement that members deliver a prospectus to investors purchasing newly issued Shares prior to or concurrently with the confirmation of a transaction; and (6) trading information. The Information Circular will also

²⁸ See 17 CFR 240.10A-3.

discuss any exemptive, no-action and interpretive relief granted by the Commission from any rules under the Act.

Additionally, the Information Circular will reference that the Fund is subject to various fees and expenses described in the Registration Statement. The Information Circular will also disclose the trading hours of the Shares of the Fund and the applicable NAV Calculation Time for the Shares. The Information Circular will disclose that information about the Shares of the Fund will be publicly available on the Fund's Web site.

All statements and representations made in this filing regarding (a) the description of the portfolio, (b) limitations on portfolio holdings or reference assets, or (c) the applicability of Exchange rules and surveillance procedures shall constitute continued listing requirements for listing the Shares on the Exchange. In addition, the issuer has represented to the Exchange that it will advise the Exchange of any failure by the Fund to comply with the continued listing requirements, and, pursuant to its obligations under Section 19(g)(1) of the Act, the Exchange will monitor for compliance with the continued listing requirements. If the Fund is not in compliance with the applicable listing requirements, the Exchange will commence delisting procedures under the Nasdaq 5800 Series.

2. Statutory Basis

Nasdaq believes that the proposal is consistent with Section 6(b) of the Act in general and Section 6(b)(5) of the Act in particular in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanism of a free and open market and, in general, to protect investors and the public interest.

The Exchange believes that the proposed rule change is designed to prevent fraudulent and manipulative acts and practices in that the Shares will be listed and traded on the Exchange pursuant to the initial and continued listing criteria in Nasdaq Rule 5735. The Exchange represents that trading in the Shares will be subject to the existing trading surveillances, administered by both Nasdaq and also FINRA on behalf of the Exchange, which are designed to detect violations of Exchange rules and applicable federal securities laws.

The Adviser is not a broker-dealer, but it is affiliated with the Distributor, a broker-dealer, and is required to implement a "fire wall" with respect to such broker-dealer affiliate regarding access to information concerning the composition and/or changes to the Fund's portfolio. In addition, paragraph (g) of Nasdaq Rule 5735 further requires that personnel who make decisions on the open-end fund's portfolio composition must be subject to procedures designed to prevent the use and dissemination of material non-public information regarding the open-end fund's portfolio.

FINRA, on behalf of the Exchange, will communicate as needed regarding trading in the Shares and the exchange-traded securities and instruments held by the Fund (including mortgage REITs (both common and preferred shares); exchange-traded Real Estate Companies; ETFs; exchange-traded options on mortgage REITs and Real Estate Companies; exchange-traded U.S. Treasury and Eurodollar futures contracts; exchange-traded interest rate swap agreements; exchange-traded options on U.S. Treasury and Eurodollar futures contracts; and exchange-traded options on interest rate swap agreements) with other markets and other entities that are members of ISG, and FINRA may obtain trading information regarding trading in the Shares and such exchange-traded securities and instruments held by the Fund from such markets and other entities. In addition, the Exchange may obtain information regarding trading in the Shares and the exchange-traded securities and instruments held by the Fund from markets and other entities that are members of ISG, which includes securities and futures exchanges, or with which the Exchange has in place a comprehensive surveillance sharing agreement. Moreover, FINRA, on behalf of the Exchange, will be able to access, as needed, trade information for certain fixed income securities held by the Fund reported to FINRA's TRACE.

At least 90% of the Fund's net assets that are invested in exchange-traded derivatives (including exchange-traded options on mortgage REITs and Real Estate Companies; exchange-traded U.S. Treasury and Eurodollar futures contracts; exchange-traded interest rate swap agreements; exchange-traded options on U.S. Treasury and Eurodollar futures contracts; and exchange-traded options on interest rate swap agreements) (in the aggregate) will be invested in instruments that trade in markets that are members of ISG or are parties to a comprehensive surveillance sharing agreement with the Exchange.

All of the Fund's net assets that are invested in exchange-traded equity securities (including mortgage REITs (both common and preferred shares); ETFs; and exchange-traded Real Estate Companies) (in the aggregate) will be invested in securities that trade in markets that are members of ISG or are parties to a comprehensive surveillance sharing agreement with the Exchange.

The investment objective of the Fund will be to generate high current income. Under normal market conditions, the Fund will seek to achieve its investment objective by investing at least 80% of its net assets (including investment borrowings) in the exchange-traded common shares of U.S. exchange-traded mortgage REITs. The Fund may invest up to 20% of its net assets in the exchange-traded preferred shares of U.S. exchange-traded mortgage REITs. Additionally, the Fund may invest up to 20% of its net assets in derivative instruments (including exchange-traded and OTC options on mortgage REITs and Real Estate Companies; OTC options on mortgage TBA transactions; exchange-traded U.S. Treasury and Eurodollar futures contracts; exchange-traded and OTC interest rate swap agreements; exchange-traded options on U.S. Treasury and Eurodollar futures contracts; and exchange-traded and OTC options on interest rate swap agreements). The Fund's investments in derivative instruments will be consistent with the Fund's investment objective and the 1940 Act and will not be used to seek to achieve a multiple or inverse multiple of an index. Also, the Fund may hold up to an aggregate amount of 15% of its net assets in illiquid assets (calculated at the time of investment), including Rule 144A securities deemed illiquid by the Adviser. The Fund will monitor its portfolio liquidity on an ongoing basis to determine whether, in light of current circumstances, an adequate level of liquidity is being maintained, and will consider taking appropriate steps in order to maintain adequate liquidity if, through a change in values, net assets, or other circumstances, more than 15% of the Fund's net assets are held in illiquid assets. Illiquid assets include securities subject to contractual or other restrictions on resale and other instruments that lack readily available markets as determined in accordance with Commission staff guidance.

The proposed rule change is designed to promote just and equitable principles of trade and to protect investors and the public interest in that the Exchange will obtain a representation from the issuer of the Shares that the NAV per Share will be calculated daily and that the

NAV and the Disclosed Portfolio will be made available to all market participants at the same time. In addition, a large amount of information will be publicly available regarding the Fund and the Shares, thereby promoting market transparency. Moreover, the Intraday Indicative Value, available on the NASDAQ OMX Information LLC proprietary index data service, will be widely disseminated by one or more major market data vendors and broadly displayed at least every 15 seconds during the Regular Market Session. On each business day, before commencement of trading in Shares in the Regular Market Session on the Exchange, the Fund will disclose on its Web site the Disclosed Portfolio that will form the basis for the Fund's calculation of NAV at the end of the business day. Information regarding market price and trading volume of the Shares will be continually available on a real-time basis throughout the day on brokers' computer screens and other electronic services, and quotation and last sale information for the Shares will be available via Nasdaq proprietary quote and trade services, as well as in accordance with the Unlisted Trading Privileges and the CTA plans for the Shares. Pricing information for Mortgage-Related Instruments, OTC Real Estate Companies, Short-Term Debt Instruments, repurchase agreements, certificates of deposit, bank time deposits, OTC options on mortgage REITs, Real Estate Companies and mortgage TBA transactions, OTC interest rate swap agreements, and OTC options on interest rate swap agreements will be available from major broker-dealer firms and/or major market data vendors and/or Pricing Services. Pricing information for mortgage REITs (both common and preferred shares), exchange-traded Real Estate Companies, ETFs, exchange-traded options on mortgage REITs and Real Estate Companies, exchange-traded U.S. Treasury and Eurodollar futures contracts, exchange-traded interest rate swap agreements, exchange-traded options on U.S. Treasury and Eurodollar futures contracts, and exchange-traded options on interest rate swap agreements will be available from the applicable listing exchange and from major market data vendors. Money market funds are typically priced once each business day and their prices will be available through the applicable fund's Web site or from major market data vendors.

The Fund's Web site will include a form of the prospectus for the Fund and additional data relating to NAV and

other applicable quantitative information. Trading in Shares of the Fund will be halted under the conditions specified in Nasdaq Rules 4120 and 4121 or because of market conditions or for reasons that, in the view of the Exchange, make trading in the Shares inadvisable, and trading in the Shares will be subject to Nasdaq Rule 5735(d)(2)(D), which sets forth circumstances under which Shares of the Fund may be halted. In addition, as noted above, investors will have ready access to information regarding the Fund's holdings, the Intraday Indicative Value, the Disclosed Portfolio, and quotation and last sale information for the Shares.

The Fund's investments will be valued daily. Investments traded on an exchange (*i.e.*, a regulated market), will generally be valued at market value prices that represent last sale or official closing prices. Non-exchange traded investments will generally be valued using prices obtained from a Pricing Service. If, however, valuations for any of the Fund's investments cannot be readily obtained as provided in the preceding manner, or the Pricing Committee questions the accuracy or reliability of valuations that are so obtained, such investments will be valued at fair value, as determined by the Pricing Committee, in accordance with the Valuation Procedures and in accordance with provisions of the 1940 Act.

The proposed rule change is designed to perfect the mechanism of a free and open market and, in general, to protect investors and the public interest in that it will facilitate the listing and trading of an additional type of actively-managed exchange-traded product that will enhance competition among market participants, to the benefit of investors and the marketplace. As noted above, FINRA, on behalf of the Exchange, will communicate as needed regarding trading in the Shares and exchange-traded securities and instruments held by the Fund (including mortgage REITs (both common and preferred shares); exchange-traded Real Estate Companies; ETFs; exchange-traded options on mortgage REITs and Real Estate Companies; exchange-traded U.S. Treasury and Eurodollar futures contracts; exchange-traded interest rate swap agreements; exchange-traded options on U.S. Treasury and Eurodollar futures contracts; and exchange-traded options on interest rate swap agreements) with other markets and other entities that are members of ISG, and FINRA may obtain trading information regarding trading in the Shares and such exchange-traded

securities and instruments held by the Fund from such markets and other entities. In addition, the Exchange may obtain information regarding trading in the Shares and the exchange-traded securities and instruments held by the Fund from markets and other entities that are members of ISG, which includes securities and futures exchanges, or with which the Exchange has in place a comprehensive surveillance sharing agreement. Moreover, FINRA, on behalf of the Exchange, will be able to access, as needed, trade information for certain fixed income securities held by the Fund reported to FINRA's TRACE. Furthermore, as noted above, investors will have ready access to information regarding the Fund's holdings, the Intraday Indicative Value, the Disclosed Portfolio, and quotation and last sale information for the Shares.

For the above reasons, Nasdaq believes the proposed rule change is consistent with the requirements of Section 6(b)(5) of the Act.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes that the proposed rule change will facilitate the listing and trading of an additional type of actively-managed exchange-traded fund that will enhance competition among market participants, to the benefit of investors and the marketplace.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will: (a) by order approve or disapprove such proposed rule change; or (b) institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-NASDAQ-2016-064 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-NASDAQ-2016-064. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street NE., Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of such filing will also be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-NASDAQ-2016-064 and should be submitted on or before June 2, 2016.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.³¹

Robert W. Errett,

Deputy Secretary.

BILLING CODE 8011-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-77780; File No. SR-BatsEDGX-2016-13]

Self-Regulatory Organizations; Bats EDGX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Related to Fees

May 6, 2016.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on April 29, 2016, Bats EDGX Exchange, Inc. (the "Exchange" or "EDGX") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II and III below, which Items have been prepared by the Exchange. The Exchange has designated the proposed rule change as one establishing or changing a member due, fee, or other charge imposed by the Exchange under Section 19(b)(3)(A)(ii) of the Act³ and Rule 19b-4(f)(2) thereunder,⁴ which renders the proposed rule change effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange filed a proposal to amend the fee schedule applicable to Members⁵ and non-members of the Exchange pursuant to EDGX Rules 15.1(a) and (c).

The text of the proposed rule change is available at the Exchange's Web site at www.batstrading.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ 15 U.S.C. 78s(b)(3)(A)(ii).

⁴ 17 CFR 240.19b-4(f)(2).

⁵ The term "Member" is defined as "any registered broker or dealer that has been admitted to membership in the Exchange." See Exchange Rule 1.5(n).

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange determines the liquidity adding rebate that it will provide to Members using the Exchange's tiered pricing structure. Currently, the Exchange provides a \$0.0027 per share rebate under footnote 2 of the Fee Schedule for a Member that adds an ADV⁶ of at least 0.02% of the TCV⁷ in Tape B securities for orders that yield fee codes B and 4.⁸ The Exchange currently has only one Tape B Volume Tier.

The Exchange now proposes to amend the Tape B Volume Tier to add an additional Tape B Volume Tier to provide two Tape B Volume Tiers. The Exchange proposes that the current Tape B Volume Tier be renamed Tape B Volume Tier 1. The Exchange proposes that the rebate and the required criteria for Tape B Volume Tier 1 remain substantively the same as the current Tape B Volume Tier. The Exchange also proposes a second Tape B Volume Tier named "Tape B Volume Tier 2." The Exchange proposes to provide a rebate per share of \$0.0030 pursuant to the Tier and proposes the required criteria to be that a Member adds an ADV of at least 0.15% of the TCV in Tape B securities. To accommodate this proposed change in its Fee Schedule, the Exchange proposes adding an additional row to the Tape B Volume Tier table to list the Tape B Volume Tier 2. The Exchange also proposes adding an additional column to separate Tape B Volume Tier 1 and Tape B Volume Tier 2. Finally, the Exchange proposes stating as a precursor that both Tape B Volume

⁶ As defined on the Exchange's Fee Schedule.
