

Estimated number of respondents: 542,100 (total).

Frequency of response: Once.

Total estimated burden: 6,180,110 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$797,257,493 (per year), includes \$183,160,295 annualized capital or operation & maintenance costs.

Changes in the Estimates: There is a decrease of 2,618,818 hours in the total estimated respondent burden compared with the ICR currently approved by OMB. This decrease is primarily due to change in industry sizes, assumptions regarding the methodology for reviewing and revising Tier I facility plans, and exemption of certain farms under section 1049 of the Water Resources Reform and Development Act of 2014.

Courtney Kerwin,

Acting Director, Collection Strategies Division.

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OECA-2013-0355; FRL-9946-24-OEI]

Information Collection Request Submitted to OMB for Review and Approval; Comment Request; NESHAP for Clay Ceramics Manufacturing, Glass Manufacturing, and Secondary Nonferrous Metals Processing Area Sources (Renewal)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency has submitted an information collection request (ICR), "NESHAP for Clay Ceramics Manufacturing, Glass Manufacturing, and Secondary Nonferrous Metals Processing Area Sources (40 CFR part 63, subpart RRRRRR, SSSSSS and TTTTTT) (Renewal)" (EPA ICR No. 2274.05, OMB Control No. 2060-0606), to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*). This is a proposed extension of the ICR, which is currently approved through May 31, 2016. Public comments were previously requested via the **Federal Register** (80 FR 32116) on June 5, 2015 during a 60-day comment period. This notice allows for an additional 30 days for public comments. A fuller description of the

ICR is given below, including its estimated burden and cost to the public. An Agency may neither conduct nor sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

DATES: Additional comments may be submitted on or before June 20, 2016.

ADDRESSES: Submit your comments, referencing Docket ID Number EPA-HQ-OECA-2013-0355, to: (1) EPA online using www.regulations.gov (our preferred method), or by email to docket.oeca@epa.gov, or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW., Washington, DC 20460; and (2) OMB via email to oira_submission@omb.eop.gov. Address comments to OMB Desk Officer for EPA.

EPA's policy is that all comments received will be included in the public docket without change, including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI), or other information whose disclosure is restricted by statute.

FOR FURTHER INFORMATION CONTACT:

Patrick Yellin, Monitoring, Assistance, and Media Programs Division, Office of Compliance, Mail Code 2227A, Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460; telephone number: (202) 564-2970; email address: yellin.patrick@epa.gov.

SUPPLEMENTARY INFORMATION:

Supporting documents which explain in detail the information that the EPA will be collecting are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave. NW., Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit: <http://www.epa.gov/dockets>.

Abstract: Owners and operators of affected facilities are required to comply with reporting and record keeping requirements for the general provisions of 40 CFR part 63, subpart A, as well as for the specific requirements at 40 CFR part 63, subparts RRRRRR, SSSSSS, and TTTTTT. This includes submitting initial notification reports, performance tests and periodic reports and results, and maintaining records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any

period during which the monitoring system is inoperative. These reports are used by EPA to determine compliance with these standards.

Form Numbers: None.

Respondents/affected entities: Clay ceramics manufacturing, glass manufacturing, and secondary nonferrous metals processing facilities.

Respondent's obligation to respond: Mandatory (40 CFR part 63, subparts RRRRRR, SSSSSS and TTTTTT).

Estimated number of respondents: 82 (total).

Frequency of response: Initially.

Total estimated burden: 1,810 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated cost: \$197,000 (per year), which includes \$9,850 in either annualized capital/startup or operation & maintenance costs.

Changes in the Estimates: There is an adjustment increase in respondent labor hours and costs in this ICR from the most recently approved ICR. This is not due to any program changes. The increase occurred because this ICR assumes all existing respondents will take some time each year to re-familiarize with the regulatory requirements. Additionally, there is a small decrease of \$4 in the estimated O&M cost due to rounding. This ICR rounds all calculated burden and costs to three significant digits. There is no change in the methodology or assumptions used to calculate the O&M cost.

Courtney Kerwin,

Acting-Director, Collection Strategies Division.

Information Collection Request Submitted to OMB for Review and Approval; Comment Request; NESHAP for Plastic Parts and Products Surface Coating (Renewal)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency has submitted an information collection request (ICR), "NESHAP for Plastic Parts and Products Surface Coating (40 CFR part 63, subpart PPPP) (Renewal)" (EPA ICR No. 2044.06, OMB Control No. 2060-0537), to the Office of

Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*). This is a proposed extension of the ICR, which is currently approved through May 31, 2016. Public comments were previously requested via the **Federal Register** (80 FR 32116) on June 5, 2015 during a 60-day comment period. This notice allows for an additional 30 days for public comments. A fuller description of the ICR is given below, including its estimated burden and cost to the public. An Agency may neither conduct nor sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number.

DATES: Additional comments may be submitted on or before June 20, 2016.

ADDRESSES: Submit your comments, referencing Docket ID Number EPA-HQ-OECA-2012-0688, to: (1) EPA online using www.regulations.gov (our preferred method), or by email to docket.oeca@epa.gov, or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW., Washington, DC 20460; and (2) OMB via email to oir_submission@omb.eop.gov. Address comments to OMB Desk Officer for EPA.

EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI), or other information whose disclosure is restricted by statute.

FOR FURTHER INFORMATION CONTACT: Patrick Yellin, Monitoring, Assistance, and Media Programs Division, Office of Compliance, Mail Code 2227A, Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460; telephone number: (202) 564-2970; email address: yellin.patrick@epa.gov.

SUPPLEMENTARY INFORMATION:

Supporting documents which explain in detail the information that the EPA will be collecting are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW., Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit: <http://www.epa.gov/dockets>.

Abstract: The affected entities are subject to the General Provisions of the

NESHAP at 40 CFR part 63, subpart A, and any changes, or additions to the Provisions specified at 40 CFR part 63, subpart PPPP. Owners or operators of the affected facilities must submit initial notification reports, performance tests, and periodic reports and results. Owners or operators are also required to maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. Reports, at a minimum, are required semiannually.

Form Numbers: None.

Respondents/affected entities: Facilities that perform surface coating of plastic parts and products.

Respondent's obligation to respond: Mandatory (40 CFR part 63, subpart PPPP).

Estimated number of respondents: 835 (total).

Frequency of response: Initially, occasionally and semiannually.

Total estimated burden: 324,000 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated cost: \$32,800,000 (per year), which includes \$267,000 in both annualized capital/startup and operation & maintenance costs.

Changes in the Estimates: There is an adjustment increase in burden from the most recently approved ICR. This is not due to program changes; rather, the increase occurred because we assume the industry has grown, and will continue to grow, at a rate of one new source per year. This increase in the estimated number of sources results in increases in the respondent labor hours, total O&M costs, and number of responses.

Courtney Kerwin,

Acting-Director, Collection Strategies Division.

Stormwater Management in Response to Climate Change Impacts: Lessons From the Chesapeake Bay and Great Lakes Regions

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of availability.

SUMMARY: The Environmental Protection Agency is announcing the availability of the document titled, "Stormwater

Management in Response to Climate Change Impacts: Lessons from the Chesapeake Bay and Great Lakes Regions" (EPA/600/R-15/087). The document was prepared by the National Center for Environmental Assessment (NCEA) within EPA's Office of Research and Development. This document describes insights gained from a series of EPA and National Oceanic and Atmospheric Administration (NOAA) sponsored workshops with communities in the Chesapeake Bay and Great Lakes regions to address climate change in stormwater adaptation efforts.

The final document is available via the Internet on EPA's Risk Web page under Recent Announcements at <http://www.epa.gov/risk>.

DATES: The document will be available on or around May 19, 2016.

ADDRESSES: The final document, "Stormwater Management in Response to Climate Change Impacts: Lessons from the Chesapeake Bay and Great Lakes Regions," is available primarily via the Internet on the EPA's Risk Web page under Recent Announcements at <http://www.epa.gov/risk>. A limited number of paper copies are available from the Information Management Team, NCEA; telephone: 703-347-8561; facsimile: 703-347-8691. If you are requesting a paper copy, please provide your name, mailing address, and the document title.

FOR FURTHER INFORMATION CONTACT: For technical information, contact Susan Julius, NCEA; telephone: 703-347-8619; facsimile: 703-347-8694; or email: julius.susan@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Information About the Project/ Document

Water resources in the United States are affected by a number of climate stressors, including increasing temperatures, changing precipitation patterns, and extreme events. These changing conditions have implications for stormwater management as local decision makers look to improve existing infrastructure and build new stormwater systems. EPA and NOAA have conducted a number of workshops and other community efforts in cities and counties within the Chesapeake Bay and Great Lakes regions to initiate conversations about how projected land use and climate change could impact local water conditions and how adaptation (resiliency) planning can fit into decision-making processes to help meet existing goals. These conversations provided insights into the kinds of information that enable and facilitate communities' incorporation of climate
