

Frequency of Response: On occasion, annual, biennial, and one-time reporting requirements.

Total Annual Burden: 156,080 hours.

Total Annual Cost: \$1,307,670.

Privacy Act Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: The Commission is not requesting that the respondents submit confidential information to the FCC. Respondents may, however, request confidential treatment for information they believe to be confidential under 47 CFR Section 0.459 of the Commission's rules.

Needs and Uses: On March 23, 2016, the Commission adopted a *Report and Order*, FCC 16–33, which reformed universal service for rate-of-return local exchange carriers (LECs). These reforms require approximately 95 rate-of-return LECs to make one-time tariff filings and NECA to make two tariff filings with the necessary support materials outside the normal annual filing period. We note that we are removing the requirement that competitive and incumbent LECs make a one-time intrastate tariff filing to establish Voice over Internet Protocol rates at intrastate levels, as this requirement has been met. Part 61 of the Commission's Rules, 47 CFR part 61, prescribes the framework for the initial establishment of and subsequent revisions to tariffs. The information collected through the carriers' tariffs and supporting documentation is used by the Commission and state commissions to determine whether the services are offered in a just and reasonable manner.

OMB Control Number: 3060–0400.

Title: Part 61, Tariff Review Plan (TRP).

Form Number: N/A.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit entities.

Number of Respondents and Responses: 2,840 respondents; 5,437 responses.

Estimated Time per Response: 0.5 hours–53 hours.

Frequency of Response: On occasion, annual, biennial, and one-time reporting requirements.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. Sections 201, 202, 203, and 251(b)(5) of the Communications Act of 1934, as amended.

Total Annual Burden: 66,000 hours.

Total Annual Cost: No cost.

Privacy Impact Assessment: No impact(s).

Nature and Extent of Confidentiality:

Respondents are not being asked to submit confidential information to the Commission. If the Commission requests respondents to submit information which respondents believe are confidential, respondents may request confidential treatment of such information under 47 CFR 0.459 of the Commission's rules.

Needs and Uses: On March 23, 2016, the Commission adopted the Rate-of-Return Order, FCC 16–33, which reformed universal service for rate-of-return local exchange carriers (LECs). These reforms require rate-of-return LECs to make tariff filings with the necessary support materials outside the normal tariff filing period. We note that at this time, we are removing the requirement that competitive and incumbent LECs make a one-time intrastate tariff filing to establish Voice over Internet Protocol rates at intrastate levels, as this requirement has been met.

Sections 201, 202, and 203 of the Communications Act of 1934, as amended (the Act) require common carriers to establish just and reasonable charges, practices, and regulations for their interstate telecommunications services provided. For services that are still covered under Section 203, tariff schedules containing charges, rates, rules, and regulations must be filed with the Commission. Part 61 of the Commission's Rules, 47 CFR part 61, prescribes the framework for the establishment of and subsequent revisions to tariffs. Certain local exchange carriers are required to submit a biennial or annual Tariff Review Plan (TRP) in partial fulfillment of cost support material required by part 61. The Commission developed the TRP to minimize reporting burdens on reporting incumbent local exchange carriers (ILECs). TRPs set forth the summary material ILECs file to support revisions to the rates in their interstate access service tariffs. For those services still requiring cost support, TRPs assist the Commission in determining whether ILEC access charges are just and reasonable as required under the Act.

Proposal To Approve Under OMB Delegated Authority the Extension for Three Years, Without Revision, of the Following Report

Report title: Report of Selected Balance Sheet Items for Discount Window Borrowers.

Agency form number: FR 2046.

OMB control number: 7100-0289.

Frequency: On occasion.

Reporters: Depository institutions.

Estimated annual burden hours: Primary and Secondary Credit, 1 hour; Seasonal Credit, 383 hours.

Estimated average hours per response: Primary and Secondary Credit, 0.75 hours; Seasonal Credit, 0.25 hours.

Number of respondents: Primary and Secondary Credit, 1; Seasonal Credit, 85.

General description of report: The Board's Legal Division has determined that the FR 2046 is authorized pursuant to sections 10B and 19(b)(7) of the Federal Reserve Act (12 U.S.C. 347b and 461(b)(7)) and the Board's Regulation A (12 CFR part 201). Sections 10B and 19(b)(7) authorize Federal Reserve Banks to make advances to a member bank or other depository institution on the borrower's time or demand notes under rules and regulations prescribed by the Board. The Board's Regulation A sets out the rules for obtaining such advances. The FR 2046 is required to obtain a benefit because an entity may

be required to file the form in order to borrow from the Federal Reserve's discount window. Individual respondent data are regarded as confidential under the Freedom of Information Act (5 U.S.C. 552(b)(4)).

Abstract: The Federal Reserve's Regulation A, Extensions of Credit by Federal Reserve Banks, requires that Reserve Banks review balance sheet data in determining whether to extend credit and to help ascertain whether undue use is made of such credit. Depository institutions that borrow from the discount window report on the FR 2046 certain balance sheet data for a period that encompasses the dates of borrowing.

Current Actions: The Federal Reserve proposes to extend, without revision, the FR 2046.

Proposal To Approve Under OMB Delegated Authority the Extension for Three Years, With Revision, of the Following Report

Report title: Payments Research Survey.

Agency form number: FR 3067.

OMB control number: 7100-0355.

Frequency: On occasion.

Reporters: Depository institutions, financial and nonfinancial businesses and related entities, individual consumers, households, and federal, state and local government agencies.

Estimated annual burden hours: 30,000 hours.

Estimated average hours per response: 1.5 hours.

Number of respondents: 10,000.

General description of report: This survey is generally authorized by sections 2A and 12A of the Federal Reserve Act (FRA). Section 2A of the FRA requires that the Board of Governors of the Federal Reserve System and the Federal Open Market Committee (FOMC) maintain long run growth of the monetary and credit aggregates commensurate with the economy's long run potential to increase production, so as to promote effectively the goals of the maximum employment, stable prices, and moderate long-term interest rates (12 U.S.C. 225a). In addition, under section 12A of the FRA, the FOMC is required to implement regulations relating to the open market operations conducted by Federal Reserve Banks with a view to accommodating commerce and business and with regard to the regulations' bearing upon the general credit situation of the country (12 U.S.C. 263). The authority of the Federal Reserve to collect economic data to carry out the requirements of these provisions is implicit. Accordingly, the Federal

Reserve is authorized to use the FR 3067 by sections 2A and 12A of the FRA.

Additionally, depending on the survey respondent, the information collection may be authorized under a more specific statute. These statutes are:

- Expedited Funds Availability Act section 609 (12 U.S.C. 4008)
- Electronic Fund Transfer Act section 920 (15 U.S.C. 1693o-2)
- The Check Clearing for the 21st Century Act section 15 (12 U.S.C. 5014)
- Federal Reserve Act section 11 (Examinations and reports, Supervision over Reserve Banks, and Federal Reserve Note provisions, 12 U.S.C. 248); section 11A (Pricing of Services, 12 U.S.C. 248a); section 13 (FRB deposits and collections, 12 U.S.C. 342); and section 16 (Issuance of Federal Reserve notes, par clearance, and FRB clearinghouse, 12 U.S.C. 248-1, 360, and 411).

Under the appropriate authority, the Federal Reserve may make submission of survey information mandatory for entities such as financial institutions or payment card networks; submissions would otherwise be voluntary.

The ability of the Federal Reserve to maintain the confidentiality of information provided by respondents to the FR 3067 surveys will be determined on a case-by-case basis depending on the type of information provided for a particular survey. For instance, in some circumstances, no issue of confidentiality will arise as the surveys may be conducted by private firms under contract with the Federal Reserve and names or other directly identifying information would not be provided to the Federal Reserve. In circumstances where identifying information is provided to the Federal Reserve, such information could possibly be protected under the Freedom of Information Act (FOIA), exemptions 4 and 6. If the survey is mandatory and is undertaken as part of the supervisory process, information could be protected under FOIA exemption 8, which protects information relating to the examination reports (5 U.S.C. 552(b)(8)).

Abstract: This survey collects information, as needed, on specific and time sensitive issues, which may affect the Federal Reserve's decision making. Respondents may comprise depository institutions, financial and nonfinancial businesses and related entities, individual consumers, households, and federal, state and local government agencies. This survey may be mandatory for a certain subset of entities and voluntary for all other respondents. The Federal Reserve uses this event-driven survey to obtain information specifically tailored to the Federal Reserve System's

supervisory, regulatory, fiscal, and operational responsibilities. The Federal Reserve may conduct various versions of the survey, as needed, and may survey respondents up to four times per year. The frequency and content of the questions depends on changing economic, regulatory, supervisory, or legislative developments.

Current Actions: The Federal Reserve proposes to add federal, state, and local government agencies as potential respondents to a survey. The Federal Reserve also proposes adjusting the burden by decreasing the estimated number of responses per year from four to two; decreasing the hours per response from 3 to 1.5; and by increasing the estimated number of respondents from 5,000 to 10,000.

Board of Governors of the Federal Reserve System, May 12, 2016.

Michael Lewandowski,
Associate Secretary of the Board.
