BILLING CODE 9110-04-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 117

[Docket No. USCG-2016-0390]

Drawbridge Operation Regulation; Sacramento River, Sacramento, CA

AGENCY: Coast Guard, DHS.

ACTION: Notice of deviation from drawbridge regulation.

SUMMARY: The Coast Guard has issued a temporary deviation from the operating schedule that governs the Tower Drawbridge across the Sacramento River, mile 59.0, at Sacramento, CA. The deviation is necessary to allow participants from the AMGEN Tour of California to cross the drawspan safely and without interruption. This deviation allows the bridge to remain in the closed-to-navigation position during the deviation period.

DATES: This deviation is effective from 10:30 a.m. to 3 p.m. on May 22, 2016.

ADDRESSES: The docket for this deviation, [USCG-2016-0390] is available at <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT: If you have questions on this temporary deviation, call or email David H. Sulouff, Chief, Bridge Section, Eleventh

Coast Guard District; telephone 510-437-3516, email David.H.Sulouff@uscg.mil.

SUPPLEMENTARY INFORMATION: California Department of Transportation has requested a temporary change to the operation of the Tower Drawbridge, mile 59.0, over Sacramento River, at Sacramento, CA. The vertical lift bridge navigation span provides a vertical clearance of 30 feet above Mean High Water in the closed-to-navigation position. The draw operates as required by 33 CFR 117.189(a). Navigation on the waterway is commercial and recreational.

The drawspan will be secured in the closed-to-navigation position from 10:30 a.m. to 3 p.m. on May 22, 2016, to allow participants from the AMGEN Tour of California to cross the drawspan safely and without interruption. This temporary deviation has been coordinated with the waterway users. No objections to the proposed temporary deviation were raised.

Vessels able to pass through the bridge in the closed position may do so at any time. The bridge will be able to open for emergencies and there is no immediate alternate route for vessels to pass. The Coast Guard will also inform the users of the waterway through our Local and Broadcast Notices to Mariners of the change in operating schedule for the bridge so that vessels can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation

from the operating regulations is authorized under 33 CFR 117.35.

Dated: May 9, 2016.

D.H. Sulouff,

District Bridge Chief, Eleventh Coast Guard District.

BILLING CODE 9110-04-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket No. USCG-2016-0412]

Security Zone; Protection of Military Cargo, Captain of the Port Zone Puget Sound

AGENCY: Coast Guard, DHS.

ACTION: Notice of enforcement of regulation.

SUMMARY: The Coast Guard will enforce security zone regulations for the Sitcum Waterway Security Zone in Commencement Bay, Tacoma, Washington from 6 a.m. on May 17, 2016, through 11:59 p.m. on May 22, 2016, unless cancelled sooner by the Captain of the Port. This action is necessary to help provide for the security of Department of Defense assets and military cargo located in those waters during that time period. Entry into the Sitcum Waterway security zone is prohibited unless authorized by the Captain of the Port Puget Sound or a Designated Representative.

DATES: The regulations in 33 CFR 165.1321 will be enforced for the

Sitcum Waterway Security Zone from 6 a.m. on May 17, 2016 through 11:59 p.m. on May 22, 2016, unless cancelled sooner by the Captain of the Port.

FOR FURTHER INFORMATION CONTACT: If you have questions about this notice of enforcement, call or email CWO Jeffrey Zappen, Sector Puget Sound Waterways Management Division, U.S. Coast Guard; telephone 206-217-6076, email SectorPugetSoundWWM@uscg.mil.

SUPPLEMENTARY INFORMATION: The Coast Guard will enforce 33 CFR 165.1321 security regulations for the Sitcum Waterway Security Zone described in paragraph (c)(2) of that section from May 17, 2016, at 6 a.m. through 11:59 p.m. on May 22, 2016, unless cancelled sooner by the Captain of the Port. The security zone is necessary to help provide for the security of Department of Defense assets and military cargo located in those waters during the enforcement period. Entry into the security zone is prohibited unless authorized under § 165.1321. Vessels wishing to enter the security zone may request permission from the Captain of the Port Puget Sound or a Designated Representative as outlined in § 165.1321.

This notice of enforcement is issued under authority of 33 CFR 165.1321 and 5 U.S.C. 552(a). In addition to this document in the **Federal Register**, the Coast Guard will provide the maritime community with notification of this enforcement period via marine information broadcasts and on-scene assets, if any.

If the COTP determines that the Sitcum Waterway Security Zone need not be enforced for the full duration stated in this notice, a Broadcast Notice to Mariners will be used to grant general permission to enter the regulated area.

Dated: May 16, 2016.

M.W. Raymond,

Captain, U.S. Coast Guard, Captain of the Port, Puget Sound.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket No. USCG-2016-0026]

RIN 1625-AA00

Safety Zone, Block Island Wind Farm; Rhode Island Sound, RI

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a 500-yard safety zone around each of five locations where the Block Island Wind Farm (BIWF) wind turbine generator (WTG) towers, nacelles, blades and subsea cables will be installed in the navigable waters of Rhode Island Sound, RI, from May 15 to October 31, 2016. These safety zones are intended to safeguard mariners from the hazards associated with construction of the BIWF. This regulation prohibits vessels from entering into, transiting through, mooring, or anchoring within these safety zones while construction vessels and associated equipment are working on-site (*i.e.*, within 500 yards of a WTG) at one or more of the BIWF WTG sites, unless authorized by the Captain of the Port (COTP), Southeastern New England or the COTP's designated representative.

DATES: This rule is effective without actual notice from May 20, 2016 through October 31, 2016. For purposes of enforcement, actual notice will be used from May 15, 2016 until May 20, 2016.

ADDRESSES: To view documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, type USCG-2016-0026 in the "SEARCH" box and click "SEARCH." Click on Open Docket Folder on the line associated with this rule.

FOR FURTHER INFORMATION CONTACT: If you have questions about this rule, call or email Mr. Edward G. LeBlanc, Chief of the Waterways Management Division at Coast Guard Sector Southeastern New England, telephone 401-435-2351, email Edward.G.LeBlanc@uscg.mil.

II. Background Information and Regulatory History

On February 16, 2016, the Coast Guard published an NPRM in the **Federal Register** titled Safety Zone, Block Island Wind Farm; Rhode Island Sound, RI, 81 FR 7718, proposing to create BIWF safety zones effective April

1, 2016. There we stated why we issued the NPRM, and invited comments on our proposed regulatory action related to BIWF construction. Two comments were received requesting an extension of the initial comment period that ended on March 17, 2016. On April 4, 2016, we published a Proposed Rule in the **Federal Register**, 81 FR 19097, opening a second comment period that closed on April 17, 2016.

We are issuing this rule, and under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making it effective less than 30 days after publication in the **Federal Register**. The original effective date of the safety zones created by this rule was April 1, 2016. The revised date is six weeks later, May 15, 2016. Construction and cable-laying vessels are already preparing to work in the vicinity of the BIWF. The safety of life and navigation for construction and support vessels, BIWF workers, mariners, and the boating public during construction activities in the vicinity of the BIWF in Rhode Island Sound, RI would be negatively impacted by a delay in the effective date of this TFR.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 33 U.S.C. 1231. The COTP Southeastern New England has determined that potential hazards associated with construction of the BIWF from May 15 to October 31, 2016 will be a safety concern for anyone within a 500-yard radius of any of the five WTG sites when and where construction vessels are present. The purpose of this rule is to ensure safety of vessels and the navigable waters in the safety zone during this construction period.

IV. Discussion of Comments, Changes, and the Rule

Twelve comments were received. As noted above, the Coast Guard provided two distinct periods for the public to submit comments. The first comment period, announced in our NPRM published in the **Federal Register** on February 16, 2016, (81 FR 7718) was from February 16 to March 17, 2016. The second comment period, announced in our Proposed Rule published in the **Federal Register** on April 4, 2016, (81 FR 19097) was from April 4-17, 2016. We received nine comments in the initial comment period. Two requested additional time to submit comments.

Three comments supported the safety zones proposed in the NPRM. One comment suggested that the Coast Guard also prohibit anchoring outside the safety zone areas. Another comment
