A. Overview of Information Collection

Title of Information Collection: Public Housing Reform Act: Changes to Admission and Occupancy Requirements.

OMB Approval Number: 2577-0230.

Type of Request: Revision of currently approved collection.

Form Number: None.

Description of the need for the information and proposed use: The purpose of this information collection submission is to implement the requirement that public housing agencies have available upon request, their respective admission and occupancy policies for both the public and the Department of Housing and Urban Development. Public Housing Authorities must have on hand and available for inspection policies related to admission and continued occupancy, so as to respond to inquiries from tenants, legal-aid services, HUD, and other interested parties informally or through the Freedom of Information Act. Written documentation of policies relating to Public Housing and Section 8 Assistance Programs implemented under the Quality Housing and Work Responsibility Act of 1998, such as eligibility for admission and continued occupancy, local preferences, and rent determination, must be maintained and made available by Public Housing Authorities.

The collection of information implements changes to the admission and occupancy Requirements for the Public Housing and Section 8 Assisted Housing Programs made by the Quality Housing and Work Responsibility (QHWRA) Act 1998, (Title V of the FY 1999 HUD appropriations Act, Public Law 105-276, 112 Stat. 2518, approved October 21, 1998), which amended the United States Housing Act of 1937. QHWRA made comprehensive changes to HUD's Public Housing Section 8 Programs. Some of the changes made by the 1998 Act (i.e., QHWRA) affect public housing only and others affect the Section 8 and Public Housing Programs.

These changes cover choice of rent, community service and self-sufficiency in public housing; and admission preferences and determination of income and rent in public housing and Section 8 Housing Assistance Programs.

Revisions are made to this collection to reflect adjustments in calculations based on the total number of current, active public housing agencies (PHAs) to date. The number of active public housing agencies has changed from 4,058 to 3,946 since the last approved information collection. The number of PHAs can fluctuate due to a number of factors, including but not limited to the merging of two or more PHAs or the termination of the public housing and/or voucher programs.

Respondents (i.e. affected public): State, Local or Tribal Government.

Estimated Number of Respondents: 3, 946.

Estimated Number of Responses: 3, 946.

Frequency of Response: 1.

Average Hours per Response: 24.

Total Estimated Burdens: 94,704.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses. HUD encourages interested parties to submit comment in response to these questions.

Authority: Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35.

Dated: May 18, 2016.

Colette Pollard,

*Department Reports Management Officer,
Office of the Chief Information Officer.*

SUPPLEMENTARY INFORMATION:

Introduction

We announce the availability of two proposed low-effect habitat conservation plans (HCP), which analyze the take of the Alabama beach mouse (*Peromyscus polionotus ammobates*) (ABM) incidental to construction of 19 single-family homes by West Beach LLC on a 1.02-acre lot and construction of single-family home by Charles M. Smith on a 0.39 acre lot in Gulf Shores, Alabama. The applicants request incidental take permits (ITP) under section 10(a)(1)(B) of the Endangered Species Act (Act; 16 U.S.C. 1531 *et seq.*). If we approve these two ITP's, the West Beach LLC anticipates the taking of up to 1.02 acres of ABM

habitat over a requested 25-year ITP, and Charles M. Smith anticipates the taking of up to 0.06 acre of ABM habitat over a 50-year ITP.

Applicants' Proposals

West Beach LLC

The applicant proposes to minimize and mitigate the take of up to 1.02 acres of ABM habitat at 1932 West Beach Boulevard, Gulf Shores, Alabama, by using routine ABM conservation measures at the proposed development (such as minimizing construction footprint, restoration of native vegetation, and measures to minimize effects to ABM during occupancy and use of the development) and by donating a 0.91-acre "inholding" lot of Bon Secour National Wildlife Refuge (BSNWR). The lot proposed for development currently has a single-family house on it and a large portion of the lot has been previously used as a construction storage yard. The lot proposed for mitigation is within the acquisition boundary of Bon Secour National Wildlife Refuge, and contains high-quality habitat and will be donated to the Alabama Coastal Heritage Trust (ACHT). ACHT will either place a conservation easement on the lot or eventually convey it to BSNWR.

Charles M. Smith

The applicant proposes to minimize and mitigate the take of up to 0.06 acres of ABM habitat at an inholding lot off Mobile Street within the Perdue Unit of Bon Secour National Wildlife Refuge (BSNWR), Gulf Shores, Alabama by using standard ABM conservation measures at the proposed development and by donating an "in-lieu" fee to the Friends of Bon Secour National Wildlife Refuge group (FBSNWR). The lot proposed for development currently is undeveloped, but will utilize an existing driveway to minimize impacts. The "in-lieu" fee will be donated to the FBSNWR group whom will use the fee to either managed, maintain, or acquire ABM habitat within the BSNWR Perdue Unit.

Our Preliminary Determination

We have made a preliminary determination that the applicants' projects, including the mitigation measures, will individually and cumulatively have a minor or negligible effect on the species covered in the HCPs. Therefore, our proposed issuance of the requested ITPs qualifies as a categorical exclusion under the National Environmental Policy Act (NEPA), as provided by Department of the Interior implementing regulations in part 46 of
