

SUMMARY: The Coast Guard has issued a temporary deviation from the operating schedule that governs the Coleman Memorial Bridge (US 17) across the York River, mile 7.0, Yorktown, VA. The deviation is necessary to perform bridge maintenance. This deviation allows the bridge to remain in the closed-to-navigation position.

DATES: This deviation is effective without actual notice from May 26, 2016 to 7 p.m. on July 17, 2016. For the purposes of enforcement, actual notice will be used from 7 a.m. on May 22, 2016, until May 26, 2016.

ADDRESSES: The docket for this deviation, [USCG–2016–0360] is available at <http://www.regulations.gov>. Type the docket number in the “SEARCH” box and click “SEARCH”. Click on Open Docket Folder on the line associated with this deviation.

FOR FURTHER INFORMATION CONTACT: If you have questions on this temporary deviation, call or email Mrs. Traci Whitfield, Bridge Administration Branch Fifth District, Coast Guard; telephone (757) 398–6629, email Traci.G.Whitfield@uscg.mil.

SUPPLEMENTARY INFORMATION: Virginia Department of Transportation (VDOT), the owner of the Coleman Memorial Bridge (US 17), has requested a temporary deviation from the current operating regulation to perform repairs. VDOT needs to perform mechanical work that cannot be accomplished when the bridge is moveable. The bridge must be in the closed-to-navigation position to perform the maintenance. The bridge is a single bascule span and has a vertical clearance in the closed position of seven feet above mean high water. The York River is used by a variety of vessels including deep draft ocean-going vessels, U. S. government vessels, Small commercial fishing vessels, recreational vessels and tug and barge traffic. The Coast Guard has carefully coordinated the restrictions with U. S. government and commercial waterway users.

Under this temporary deviation, the bridge will remain in the closed-to-navigation position from 7 a.m. to 7 p.m. as follows: Sunday, May 22, 2016; Sunday, June 5, 2016 with an inclement weather date on Sunday, June 12, 2016; Sunday, June 19, 2016 with an inclement weather date on Sunday, June 26, 2016; and Sunday, July 10, 2016 with an inclement weather date on Sunday, July 17, 2016. At all other times, the bridge will operate in accordance with the operating regulations set out in 33 CFR 117.1025.

Vessels able to pass through the bridge in the closed position may do so at anytime. The bridge will not be able

to open for emergencies and there is no immediate alternate route for vessels unable to pass through the bridge in the closed position. The Coast Guard will also inform the users of the waterways through our Local and Broadcast Notices to Mariners of the change in operating schedule for the bridge so that vessel operators can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: May 19, 2016.

Hal R. Pitts,

Bridge Program Manager, Fifth Coast Guard District.

[Docket Number USCG–2016–0202]

RIN 1625–AA00

Safety Zone; Monongahela River Mile 97.5 to Mile 100.5, Morgantown, WV

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for navigable waters of the Monongahela River from mile 97.5 to mile 100.5. The safety zone is needed to protect spectators, participants, and personnel involved in the West Virginia Triathlon. Entry of vessels or persons into this zone is prohibited unless specifically authorized by the Captain of the Port Pittsburgh.

DATES: This rule is effective from 6 a.m. until 10 a.m. on June 19, 2016.

ADDRESSES: To view documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, type USCG–2016–0202 in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this rule.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email MST1 Jennifer Haggins, Marine Safety Unit Pittsburgh, U.S. Coast Guard, at telephone 412–221–0807, email Jennifer.L.Haggins@uscg.mil.

SUPPLEMENTARY INFORMATION:

I. Table of Abbreviations

CFR Code of Federal Regulations
DHS Department of Homeland Security
FR Federal Register
NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because the Coast Guard received notice on March 1, 2016, that this event would take place. After receiving and fully reviewing the event information, circumstances and exact location, the Coast Guard determined that a safety zone is necessary to protect spectators, participants, and the personnel involved in the West Virginia Triathlon. It would be impracticable to complete the full NPRM process for this safety zone because it needs to be established by June, 19, 2016. The triathlon event has been advertised and the local community has prepared for the event. For the same reasons, under 5 U.S.C. 553(d)(3), we find good cause for making this rule effective less than 30 days after publication.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 33 U.S.C. 1231. The Captain of the Port Pittsburgh (COTP) has determined that a safety zone is needed on June 19, 2016. This rule is needed to protect personnel, spectators, and participants in navigable waters during the swimming portion of the West Virginia Triathlon.

IV. Discussion of the Rule

This rule establishes a safety zone on June 19, 2016, from 6 a.m. until 10 a.m. The safety zone will cover all navigable waters on the Monongahela River from mile 97.5 to mile 100.5. The duration of the safety zone is intended to protect personnel, spectators, and participants while the swimming portion of the West Virginia Triathlon takes place. No vessel or person will be permitted to enter the

safety zone without obtaining permission from the COTP or a designated representative.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive order related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This rule has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, it has not been reviewed by the Office of Management and Budget.

This regulatory action determination is based on the size, location, and duration of the safety zone. This safety zone impacts a small portion of the waterway and for a limited duration of four hours. Vessel traffic will be informed about the safety zone through local notices to mariners. Moreover, the Coast Guard will issue Broadcast Notices to Mariners via VHF-FM marine channel 16 about the zone and the rule allows vessels to seek permission to transit the zone.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement

Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this rule has implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section above.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves a safety zone lasting four hours that will prohibit entry on all waters of the Monongahela River from mile 97.5 to mile 100.5 during the swimming portion of West Virginia Triathlon. It is categorically excluded from further review under paragraph 34 (g) of Figure 2–1 of the Commandant Instruction. An environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are available in the docket where indicated under **ADDRESSES**. We seek any comments or information that may lead to the discovery of a significant environmental impact from this rule.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protestors. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

List of Subjects in 33 CFR Part 165

Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C. 1231; 50 U.S.C. 191; 33 CFR 1.05–1, 6.04–1, 6.04–6, and 160.5; Department of Homeland Security Delegation No. 0170.1.

■ 2. Add § 165.T08–0202 to read as follows:

§ 165.T08–0202 Safety Zone, Monongahela River, Pittsburgh, PA.

(a) *Location.* The following area is a safety zone: all waters of the Monongahela River, from mile 97.5 to 100.5, extending the entire width of the waterway.

(b) *Effective period.* This section is effective, and will be enforced, from 6 a.m. until 10 a.m. on June 19, 2016.

(c) *Regulations.* (1) In accordance with the general regulations in § 165.23 of this part, entry into this zone is prohibited unless authorized by the Captain of the Port Pittsburgh or a designated representative.

(2) Persons or vessels requiring entry into or passage through the zone must request permission from the Captain of the Port Pittsburgh or a designated representative. The Captain of the Pittsburgh representative may be contacted at 412–221–0807.

(3) All persons and vessels shall comply with the instructions of the Captain of the Port Pittsburgh or their designated representative. Designated Captain of the Port representatives include United States Coast Guard commissioned, warrant, and petty officers.

(d) *Information broadcasts.* The Captain of the Port Pittsburgh or a designated representative will inform the public through broadcast notices to mariners of the enforcement period for the safety zone as well as any changes in the planned schedule.

Dated: April 25, 2016.

L. McClain, Jr.,

Commander, U.S. Coast Guard, Captain of the Port Pittsburgh.

BILLING CODE 9110–04–P

ENVIRONMENTAL PROTECTION AGENCY**40 CFR Part 52**

[EPA–R01–OAR–2015–0801; A–1–FRL–9946–94–Region 1]

Air Plan Approval; ME; Control of Volatile Organic Compound Emissions From Fiberglass Boat Manufacturing and Surface Coating Facilities

AGENCY: Environmental Protection Agency.

ACTION: Direct final rule.

SUMMARY: The Environmental Protection Agency (EPA) is approving State Implementation Plan (SIP) revisions submitted by the State of Maine. These revisions establish Reasonably Available Control Technology (RACT) requirements for reducing volatile organic compound (VOC) emissions from fiberglass boat manufacturing and surface coating operations. The intended effect of this action is to approve these requirements into the Maine SIP. This action is being taken in accordance with the Clean Air Act.

DATES: This direct final rule will be effective July 25, 2016, unless EPA receives adverse comments by June 27, 2016. If adverse comments are received, EPA will publish a timely withdrawal of the direct final rule in the **Federal Register** informing the public that the rule will not take effect.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA–R01–OAR–2015–0801 at <http://www.regulations.gov>, or via email to Mackintosh.David@epa.gov. For comments submitted at [Regulations.gov](http://www.regulations.gov), follow the online instructions for submitting comments. Once submitted, comments cannot be edited or removed from [Regulations.gov](http://www.regulations.gov). For either manner of submission, the EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. The EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.* on the web, cloud, or other file sharing system). For additional submission methods, please contact the person identified in the “For Further Information Contact” section. For the full EPA public comment policy,

information about CBI or multimedia submissions, and general guidance on making effective comments, please visit <http://www2.epa.gov/dockets/commenting-epa-dockets>.

FOR FURTHER INFORMATION CONTACT:

David L. Mackintosh, Air Quality Planning Unit, U.S. Environmental Protection Agency, EPA New England Regional Office, 5 Post Office Square—Suite 100, (Mail code OEP05–2), Boston, MA 02109–3912, tel. 617–918–1584, fax 617–918–0668, email Mackintosh.David@epa.gov.

SUPPLEMENTARY INFORMATION:

Throughout this document whenever “we,” “us,” or “our” is used, we mean EPA. Organization of this document. The following outline is provided to aid in locating information in this preamble.

- I. What action is EPA taking?
- II. What is the background for this action?
- III. What is included in Maine’s submittals?
- IV. EPA’s Evaluation of Maine’s Submittals
- V. Final Action
- VI. Incorporation by Reference
- VII. Statutory and Executive Order Reviews

I. What action is EPA taking?

EPA is approving Maine’s Chapter 162, “Fiberglass Boat Manufacturing Materials,” submitted on July 1, 2014, to address EPA’s Control Techniques Guidelines (CTG) for Fiberglass Boat Manufacturing Materials (EPA–453/R–08–004, September 2008). EPA is also approving Maine’s revised Chapter 129, “Surface Coating Facilities,” submitted on August 18, 2015, to address EPA’s CTG for Miscellaneous Metal and Plastic Parts Coatings (EPA–453/R–08–003, September 2008). These two Maine regulations implement RACT for the applicable facility operations. Lastly, EPA is approving Maine’s negative declarations for two CTGs, Automobile and Light-Duty Truck Assembly Coatings (EPA–453/R–08–006, September 2008) and Large Appliance Coatings (EPA–453/R–07–004, September 2007), which were submitted on April 23, 2013.

II. What is the background for this action?

Maine is part of the Ozone Transport Region (OTR) under Section 184(a) of the CAA. Sections 182(b)(2) and 184 of the CAA compel states with moderate and above ozone nonattainment areas, as well as areas in the OTR, respectively, to submit a SIP revision requiring the implementation of RACT for sources covered by a CTG and for all major sources. A CTG is a document issued by EPA which establishes a “presumptive norm” for RACT for a specific VOC source category.
