[Order No. 1998]

Reorganization of Foreign-Trade Zone 191 Under Alternative Site Framework; Palmdale, California

Pursuant to its authority under the Foreign-Trade Zones Act of June 18, 1934, as amended (19 U.S.C. 81a-81u), the Foreign-Trade Zones Board (the Board) adopts the following Order:

Whereas, the Board adopted the alternative site framework (ASF) (15 CFR Sec. 400.2(c)) as an option for the establishment or reorganization of zones;

Whereas, the City of Palmdale, California, grantee of Foreign-Trade Zone 191, submitted an application to the Board (FTZ Docket B-74-2015, docketed November 5, 2015) for authority to reorganize under the ASF with a service area of a portion of Los Angeles County, California, as described in the application, adjacent to the Los Angeles/Long Beach U.S. Customs and Border Protection port of entry, FTZ 191's existing Sites 1 and 5 would be categorized as magnet sites, existing Site 12 would be categorized as a usage-driven site, acreage would be reduced at Site 1, and Sites 2 through 4 and 6 through 11 would be removed from the zone;

Whereas, notice inviting public comment was given in the **Federal Register** (80 FR 69937-69938, November 12, 2015) and the application has been processed pursuant to the FTZ Act and the Board's regulations; and,

Whereas, the Board adopts the findings and recommendation of the examiner's report, and finds that the requirements of the FTZ Act and the Board's regulations are satisfied;

Now, therefore, the Board hereby orders:

The application to reorganize FTZ 191 under the ASF is approved, subject to the FTZ Act and the Board's regulations, including Section 400.13, to the Board's standard 2,000-acre activation limit for the zone, to an ASF sunset provision for magnet sites that would terminate authority for Site 5 if not activated within five years from the month of approval, and to an ASF sunset provision for usage-driven sites that would terminate authority for Site 12 if no foreign-status merchandise is admitted for a *bona fide* customs purpose within three years from the month of approval.

Initiation and Preliminary Results of Antidumping Duty Changed Circumstances Review: Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules From the People's Republic of China

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: Pursuant to section 751(b) of the Tariff Act of 1930, as amended ("the Act"), 19 CFR 351.216, and 19 CFR 351.221(c)(3), the Department of Commerce (the "Department") is initiating, and issuing the preliminary results, of a changed circumstances review of the antidumping duty ("AD") order on crystalline silicon photovoltaic cells, whether or not assembled into modules, ("solar cells") from the People's Republic of China ("PRC") regarding whether Hangzhou Sunny Energy Science and Technology Co., Ltd. ("Hangzhou Sunny") is the successor-in-interest to Hangzhou Zhejiang University Sunny Energy Science and Technology Co., Ltd. ("Hangzhou ZU Sunny"). Based on the information on the record, we preliminarily determine that Hangzhou Sunny is the successor-in-interest to Hangzhou ZU Sunny and, as such, is entitled to Hangzhou ZU Sunny's AD cash deposit rate with respect to entries of subject merchandise. Interested parties are invited to comment on these preliminary results.

DATES: Effective May 26, 2016.

FOR FURTHER INFORMATION CONTACT: Jeff Pedersen, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-2769.

SUPPLEMENTARY INFORMATION:

Background

On December 7, 2012, the Department published the antidumping order on solar cells from the PRC in the **Federal**

Register.¹ On April 4, 2016, Hangzhou Sunny requested that the Department initiate an expedited changed circumstances review to determine that Hangzhou Sunny is the successor-in-interest to Hangzhou ZU Sunny for AD purposes.² On May 4, 2016, Hangzhou Sunny responded to a supplemental questionnaire issued by the Department on April 29, 2016.³

Scope of the Order

The merchandise covered by the *Order* is crystalline silicon photovoltaic cells, whether or not assembled into modules, subject to certain exceptions.⁴ For the full scope of the *Order*, see the accompanying preliminary decision memorandum.

Imports of the subject merchandise are provided for under the following subheadings of the Harmonized Tariff Schedule of the United States (“HTSUS”): 8501.61.0000, 8507.20.80, 8541.40.6020, 8541.40.6030, and 8501.31.8000. While HTSUS subheadings are provided for convenience and customs purposes, the written description of the subject merchandise is dispositive.

Initiation of Changed Circumstances Review

Pursuant to section 751(b)(1) of the Act and 19 CFR 351.216(d), the Department will conduct a changed circumstances review upon receipt of information concerning, or a request from an interested party for a review of, an AD order which shows changed circumstances sufficient to warrant a review of the order. In the past, the Department has used changed circumstances reviews to address the

² See Letter from Hangzhou Sunny to the Department regarding, “Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules From the People’s Republic of China: Request for Expedited Changed Circumstances Review” (April 4, 2016) (“CCR Request”).

³ See Letter from Hangzhou Sunny to the Department, regarding “Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules From the People’s Republic of China: Supplemental Response” (May 4, 2016) (“Supplemental Response”).

⁴ For a complete description of the Scope of the Order, see Memorandum to Paul Piquado, Assistant Secretary for Enforcement and Compliance, from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, “Preliminary Results of Changed Circumstances Review: Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules, from the People’s Republic of China” (“Preliminary Results Memorandum”), dated concurrently with, and adopted by, this notice.

applicability of cash deposit rates after there have been changes in the name or structure of a respondent, such as a merger or spinoff (“successor-in-interest,” or “successorship,” determinations). Thus, consistent with Department practice, the information submitted by Hangzhou Sunny, which includes information regarding a name change, demonstrates changed circumstances sufficient to warrant a review.⁵

Therefore, in accordance with section 751(b)(1) of the Act and 19 CFR 351.216(d), the Department is initiating a changed circumstances review to determine whether Hangzhou Sunny is the successor-in-interest to Hangzhou ZU Sunny.

Preliminary Determination

When it concludes that expedited action is warranted, the Department may publish the notice of initiation and preliminary results for a changed circumstances review concurrently.⁶ The Department has combined the notice of initiation and preliminary results in successor-in-interest cases when sufficient documentation has been provided supporting the request.⁷ In this instance, because we have determined that the information necessary to support the request is on the record, we find that expedited action is warranted, and are combining the notice of initiation and the notice of preliminary results in accordance with 19 CFR 351.221(c)(3)(ii).

In determining whether one company is the successor to another for purposes of applying the AD law, the Department examines a number of factors including, but not limited to, changes in: (1) Management, (2) production facilities, (3) suppliers, and (4) customer base.⁸ While no one or several of these factors will necessarily provide a dispositive indication of succession, the Department will generally consider one company to be the successor to another company if its resulting operation is essentially the same as that of its predecessor.⁹ Thus, if the evidence demonstrates that, with respect to the

production and sale of the subject merchandise, the new company operates as the same business entity as the prior company, the Department will assign the new company the cash deposit rate of its predecessor.¹⁰

In its April 4, 2016 CCR Request and its May 4, 2016 Supplemental Response, Hangzhou Sunny provided evidence for us to preliminarily determine that it is the successor-in-interest to Hangzhou ZU Sunny. Specifically, Hangzhou Sunny demonstrated that it is essentially the same as Hangzhou ZU Sunny despite some changes to its predecessor’s management, the production facility, suppliers, or the customer base following the name change.¹¹

According to the information provided, although there were certain changes to the board of directors and management when comparing Hangzhou Sunny to Hangzhou ZU Sunny, Hangzhou Sunny is owned, managed and operated by the same principal owners as Hangzhou ZU Sunny.¹² Regarding its production of the subject merchandise, Hangzhou Sunny has stated that its production facility is the same as that of Hangzhou ZU Sunny.¹³ Hangzhou Sunny also provided documentation showing that there has been no material changes in suppliers of inputs or services related to the production, sale and distribution of the subject merchandise¹⁴ or in the U.S. customer base.¹⁵ Based the foregoing, which is explained in greater detail in the Preliminary Results Memorandum, we preliminarily determine that Hangzhou Sunny is the successor-in-interest to Hangzhou ZU Sunny and, as such, that it is entitled to Hangzhou ZU Sunny’s AD cash-deposit rate with respect to entries of subject merchandise.

Should our final results remain the same as these preliminary results, effective the date of publication of the final results, we will instruct U.S. Customs and Border Protection to suspend liquidation of entries of subject merchandise exported by Hangzhou

Certain Frozen Fish Fillets From the Socialist Republic of Vietnam: Notice of Court Decisions Not in Harmony With Final Results of Administrative Review and Notice of Amended Final Results of Antidumping Duty Administrative Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On March 30, 2016, the United States Court of International Trade ("the Court") issued final judgments in *Catfish Farmers of America et al. v. United States*, Consol. Court No. 12-00087, sustaining the Department of Commerce's ("the Department") AR7 Remand final results.¹ In the AR7 Remand, the Department recalculated the weighted-average dumping margin for QVD Food Co. Ltd. ("QVD") and Vinh Hoan Corporation ("Vinh Hoan") using revised surrogate values for by-products (fish waste, fresh broken meat, and frozen broken fillets by-products, and capping the fish oil by-product surrogate value).² Because QVD's margin changed, it also becomes the margin for those companies not individually examined but receiving a separate rate.³

Consistent with the decision of the United States Court of Appeals for the Federal Circuit ("CAFC") in *Timken Co. v. United States*, 893 F.2d 337 (Fed. Cir. 1990) ("*Timken*"), as clarified by *Diamond Sawblades Mfrs. Coalition v. United States*, 626 F.3d 1374 (Fed. Cir. 2010) ("*Diamond Sawblades*"), the Department is notifying the public that the final judgment in these cases is not in harmony with the Department's final results of the antidumping duty administrative review of the antidumping duty order on certain frozen fish fillets from the Socialist Republic of Vietnam ("Vietnam") covering the period of review ("POR") August 1, 2009, through July 31, 2010. Thus, the Department is amending the final results with respect to the weighted-average dumping margins for QVD and the Separate-Rate Applicants.⁴

DATES: Effective April 11, 2016.

FOR FURTHER INFORMATION CONTACT: Javier Barrientos, AD/CVD Operations Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-2243.

SUPPLEMENTARY INFORMATION:

Background

On March 14, 2012, the Department issued *AR7 Final Results*.⁵ Vinh Hoan and Petitioners⁶ timely filed complaints with the Court and challenged certain aspects of the *AR7 Final Results*. On December 18, 2014, the Court remanded the Department's *AR7 Final Results* and instructed the Department to reconsider each of the following issues: (1) The significance of presumed qualifiable differences between farm-gate and wholesale prices with respect to whole live fish; (2) the reliability of the Bangladeshi Department of Agricultural Marketing ("DAM") data with respect to whole live fish; (3) the fact that there are no quantities associated with the DAM data; (4) surrogate country selection in

² See AR7 Remand at 25-29. The weighted-average margin for Vinh Hoan remains *de minimis*. However, as explained in the "Background" section, the Department's recalculation of these surrogate values now yields a different weighted-average dumping margin for QVD. Thus, consistent with our practice, the Department has amended the final results with respect to QVD.
