SUPPLEMENTARY INFORMATION:

Contents

This notice sets out a summary of the use and burden associated with the following information collections. More detailed information can be found in each collection's supporting statement and associated materials (see **ADDRESSES**).

CMS-10148 HIPAA Administrative Simplification Complaint Form

Under the PRA (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is

defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

1. *Type of Information Collection Request:* Reinstatement with change of a previously approved collection; *Title of Information Collection:* HIPAA Administrative Simplification Complaint Form; *Use:* The Health Insurance Portability and Accountability Act (HIPAA) became law in 1996 (Pub. L. 104-191). Subtitle F of Title II of HIPAA, titled "Administrative Simplification," (A.S.) requires the Secretary of HHS to adopt national standards for certain information-related activities of the health care industry. The HIPAA provisions, by statute, apply only to "covered entities" referred to in section 1320d-2(a) (1) of this title. Responsibility for administering and enforcing the HIPAA A.S. Transactions, Code Sets, Identifiers has been delegated to the Centers for Medicare & Medicaid Services (CMS). This updated information collection will be used to initiate enforcement actions.

This reinstatement request clarifies the removal of the HIPAA Security complaint category. Specifically, the information collection revisions clarify the "Identify the HIPAA Non-Privacy/Security complaint category" section of the complaint form. In this section, complainants are given an opportunity to check the "Unique Identifiers" and "Operating Rules" option to additionally categorize the type of HIPAA complaint being filed. The revised form now includes an option for identifying Unique Identifier and Operating Rules complaints. It also requests email information about filed against entities, if available. *Form Number:* CMS-10148 (OMB control number: 0938-0948); *Frequency:* Occasionally; *Affected Public:* Individuals; *Number of Respondents:* 500; *Total Annual Responses:* 500; *Total Annual Hours:* 500. (For policy questions regarding this collection contact Kevin Stewart at 410-786-6149.)

Proposed Projects

Title: Head Start Performance
 Standards.

OMB No.: 0970-0148.

Description: Please note that this
 submission does not reflect proposed
 changes in the Notice of Proposed Rule
 Making to update Head Start program
 performance standards published on
 June 15, 2015. ACF is only requesting
 for an extension without change of a
 currently approved collection.

Head Start Performance Standards are
 the result of a legislative mandate to
 administer a high quality
 comprehensive child development
 program that serves low-income
 pregnant women, infants and toddlers,
 preschoolers and their families. The
 information collection aspects of the
 Performance Standards are a part of the
 many actions that local agencies must
 take to ensure they administer quality

programs for Head Start children and
 families. The information collection
 items included in the Performance
 Standards are almost entirely record-
 keeping requirements for local Head
 Start programs; these records are
 intended to act as a tool for grantees and
 delegate agencies to be used in their
 day-to-day operations. Such records are
 maintained by the grantees and delegate
 agencies and are not part of a standard
 information collection submitted to the
 Federal government. Local programs are
 monitored for overall compliance with
 the Performance Standards, including
 the record-keeping aspects.

Respondents: Head Start and Early
 Head Start program grant recipients.
