[Docket Number USCG-2016-0318]

RIN 1625-AA00

Safety Zone; Upper New York Bay, Liberty Island, NY

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for navigable waters within a 100-yard radius of each participating swimmer during the Lady Liberty Sharkfest Swim. The safety zone is needed to protect the maritime public and event participants from the hazards associated with swim events taking place in a high vessel traffic area. Entry of vessels or persons

into this zone is prohibited unless specifically authorized by the Captain of the Port New York.

DATES: This rule is effective from 7:00 a.m. until 9:30 a.m. on July 16, 2016.

FR Federal Register
NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest." Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a NPRM with respect to this rule because it would be impractical and contrary to the public interest. The event sponsor was late in submitting the marine event application. This late submission did not give the Coast Guard enough time to publish an NPRM and receive comments, making that impracticable and contrary to the public interest in immediate action to ensure the safety of the event participants, patrol vessels, spectator craft and other vessels transiting the event area.

For the same reasons, we are issuing this rule, and under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making it effective less than 30 days after publication in the **Federal Register**.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 33 U.S.C. 1231. The Captain of the Port New York (COTP)

has determined that potential hazards associated with swim events occurring in high traffic areas of the Upper New York Harbor on July 16, 2016 will be a safety concern for anyone within a 100-yard radius of swimmers. This rule is needed to protect maritime public and event participants from the hazards associated with the swim event until the conclusion of the event.

IV. Discussion of the Rule

This rule establishes a safety zone from at 7:00 a.m. until 9:30 a.m. on July 16, 2016. The safety zone will cover all navigable waters within 100 yards of participating swimmers for the Lady Liberty Sharkfest Swim. The duration of the zone is intended to protect maritime public and event participants from the hazards associated with swim events taking place in a high vessel traffic area. No vessel or person will be permitted to enter the safety zone without obtaining permission from the COTP or a designated representative.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive order related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protesters.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This rule has not been designated a "significant regulatory action," under Executive Order 12866. Accordingly, it has not been reviewed by the Office of Management and Budget.

This regulatory action determination is based on the size, location, duration, and time-of-year of the safety zone. Vessel traffic will be able to safely transit around this safety zone which will impact a small designated area of the Upper New York Harbor in vicinity of Ellis and Liberty Islands for 2.5 hours and during a time of day when vessel traffic is normally low. Moreover, the Coast Guard will issue Broadcast Notice to Mariners via VHF-FM marine channel 16 about the zone and the rule allows vessels to seek permission to enter the zone.
