COMMISSION ON CIVIL RIGHTS

Notice of Public Meeting of the Missouri Advisory Committee To Discuss Approval of a Report to the Commission Regarding Civil Rights and Police/Community Relations in the State

AGENCY: U.S. Commission on Civil Rights.

ACTION: Notice of meeting.

SUMMARY: Notice is hereby given, pursuant to the provisions of the rules and regulations of the U.S. Commission on Civil Rights (Commission) and the Federal Advisory Committee Act that the Missouri Advisory Committee (Committee) will hold a meeting on Tuesday, June 28, 2016, at 1:00 p.m. CDT for the purpose of discussing approval of a report to the Commission regarding civil rights and police/community interactions in Missouri.

Members of the public can listen to the discussion. This meeting is available to the public through the following toll-free call-in number: 888-539-3612, conference ID: 2570459. Any interested member of the public may call this number and listen to the meeting. Callers can expect to incur regular charges for calls they initiate over wireless lines according to their wireless plan, and the Commission will not refund any incurred charges. Callers will incur no charge for calls they initiate over land-line connections to the toll-free telephone number. Persons with hearing impairments may also follow the proceedings by first calling the Federal Relay Service at 1-800-977-8339 and providing the Service with the conference call number and conference ID number.

Members of the public may comment in advance of the meeting, or at the designated public comment period during the meeting. Written comments may be mailed to the Midwestern Regional Office, U.S. Commission on Civil Rights, 55 W. Monroe St., Suite 410, Chicago, IL 60615. They may also be faxed to the Commission at (312) 353-8324, or emailed to Corrine Sanders at csanders@uscrr.gov. Persons who desire additional information may contact the Midwestern Regional Office at (312) 353-8311.

Records generated from this meeting may be inspected and reproduced at the

Midwestern Regional Office, as they become available, both before and after the meeting. Records of the meeting will be available at <https://database.faca.gov/committee/meetings.aspx?cid=258>. Click on "meeting details" and "documents" to download. Persons interested in the work of this Committee are directed to the Commission's Web site, <http://www.uscrr.gov>, or may contact the Midwestern Regional Office at the above email or street address.

Agenda

Welcome and Introductions
Committee Discussion: Draft report resulting from Committee hearings on Civil Rights and Police/Community Relations in Missouri. (February 23, 2015 St. Louis; August 20, 2015 Kansas City)

DEPARTMENT OF COMMERCE

International Trade Administration

[A-535-903]

Circular Welded Carbon-Quality Steel Pipe From Pakistan: Affirmative Preliminary Determination of Sales at Less Than Fair Value and Postponement of Final Determination and Extension of Provisional Measures

AGENCY: Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce.

SUMMARY: The U.S. Department of Commerce (the Department) preliminarily determines that circular welded carbon-quality steel pipe (circular welded pipe) from Pakistan is being, or is likely to be, sold in the United States at less than fair value (LTFV), as provided in section 733(b) of the Tariff Act of 1930, as amended (the Act). The period of investigation is October 1, 2014, through September 30, 2015. The estimated weighted-average dumping margins of sales at LTFV are

shown in the "Preliminary Determination" section of this notice. Interested parties are invited to comment on this preliminary determination.

DATES: Effective: June 8, 2016.

FOR FURTHER INFORMATION CONTACT: David Lindgren, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-3870.

SUPPLEMENTARY INFORMATION:

Background

The Department initiated this investigation on November 17, 2015.¹ For a complete description of the events that followed the initiation of this investigation, see the Preliminary Decision Memorandum.² The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov> and to all parties in the Central Records Unit, room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be found at <http://enforcement.trade.gov/frn/>. The signed Preliminary Decision Memorandum and the electronic version of the Preliminary Decision Memorandum are identical in content.

Scope of the Investigation

The product covered by this investigation is circular welded pipe from Pakistan. Interested parties filed comments regarding the scope of the investigation, which resulted in one clarification to the scope language and are addressed, in detail, in the Department's Preliminary Scope Decision Memorandum.³ For a full

¹ See *Circular Welded Carbon-Quality Steel Pipe From the Sultanate of Oman, Pakistan, the Philippines, the United Arab Emirates, and the Socialist Republic of Vietnam: Initiation of Less Than Fair Value Investigations*, 80 FR 73708 (November 25, 2015) (*Initiation Notice*).

² See Memorandum to Paul Piquado, Assistant Secretary for Enforcement and Compliance, From Gary Taverman, Associate Deputy Assistant Secretary for Enforcement and Compliance, "Circular Welded Carbon-Quality Steel Pipe from Pakistan: Affirmative Preliminary Less Than Fair Value Determination Decision Memorandum," dated concurrently with and hereby adopted by this notice (Preliminary Decision Memorandum).

³ See Memorandum to Gary Taverman, Associate Deputy Assistant Secretary for Enforcement and

Continued

description of the scope of this investigation, *see* Appendix I to this notice.

Methodology

The Department is conducting this investigation in accordance with section 731 of the Act. Pursuant to section 776(a)–(b) of the Act, the Department has preliminarily relied upon facts otherwise available, with adverse inferences, to assign an estimated weighted-average dumping margin to the sole mandatory respondent International Industries Limited (IIL). For a full description of the methodology underlying our preliminary determination, *see* the Preliminary Decision Memorandum.

All-Others Rate

Section 735(c)(5)(A) of the Act provides that the estimated “all-others” rate shall be an amount equal to the weighted-average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any rates that are zero, *de minimis*, or determined entirely under section 776 of the Act. We cannot apply the methodology described in section 735(c)(5)(A) of the Act to calculate the “all-others” rate, as the only margin in this preliminary determination was calculated under section 776 of the Act. In cases where no weighted-average dumping margins besides zero, *de minimis*, or those determined entirely under section 776 of the Act have been established for individually examined entities, in accordance with section 735(c)(5)(B) of the Act, the Department averages the margins calculated in the petition and applies the result to “all-other” entities not individually examined. In this case, however, only one margin was calculated in the petition. Therefore, we assigned as the “all-others” rate the only margin in the Petition, which is 11.80 percent.⁴

Compliance, “Antidumping Duty Investigations of Circular Welded Carbon-Quality Steel Pipe from the Sultanate of Oman, Pakistan, the United Arab Emirates, and the Socialist Republic of Vietnam and Countervailing Duty Investigation of Circular Welded Carbon-Quality Steel Pipe from Pakistan; Scope Comments Decision Memorandum for the Preliminary Determinations,” April 1, 2016 (Preliminary Scope Decision Memorandum).

⁴ *See Certain Oil Country Tubular Goods From Thailand: Preliminary Determination of Sales at Less Than Fair Value, and Postponement of Final Determination*, 79 FR 10487, 10488 (February 25, 2014), and accompanying Preliminary Decision Memorandum, unchanged in *Certain Oil Country Tubular Goods From Thailand: Final Determination of Sales at Less Than Fair Value*, 79 FR 41978, 41979 (July 18, 2014).

Preliminary Determination

The Department preliminarily determines that the following weighted-average dumping margins exist:

Exporter/ producer	Weighted- average margin (percent)
International Industries Limited ..	11.80
All-Others	11.80

Suspension of Liquidation

In accordance with section 733(d)(2) of the Act, we will direct U.S. Customs and Border Protection (CBP) to suspend liquidation of all entries of subject merchandise from Pakistan, as described in the “Scope of the Investigation” section, which are entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**.

Pursuant to section 733(d)(1)(B) of the Act and 19 CFR 351.205(d), we will instruct CBP to require a cash deposit equal to the weighted-average margin, as indicated in the chart above.⁵ These suspension of liquidation instructions will remain in effect until further notice.

Public Comment

Interested parties are invited to comment on this preliminary determination. Case briefs may be submitted no later than 30 days from the publication of this preliminary determination in the **Federal Register**.⁶ Rebuttal briefs, limited to issues raised in the case briefs, may be submitted no later than five days after the deadline for case briefs.⁷ Parties submitting case briefs and/or rebuttal briefs in this proceeding are encouraged to submit the following in regard to each argument: (1) A statement of the issue, (2) a brief (*i.e.*, no longer than five pages) summary of the argument, and (3) a table of authorities.⁸

The Department also invites parties to comment on the Preliminary Scope Decision Memorandum. Written comments concerning scope issues may be submitted no later than 30 days from the publication of this preliminary determination and should be submitted separately from the briefs. Scope-related comments must be filed on the record

⁵ *See Modification of Regulations Regarding the Practice of Accepting Bonds During the Provisional Measures Period in Antidumping and Countervailing Duty Investigations*, 76 FR 61042 (October 3, 2011).

of this investigation, as well as the companion antidumping duty investigations of circular welded pipe from the Sultanate of Oman, the United Arab Emirates, and the Socialist Republic of Vietnam and the countervailing duty investigation of circular welded pipe from Pakistan.⁹

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request within 30 days of the publication of the preliminary determination in the **Federal Register**.¹⁰ Such requests should include the party’s name, address, and telephone number, as well as the number of participants and a list of the issues to be discussed. If a request for a hearing is made, the Department intends to hold the hearing at the U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230, at a date, time, and location to be determined. Parties will be notified of the date, time, and location of any hearing.

Parties must file their case briefs and rebuttal briefs, as well as any requests for a hearing, electronically, using ACCESS.¹¹ Electronically-filed documents must be successfully received in their entirety via ACCESS no later than 5:00 p.m. Eastern Time by the abovementioned deadlines.¹²

Postponement of Final Determination and Extension of Provisional Measures

Section 735(a)(2) of the Act provides that a final determination may be postponed until not later than 135 days after the date of the publication of the preliminary determination if, in the event of an affirmative preliminary determination, a request for such postponement is made by exporters who account for a significant proportion of exports of the subject merchandise. 19 CFR 351.210(e)(2) requires that requests by respondents for postponement of a final determination be accompanied by a request for extension of provisional measures from a four-month period to a period not more than six months in duration.

IIL, the mandatory respondent, requested that, in the event of an affirmative preliminary determination in this investigation, the Department postpone its final determination by 60 days (*i.e.*, to 135 days after publication of the preliminary determination) and agreed to extend the application of the provisional measures prescribed under section 733(d) of the Act and 19 CFR

⁹ *See* Preliminary Scope Decision Memorandum.

¹⁰ *See* 19 CFR 351.310(c).

¹¹ *See* 19 CFR 351.303(b)(2)(i).

¹² *See* 19 CFR 351.303(b)(1).

351.210(e)(2), from a four-month period to a period not to exceed six months.¹³

In accordance with section 735(a)(2)(A) of the Act and 19 CFR 351.210(b)(2)(ii), because (1) our preliminary determination is affirmative, (2) the requesting exporter accounts for a significant proportion of exports of the subject merchandise, (3) the requesting exporter has requested extension of provisional measures to a period not more than six months, and (4) no compelling reasons for denial exist, we are postponing the final determination until no later than 135 days after publication of this notice in the **Federal Register** and extending the provisional measures from a four-month period to a period not greater than six months. Accordingly, we will issue our final determination no later than 135 days after the date of publication of this preliminary determination, pursuant to section 735(a)(2) of the Act.¹⁴

International Trade Commission Notification

In accordance with section 733(f) of the Act, we will notify the U.S. International Trade Commission (the ITC) of our affirmative preliminary determination of sales at LTFV. If our final determination is affirmative, the ITC will determine whether or not imports of the subject merchandise are materially injuring, or threaten material injury to, the U.S. industry within 120 days of publication of this preliminary determination or 45 days of publication of our final determination, whichever is later.

This determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act and 19 CFR 351.205(c).

Dated: May 31, 2016.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

Appendix I—Scope of the Investigation

This investigation covers welded carbon-quality steel pipes and tube, of circular cross-section, with an outside diameter (O.D.) not more than nominal 16 inches (406.4 mm), regardless of wall thickness, surface finish (e.g., black, galvanized, or painted), end finish (plain end, beveled end, grooved, threaded, or threaded and coupled), or industry specification (e.g., American Society for Testing and Materials International (ASTM), proprietary, or other), generally known as standard pipe, fence pipe and tube, sprinkler pipe, and structural pipe (although subject product may also be referred to as

mechanical tubing). Specifically, the term “carbon quality” includes products in which:

- (a) Iron predominates, by weight, over each of the other contained elements;
- (b) the carbon content is 2 percent or less, by weight; and
- (c) none of the elements listed below exceeds the quantity, by weight, as indicated:
 - (i) 1.80 percent of manganese;
 - (ii) 2.25 percent of silicon;
 - (iii) 1.00 percent of copper;
 - (iv) 0.50 percent of aluminum;
 - (v) 1.25 percent of chromium;
 - (vi) 0.30 percent of cobalt;
 - (vii) 0.40 percent of lead;
 - (viii) 1.25 percent of nickel;
 - (ix) 0.30 percent of tungsten;
 - (x) 0.15 percent of zirconium;
 - (xi) 0.10 percent of niobium;
 - (xii) 0.41 percent of titanium;
 - (xiii) 0.15 percent of vanadium; or
 - (xiv) 0.15 percent of zirconium.

Covered products are generally made to standard O.D. and wall thickness combinations. Pipe multi-stenciled to a standard and/or structural specification and to other specifications, such as American Petroleum Institute (API) API-5L specification, may also be covered by the scope of these investigations. In particular, such multi-stenciled merchandise is covered when it meets the physical description set forth above, and also has one or more of the following characteristics: Is 32 feet in length or less; is less than 2.0 inches (50 mm) in outside diameter; has a galvanized and/or painted (e.g., polyester coated) surface finish; or has a threaded and/or coupled end finish.

Standard pipe is ordinarily made to ASTM specifications A53, A135, and A795, but can also be made to other specifications. Structural pipe is made primarily to ASTM specifications A252 and A500. Standard and structural pipe may also be produced to proprietary specifications rather than to industry specifications.

Sprinkler pipe is designed for sprinkler fire suppression systems and may be made to industry specifications such as ASTM A53 or to proprietary specifications.

Fence tubing is included in the scope regardless of certification to a specification listed in the exclusions below, and can also be made to the ASTM A513 specification. Products that meet the physical description set forth above but are made to the following nominal outside diameter and wall thickness combinations, which are recognized by the industry as typical for fence tubing, are included despite being certified to ASTM mechanical tubing specifications:

O.D. in inches (nominal)	Wall thickness in inches (nominal)	Gage
1.315	0.035	20
1.315	0.047	18
1.315	0.055	17
1.315	0.065	16

3.500	0.165	8
4.000	0.148	9
4.000	0.165	8
4.500	0.203	7

The scope of this investigation does not include:

(a) Pipe suitable for use in boilers, superheaters, heat exchangers, refining furnaces and feedwater heaters, whether or not cold drawn, which are defined by standards such as ASTM A178 or ASTM A192;

(b) finished electrical conduit, *i.e.*, Electrical Rigid Steel Conduit (also known as Electrical Rigid Metal Conduit and Electrical Rigid Metal Steel Conduit), Finished Electrical Metallic Tubing, and Electrical Intermediate Metal Conduit, which are defined by specifications such as American National Standard (ANSI) C80.1-2005, ANSI C80.3-2005, or ANSI C80.6-2005, and Underwriters Laboratories Inc. (UL) UL-6, UL-797, or UL-1242;

(c) finished scaffolding, *i.e.*, component parts of final, finished scaffolding that enter the United States unassembled as a “kit.” A kit is understood to mean a packaged combination of component parts that contains, at the time of importation, all of the necessary component parts to fully assemble final, finished scaffolding;

(d) tube and pipe hollows for redrawing;

(e) oil country tubular goods produced to API specifications;

(f) line pipe produced to only API specifications, such as API 5L, and not multi-stenciled; and

(g) mechanical tubing, whether or not cold-drawn, other than what is included in the above paragraphs.

The products subject to this investigation are currently classifiable in Harmonized Tariff Schedule of the United States (HTSUS) statistical reporting numbers 7306.19.1010, 7306.19.1050, 7306.19.5110, 7306.19.5150, 7306.30.1000, 7306.30.5015, 7306.30.5020, 7306.30.5025, 7306.30.5032, 7306.30.5040, 7306.30.5055, 7306.30.5085, 7306.30.5090, 7306.50.1000, 7306.50.5030, 7306.50.5050, and 7306.50.5070. DEPARTMENT OF COMMERCE

International Trade Administration

[A-570-506]

Porcelain-on-Steel Cooking Ware From the People's Republic of China: Final Results of Expedited Sunset Review of the Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On February 2, 2016, the Department of Commerce (the "Department") initiated the fourth five-year ("sunset") review of the antidumping duty order on porcelain-on-steel cooking ware ("POS cookware") from the People's Republic of China ("PRC") pursuant to section 751(c) of the Tariff Act of 1930, as amended (the "Act").¹ On the basis of a notice of intent to participate and an adequate substantive response filed on behalf of the domestic interested parties, as well as a lack of response from respondent interested parties, the Department conducted an expedited sunset review of the antidumping duty order, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2). As a result of this sunset review, the Department finds that revocation of the *Order* would likely lead to continuation or recurrence of dumping at the levels indicated in the

"Final Results of Review" section of this notice.

DATES: *Effective Date:* June 8, 2016.

FOR FURTHER INFORMATION CONTACT: Andrew Devine, Enforcement and Compliance, Office V, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-0238.

SUPPLEMENTARY INFORMATION:

Background

On February 2, 2016, the Department initiated the fourth sunset review of the *Order* pursuant to section 751(c) of the Tariff Act of 1930, as amended ("Act").² On February 16, 2016, the Department received a timely notice of intent to participate in the sunset review on behalf of Columbian Home Products LLC (formerly General Housewares Corporation) ("Columbian"), pursuant to 19 CFR 351.218(d)(1)(i).³ In accordance with 19 CFR 351.218(d)(1)(ii)(A), Columbian is an interested party under section 771(9)(C) of the Act as a producer of the domestic like product. On March 3, 2016, Columbian filed a substantive response in the sunset review within the 30-day deadline, as specified in 19 CFR 351.218(d)(3)(i).⁴ The Department did not receive a substantive response from any respondent interested party in the sunset review. On April 4, 2016, the Department made its adequacy determination in the sunset review finding that the Department did not receive a substantive response from any respondent interested party.⁵

Scope of the Order

The subject merchandise is porcelain-on-steel cooking ware, including tea

² See *Initiation of Five-Year ("Sunset") Review*, 80 FR 45945 (August 3, 2015) ("*Sunset Initiation*").

³ See Letter to the Secretary from Columbian, "Five-Year Sunset Review of Antidumping Duty Order on Porcelain-On-Steel Cooking Ware From the People's Republic of China: Notice of Intent to Participate in Sunset Review," (February 16, 2016).

⁴ See Letter to the Secretary from Columbian, "Five-Year ("Sunset") Review Of Antidumping Duty Order On Porcelain-On-Steel Cooking Ware From The People's Republic Of China: Columbian's Response To Notice Of Initiation," (March 3, 2016) ("*Substantive Response*").

⁵ See Letter to the ITC from the Department, "Sunset Reviews Initiated on February 2, 2016," (April 4, 2016); specifically, based on the lack of an adequate response in the sunset review from any respondent party, the Department is conducting an expedited (120-day) sunset review consistent with section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2). See also *Procedures for Conducting Five-year ("Sunset") Reviews of Antidumping and Countervailing Duty Orders*, 63 FR 13516, 13519 (March 20, 1998) (the Department normally will conduct an expedited sunset review where respondent interested parties provide an inadequate response).

kettles, which do not have self-contained electric heating elements. All of the foregoing are constructed of steel and are enameled or glazed with vitreous glasses. The merchandise is currently classifiable under the Harmonized Tariff Schedule ("HTSUS") subheading 7323.94.00.⁶

Analysis of Comments Received

All issues raised in this review are addressed in the "Issues and Decision Memorandum for the Final Results of the Expedited Sunset Review of the Antidumping Duty Order on Porcelain-on-Steel Cooking Ware from the People's Republic of China" ("Issues and Decision Memorandum") from Christian Marsh, Deputy Assistant Secretary, Antidumping and Countervailing Duty Operations, to Paul Piquado, Assistant Secretary for Enforcement and Compliance, dated concurrently with and hereby adopted by this notice. The issues discussed in the Issues and Decision Memorandum include the likelihood of continuation or recurrence of dumping and the magnitude of the margins likely to prevail if the *Order* were revoked. Parties may find a complete discussion of all issues raised in the review and the corresponding recommendations in this public memorandum which is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Services System ("ACCESS"). Access to ACCESS is available in the Central Records Unit room B8024 of the main Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the Web at <http://trade.gov/enforcement>. The signed Issues and Decision Memorandum and the electronic version of the Issues and Decision Memorandum are identical in content.

Final Results of Review

Pursuant to sections 752(c)(1) and (3) of the Act, we determine that revocation of the antidumping duty order on POS cookware from the PRC would likely lead to continuation or recurrence of dumping at weighted-average margins up to 66.65 percent.

Notice Regarding Administrative Protective Order ("APO")

This notice also serves as the only reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary

⁶ See *Porcelain-on-Steel Cooking Ware From the People's Republic of China: Final Results of Expedited Sunset Review of the Antidumping Duty Order*, 76 FR 7534 (February 10, 2011).
