SUPPLEMENTARY INFORMATION:

Stakeholders are encouraged to review the PAPWG SWOT Report prior to the workshop. The PAPWG SWOT Report is available at: <https://primis.phmsa.dot.gov/comm/publicawareness/docs/PAPWG%20SWOT%20Analysis%20Report-FINAL%2005-16-16.pdf>.

The Federal pipeline safety regulations (49 CFR 192.616 and 49 CFR 195.440) require pipeline operators to develop and implement public awareness programs that follow the guidance provided by the API RP 1162, 1st Edition, "Public Awareness Programs for Pipeline Operators" (incorporated by reference in the pipeline safety regulations 49 CFR 192.616 and 49 CFR 195.440). Pipeline operators are required to implement public awareness programs that provide pipeline safety information to the affected public, emergency response officials, local public officials, and excavators. Implementing and improving public awareness programs allows pipeline stakeholders an opportunity to address pipeline safety concerns, such as third party damages, in a proactive manner.

The PAPWG was a collaborative stakeholder work group comprised of myriad pipeline safety stakeholders. The PAPWG was established in September 2013. The mission of the PAPWG was to review pipeline safety public awareness data and information from various sources, identify relevant topical review areas, perform SWOT

analyses of those topical areas, and report out on key findings to support improving public awareness.

Issued in Washington, DC, on June 7, 2016, under the authority delegated in 49 CFR 1.97.

Alan K. Mayberry,

Acting Associate Administrator for Pipeline Safety.

SUMMARY: In accordance with the requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35), the Board, the OCC, and the FDIC (the “agencies”) may not conduct or sponsor, and the respondent is not required to respond to, an information collection unless it displays a currently valid Office of Management and Budget (“OMB”) control number. The agencies have approved for public comment a proposal to extend, with minor revision, the Uniform Interagency Transfer Agent Registration and Amendment Form (“Form TA-1”), which is a currently approved collection of information. At the end of the comment period, the comments and recommendations received will be analyzed to determine the extent to which the agencies should modify the proposed revisions before giving final

approval. The agencies will then submit the revisions to OMB for approval.
