

- Tell NIDA how you design scientific experiments in general.

Amount of the Prize; Award Approving Official. Up to ten monetary prizes will be awarded. The total prize award pool is up to \$100,000. No institutional indirect costs are allowed. The names of the winners and the titles of their submissions will be posted on the NIDA Web site. The award approving official for this Challenge is the Director of the National Institute on Drug Abuse.

Payment of the Prize. Prizes awarded under this Challenge will be paid by electronic funds transfer and may be subject to Federal income taxes. The NIH/NIDA will comply with the Internal Revenue Service withholding and reporting requirements, where applicable.

Basis upon Which the Winner Will Be Selected. The judging panel will make recommendations to the award approving official based upon the following 5 criteria. Each criterion will be scored with the maximum of 10 points.

(1) Significance and Unmet Needs (0–10 points). Are there significant needs for your product or service? Does the project address an important problem or a critical barrier to progress in the field of drug abuse research? If the aims of the project are achieved, how will scientific knowledge, technical capability, service or clinical practice be improved?

(2) Innovation (0–10 points). Does the submission seek to shift current paradigms by utilizing novel theoretical concepts, approaches, methodologies, instrumentation, service or interventions for drug abuse research? Is your product novel in a broad sense? Is a refinement, improvement or new application of theoretical concepts, approaches or methodologies instrumentation or interventions proposed?

(3) Approach (0–10 points). Are the overall strategy, methodology, and analyses well-reasoned and appropriate to test the proposed idea? Has feedback from end users been incorporated into the validity of the idea proposed?

(4) Team expertise (0–10 points). Does the individual or team demonstrate high level of ability, perseverance and grit?

(5) Commercialization (0–10 points). Is there a clear path for the product/service to reach the market? Are the product users and purchasers clearly identified?

Submissions that are responsive and comply with the entry requirements will be reviewed by a panel of judges consisting of federal employees. The responsive and compliant submissions

entries will be scored in accordance with the judging criteria outlined above. Final recommendations will be determined by a vote of the judges based on score. Scores from each criterion will be weighted equally, but failure to meet a minimum standard for any one criterion might disqualify a submission. The score for each submission will be the sum of the scores from each of the voting judges.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

[Docket No. USCG-2016-0372]

Certificates of Alternative Compliance, First Coast Guard District

AGENCY: Coast Guard, DHS.

ACTION: Notice.

SUMMARY: The Coast Guard announces that the First Coast Guard District's Prevention Department has issued certificates of alternative compliance with the International Regulations for Preventing Collisions at Sea (72 COLREGS), to vessels of special construction or purpose that cannot

fully comply with the light, shape, and sound signal provisions of 72 COLREGS without interfering with their special function. This notice promotes the Coast Guard's maritime safety and stewardship missions.

FOR FURTHER INFORMATION CONTACT: For information about this document call or email Mr. Kevin Miller, First Coast Guard District's Towing Vessel and Barge Safety Specialist at (617) 223-8272 or [Kevin.L.Miller2@uscg.mil].

SUPPLEMENTARY INFORMATION:

Discussion

The United States is signatory to the International Maritime Organization's International Regulations for Preventing Collisions at Sea, 1972, as amended. The special construction or purpose of some vessels makes them unable to comply with the light, shape, and sound signal provisions of 72 COLREGS. Under statutory law¹ and Coast Guard regulation,² a vessel may instead meet alternative requirements and the vessel's owner, builder, operator, or agent may apply for a certificate of alternative compliance (COAC). The Chief of the Inspections and Investigations Branch in each Coast Guard District office determines whether the vessel for which the COAC is sought complies as closely as possible with 72 COLREGS, and decides whether to issue the COAC. Once issued, a COAC remains valid until information supplied in the application for the COAC, or the terms of the COAC, become inapplicable to the vessel. Under the governing statute³ and regulation,⁴ the Coast Guard must publish notice of each COAC issued by the District office.

The First Coast Guard District issued COACs to the following vessels from January 2016 to May 2016:

Year	Vessel name	Details
2016	JACK T MORAN	This certificate authorized the placement of the vessel's sidelights in a position 13' 5.25" from the vessel's side, mounted to the top of the pilot house. Additionally, this certificate authorized the placement of the vessel's stern light and towing lights in a position 3' 5.75" aft of Frame 20, mounted on the top of the pilot house.
2016	GRACIE M REINAUER	This certificate authorized the placement of the vessel's sidelights in a position 7' 1.75" from the vessel's side, mounted to the deckhouse overhead.
2016	COOPER MORAN	This certificate authorized the placement of the vessel's sidelights in a position 13' 5.25" from the vessel's side, mounted to the top of the pilot house. Additionally, this certificate authorized the placement of the vessel's stern light and towing lights in a position 3' 5.75" aft of Frame 20, mounted on the top of the pilot house.
