Information Collection Request Title: Data Collection Tool for State Offices of Rural Health Grant Program

OMB No. 0915-0322—Extension

Abstract: The mission of the Federal Office of Rural Health Policy (FORHP) is to sustain and improve access to quality care services for rural communities. In its authorizing language (section 711 of the Social Security Act [42 U.S.C. 912]), Congress charged FORHP with administering grants, cooperative agreements, and contracts to provide technical assistance and other activities as necessary to support activities related to improving health care in rural areas. In accordance with the Public Health Service Act, section 338J (42 U.S.C. 254r), HRSA proposes to continue the State Offices of Rural Health (SORH) Grant Program—Funding Opportunity Announcement (FOA) and Forms for the Application. The FOA is used by 50 states in preparing applications for grants under the SORH Grant Program of the Public Health Service Act, and in preparing the required report.

Need and Proposed Use of the Information: FORHP seeks to continue gathering information from grantees on their efforts to provide technical assistance to clients within their states. SORH grantees submit a Technical Assistance Report that includes: (1) The total number of technical assistance encounters provided directly by the grantee, and (2) the total number of unduplicated clients that received direct technical assistance from the grantee. The Technical Assistance Report is submitted via the HRSA Electronic
