NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency finds good cause that those procedures are "impracticable, unnecessary, or contrary to the public interest." Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because firework displays on or over the navigable waterway pose safety concerns for waterway users. On March 7, 2016, the Coast Guard published a notice of proposed rulemaking (NPRM) entitled, "Sector Ohio Valley Annual and Recurring Safety Zones Update" (81 FR 11706). In the NPRM, the Coast Guard proposed to amend and update its list of recurring safety zone regulations that take place in the Coast Guard Sector Ohio Valley area of responsibility (AOR). The public comment period ended on June 6, 2016. The Coast Guard did not receive comments on the NPRM. The Coast Guard issued a final rule on June 14, 2016, finalizing the events proposed in the NPRM, and the rule became

effective on June 14, 2016 (see 81 FR 38595).

Before the comment period closed, the Coast Guard received new information regarding the Kindred Communications/Dawg Dazzle event, listed in Table 1 of 33 CFR 165.801, Line 56. For 2016, the event sponsor requested that the event be held on July 1 instead of the July 4, which was the date proposed in the NPRM. Due to the date of the event, it is impracticable to publish an NPRM for this date change because we must establish this safety zone by July 1, 2016. If the event sponsor decides to continue to hold the event annually on July 1, the Coast Guard will publish an NPRM in the **Federal Register** to permanently change the event date.

We are issuing this rule, and under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making the rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of the rule is contrary to the public interest as it would delay the effectiveness of the temporary safety zone needed to respond to potential related safety hazards until after the planned fireworks display.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 33 U.S.C. 1231. The COTP has determined that potential hazards associated with fireworks displays taking place on or over this section of navigable waterway will be a safety concern for anyone within the area designated as the safety zone. This rule is needed to protect personnel, vessels, and the marine environment in the navigable waters within the safety zone during the fireworks display.

IV. Discussion of the Rule

This rule establishes a temporary safety zone from 9:30 until 11:00 p.m. on July 1, 2016 for all waters of the Ohio River from mile 307.8 to mile 308.8, for the Dawg Dazzle Fireworks Display in Huntington, WV. This safety zone is intended to protect personnel, vessels, and the marine environment in these navigable waters during the fireworks display. No vessel or person will be permitted to enter the safety zone without obtaining permission from the COTP or a designated representative.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive Orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and

Executive Orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This rule has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, it has not been reviewed by the Office of Management and Budget.

This temporary final rule establishes a safety zone that will be enforced for a limited time period. During the enforcement period, vessels are prohibited from entering into or remaining within the safety zone unless specifically authorized by the COTP or a designated representative. Based on the location, limited safety zone size, and short duration of the enforcement period, this rule does not pose a significant regulatory impact. Additionally, notice of the safety zone or any changes in the planned schedule will be made via Broadcast Notices to Mariners and Local Notices to Mariners. Deviation from this rule may be requested from the COTP or a designated representative and will be considered on a case-by-case basis.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section V.A. above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule

would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this rule has implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section above.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In

particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that the actions are one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves a safety zone lasting less than two hours that will limit access to a specific area on the Ohio River. This safety zone is categorically excluded from further review under paragraph 34(g) of Figure 2–1 of the Commandant Instruction. An environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are available in the docket where indicated under **ADDRESSES**. We seek any comments or information that may lead to the discovery of a significant environmental impact from this rule.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

Regulated Navigation Area; Fourth of July, Biscayne Bay, Miami, FL

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is temporarily establishing a regulated navigation area on Biscayne Bay in Miami, Florida for the Fourth of July, 2016. This regulation is necessary to protect the public during upcoming Fourth of July events, a period during

which a significant concentration of persons and vessels historically operate on the waters of Biscayne Bay. To ensure the public's safety, all vessels within the regulated navigation area are required to transit the regulated navigation area at no more than 15 knots; are subject to control by the Coast Guard officers and petty officers; and are required to follow the instructions of all law enforcement vessels in the area.

DATES: This rule is effective on July 4th, 2016, from 7 p.m. until 11:59 p.m.

II. Background Information and Regulatory History

Recreational boating traffic on the waters of Biscayne Bay increases significantly during Fourth of July activities. In recent years, recreational vessel speed, especially in crossing navigational channels, contributed to incidents that resulted in severe injury and death. This regulation seeks to increase public safety on the waters of Biscayne Bay during the 4th of July by requiring vessels to travel at a maximum speed of 15 knots. It also subjects recreational vessels to the control by Coast Guard officers and petty officers as well as local law enforcement authorities.

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary

to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because publication of an NPRM would be impracticable. During meetings with local law enforcement, only weeks prior to the holiday, it was decided that a regulated navigation area be implemented for the holiday. Local law enforcement expressed opinion that previous implementation of this rule resulted a substantially safer waterway. This late decision makes proposing the rule for comment impracticable.

We are issuing this rule, and under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making it effective less than 30 days after publication in the **Federal Register** for the reasons discussed above.

III. Legal Authority and Need for Rule

The legal basis for this proposed rule is the Coast Guard's authority to establish regulated navigation areas and other limited access areas: 33 U.S.C. 1231; 50 U.S.C. 191; 33 CFR 1.05–1, 6.04–1, 6.04–6, and 160.5; Department of Homeland Security Delegation No. 0170.1. The District Seven Commander has determined that potential hazards associated with Fourth of July events pose a safety concern for anyone on the waters of Biscayne Bay. The purpose of this rule is to ensure safety of vessels and the navigable waters in Biscayne Bay before, during, and after the July 4th events.

IV. Discussion of Comments, Changes, and the Rule

This rule establishes a regulated navigational area from 7 p.m. to 11:59 on July 4th, 2016. This regulated navigation area will encompass certain waters of the Biscayne Bay between Julia Tuttle Causeway Bridge and Cutler Bay, Florida. The duration of the zone is intended to ensure the safety of vessels and these navigable waters before, during, and after Fourth of July events.

All vessels within the proposed regulated navigation area are: (1) Required to transit the regulated navigation area at no more than 15 knots; (2) subject to control by Coast Guard officers and petty officers; and (3) required to follow the instructions of all law enforcement vessels in the area.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders (E.O.s) related to rulemaking. Below we summarize our analyses based on a number of these
