

I. Paperwork Reduction Act

This rule does not contain information collection requirements, and a submission to the Office of Management and Budget under the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*) is not required. We may not conduct or sponsor and you are not required to respond to a collection of information unless it displays a currently valid OMB control number.

J. National Environmental Policy Act

This rule does not constitute a major Federal action significantly affecting the quality of the human environment. A detailed statement under the National Environmental Policy Act of 1969 (NEPA) is not required because the rule is covered by a categorical exclusion (see 43 CFR 46.210(i)). This rule is excluded from the requirement to prepare a detailed statement because it is a regulation of an administrative nature. We have also determined that the rule does not involve any of the extraordinary circumstances listed in 43 CFR 46.215 that would require further analysis under NEPA.

K. Effects on the Energy Supply (E.O. 13211)

This rule is not a significant energy action under the definition in Executive Order 13211. A Statement of Energy Effects is not required.

L. Clarity of This Regulation

We are required by Executive Orders 12866 (section 1(b)(12)), 12988 (section 3(b)(1)(B)), and 13563 (section 1(a)), and by the Presidential Memorandum of June 1, 1998, to write all rules in plain language. This means that each rule we publish must:

- (a) Be logically organized;
- (b) Use the active voice to address readers directly;
- (c) Use common, everyday words and clear language rather than jargon;
- (d) Be divided into short sections and sentences; and
- (e) Use lists and tables wherever possible.

If you feel that we have not met these requirements, send us comments by one of the methods listed in the **ADDRESSES** section. Your comments should be as specific as possible. For example, you should tell us the numbers of the sections or paragraphs that you find unclear, which sections or sentences are too long, the sections where you feel lists or tables would be useful, etc.

M. Administrative Procedure Act

The FCPIA of 2015 requires agencies to publish interim final rules by July 1, 2016, with an effective date for the

adjusted penalties of no later than August 1, 2016. To comply with the FCPIA of 2015, we are issuing these regulations as an interim final rule and are requesting comments post-promulgation. The Administrative Procedure Act (APA) provides that, when an agency for good cause finds that “notice and public procedure . . . are impracticable, unnecessary, or contrary to the public interest,” the agency may issue a rule without providing notice and an opportunity for prior public comment. 5 U.S.C. 553(b). BOEM finds that there is good cause to promulgate this rule without first providing for public comment. It would not be practicable to meet the deadlines imposed by the FCPIA of 2015 if we were to first publish a proposed rule, allow the public sufficient time to submit comments, analyze the comments, and publish a final rule. Also, BOEM is promulgating this final rule to implement the statutory directive in the FCPIA of 2015, which requires agencies to publish an interim final rule and to update the civil penalty amounts by applying a specified formula. BOEM has no discretion to vary the amount of the adjustment to reflect any views or suggestions provided by commenters, so notice and comment is unnecessary. Accordingly, it would serve no purpose to provide an opportunity for pre-promulgation public comment on this rule. Thus, BOEM finds pre-promulgation notice and public comment to be impracticable and unnecessary.
