SUPPLEMENTARY INFORMATION: The Legal Services Corporation (“LSC” or “Corporation”) was established by the United States Congress “for the purpose of providing financial support for legal assistance in noncriminal matters or proceedings to persons financially unable to afford such assistance.” 42 U.S.C. 2996b(a). LSC performs this function primarily by funding civil legal aid programs providing legal services to low-income persons throughout the United States and its possessions and territories in geographic areas determined by LSC. Each LSC funding recipient must screen all applicants for LSC-funded legal assistance to determine if the applicant’s household meets the recipient’s financial eligibility requirements for income and assets, which themselves must comply with the LSC financial eligibility requirements set forth at 45 CFR part 1611.

On March 26, 2012, LSC published for comment a draft program letter discussing minimum screening requirements for LSC recipients when determining financial eligibility of applicants based on information collected through automated online intake systems. 77 FR 17529. The draft program letter and comments received are in the “Closed Matters for Comment” section of LSC’s Web site at: <http://www.lsc.gov/about-lsc/matters-comment> under “Draft Financial-Screening Program Letter”.

LSC received eight comments, all of which encouraged LSC to provide guidance on this topic. Four comments recommended that LSC not require a person at the grantee to make a direct follow-up contact regarding financial information for every applicant using an automated intake system. Three comments suggested clarifying who may provide financial eligibility information for an applicant through an automated system, and to include representatives of applicants, such as family members. One comment recommended separate requirements for applicants to be served

by private attorneys volunteering with the grantee or providing reduced-fee services. One comment said that the proposed program letter was complete and adequate to explain the requirements.

Based on the comments and additional internal review, LSC has substantially revised the program letter to: (1) Eliminate the requirement for a follow-up contact by a person in all situations, (2) clarify that applicants or their authorized representatives may provide the financial information, and (3) provide guidelines for when the automated system may make a financial eligibility determination without review by a person. In all cases, the grantee must maintain clear and accessible records regarding the structure and operation of the system, maintain all information required for client-eligibility determinations, and engage in ongoing review of the system for improvements. Furthermore, grantees must design and operate these systems so as to maintain access to services for people with disabilities.

The revised program letter is available on the LSC Web site at <http://www.lsc.gov/about-lsc/matters-comment>. LSC will accept comments on the notice for thirty days and, if the comments warrant, will issue an additional notice modifying the proposed program letter and adjusting the effective date. In the absence of any such notice, the revised program letter will be effective forty days after publication of this notice in the **Federal Register**.

Dated: June 27, 2016.

Mark Freedman,

Senior Associate General Counsel.

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

[NARA–2016–037]

Records Schedules; Availability and Request for Comments

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice of availability of proposed records schedules; request for comments.

SUMMARY: The National Archives and Records Administration (NARA) publishes notice at least once monthly of certain Federal agency requests for records disposition authority (records schedules). Once approved by NARA, records schedules provide mandatory

instructions on what happens to records when agencies no longer need them for current Government business. The records schedules authorize agencies to preserve records of continuing value in the National Archives of the United States and to destroy, after a specified period, records lacking administrative, legal, research, or other value. NARA publishes notice in the **Federal Register** for records schedules in which agencies propose to destroy records not previously authorized for disposal or reduce the retention period of records already authorized for disposal. NARA invites public comments on such records schedules, as required by 44 U.S.C. 3303a(a).

DATES: NARA must receive requests for copies in writing by August 1, 2016. Once NARA finishes appraising the records, we will send you a copy of the schedule you requested. We usually prepare appraisal memoranda that contain additional information concerning the records covered by a proposed schedule. You may also request these. If you do, we will also provide them once we have completed the appraisal. You have 30 days after we send to you these requested documents in which to submit comments.

ADDRESSES: You may request a copy of any records schedule identified in this notice by contacting Records Appraisal and Agency Assistance (ACRA) using one of the following means:

Mail: NARA (ACRA); 8601 Adelphi Road; College Park, MD 20740–6001.

Email: request.schedule@nara.gov.

FAX: 301–837–3698.

You must cite the control number, which appears in parentheses after the name of the agency that submitted the schedule, and a mailing address. If you would like an appraisal report, please include that in your request.

FOR FURTHER INFORMATION CONTACT:

Margaret Hawkins, Director, by mail at Records Appraisal and Agency Assistance (ACRA); National Archives and Records Administration; 8601 Adelphi Road; College Park, MD 20740–6001, by phone at 301–837–1799, or by email at request.schedule@nara.gov.

SUPPLEMENTARY INFORMATION: Each year, Federal agencies create billions of records on paper, film, magnetic tape, and other media. To control this accumulation, agency records managers prepare schedules proposing records retention periods and submit these schedules for NARA’s approval. These schedules provide for timely transfer into the National Archives of historically valuable records and authorize the agency to dispose of all other records after the agency no longer

needs them to conduct its business. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. Most schedules, however, cover records of only one office or program or a few series of records. Many of these update previously approved schedules, and some include records proposed as permanent.

The schedules listed in this notice are media neutral unless otherwise specified. An item in a schedule is media neutral when an agency may apply the disposition instructions to records regardless of the medium in which it creates or maintains the records. Items included in schedules submitted to NARA on or after December 17, 2007, are media neutral unless the item is expressly limited to a specific medium. (See 36 CFR 1225.12(e).)

Agencies may not destroy Federal records without Archivist of the United States' approval. The Archivist approves destruction only after thoroughly considering the records' administrative use by the agency of origin, the rights of the Government and of private people directly affected by the Government's activities, and whether or not the records have historical or other value.

In addition to identifying the Federal agencies and any subdivisions requesting disposition authority, this notice lists the organizational unit(s) accumulating the records (or notes that the schedule has agency-wide applicability when schedules cover records that may be accumulated throughout an agency); provides the control number assigned to each schedule, the total number of schedule items, and the number of temporary items (the records proposed for destruction); and includes a brief description of the temporary records. The records schedule itself contains a full description of the records at the file unit level as well as their disposition. If NARA staff has prepared an appraisal memorandum for the schedule, it also includes information about the records. You may request additional information about the disposition process at the addresses above.
