Complainant states that it is a business engaged in providing ship's agency services to vessel owners, operators and charterers. Complainant alleges that Respondents are operators of marine terminals.

Complainant alleges that by banning Complainant from entering on or coordinating port calls at all marine terminals owned or operated by Respondents, as well as informing Complainant's customers that as of July 1, 2016 Complainant has been banned from coordinating port calls at all marine terminals owned or operated by Respondents, Respondents have violated the Shipping Act, 46 U.S.C. 41106, which states that marine terminal operators "may not give any undue or unreasonable preference or advantage or impose any undue or unreasonable prejudice or disadvantage with respect to any person; or unreasonably refuse to deal or negotiate."

Complainant requests that the Commission enter an order declaring the "Blacklist Notice" and/or Respondents' actions described in their complaint violate 46 U.S.C. 41106 and are unlawful and unenforceable, and further declaring that Complainant may continue to provide vessel agency services at Respondents' terminals as it currently does, and that Respondent be required to answer the charges made in the Complaint. Complainant also requests that after taking evidence and conducting a hearing, the Commission order Respondents to cease and desist from violation of the Shipping Act; to put in place lawful and reasonable practices to insure no continuing similar violations of the Shipping Act; to pay Complainant's reasonable attorney fees pursuant to 46 U.S.C. 41305(e); to pay monetary penalties for violating the Shipping Act pursuant to 46 U.S.C. 41107; and that the Commission make any further orders as it determines to be just and proper.

SUPPLEMENTARY INFORMATION:

A. Background: GSA published the Transactional Data Reporting final rule in the **Federal Register** at 81 FR 41103 on June 23, 2016. The rule amended the General Services Administration Acquisition Regulation (GSAR) to include clauses that require vendors to report transactional data from orders placed against select Federal Supply Schedule (FSS) contracts, Governmentwide Acquisition Contracts (GWACs), and Governmentwide Indefinite-Delivery, Indefinite-Quantity (IDIQ) contracts. The clause applicable to GWACs and Governmentwide IDIQs, GSAR clause 552.216-75, will be applied to new contracts in that class and may be applied to any existing contracts in this class that do not contain other transactional data clauses. For FSS contracts, the clause (GSAR clause 552.238-74 Alternate I) will be introduced in phases, beginning with a pilot for select Schedules or Special Item Numbers and will be paired with changes to existing requirements for Commercial Sales Practices disclosures and Price Reductions clause basis of award monitoring. The final rule does not apply to the Department of Veterans Affairs (VA) FSS contract holders.¹

Contractors subject to Transactional Data Reporting will be required to report eleven standard data elements. Any data

¹ See GSAR Case 2013-G504; Docket 2014-0020; Sequence 1 (80 FR 11619 (Mar. 4, 2015)).

elements beyond the standard elements must be coordinated with the applicable category manager, and approved by the Head of Contracting Activity and GSA's Senior Procurement Executive in order for them to be included with a tailored version of the applicable clause. The determination regarding additional data elements will consider the benefits, alternatives, burden, and need for additional rulemaking.

GSA intends to share transactional data to the maximum extent allowable to promote transparency and

competition while respecting that some data could be exempt from disclosure. Accordingly, a public data extract, containing information that would otherwise be releasable under the Freedom of Information Act (FOIA) (5 U.S.C. 552), will be created for use by the general public.

The data released to the public will provide valuable market intelligence that can be used by vendors for crafting more efficient, targeted business development strategies that incur lower administrative costs. This will be

particularly beneficial for small businesses, which often do not have the resources to invest in dedicated business development staff or acquire business intelligence through third-parties.

B. Standard Data Elements: Both Transactional Data Reporting GSAR clauses 552.238–74, Alternate I and 552.216–75 require contractors to report the same eleven standard data elements. These data elements, along with their exemption status under FOIA, are listed in the table below.

Data element description	Exemption status
1. Contract or Blanket Purchase Agreement (BPA) Number	Not exempt under FOIA.
2. Delivery/Task Order Number/Procurement Instrument Identifier (PIID)	Not exempt under FOIA.
3. Non Federal Entity	Not exempt under FOIA.
4. Description of Deliverable	Not exempt under FOIA.
5. Manufacturer Name	Not exempt under FOIA.
6. Manufacturer Part Number	Not exempt under FOIA.
7. Unit Measure (each, hour, case, lot)	Not exempt under FOIA.
8. Quantity of Item Sold	Exempt—5 U.S.C. 552(b)(4). ²
9. Universal Product Code	Not exempt under FOIA.
10. Price Paid Per Unit	Exempt—5 U.S.C. 552(b)(4).
11. Total Price	Not exempt under FOIA.

As described in Section A, GSA intends to share transactional data elements that are not exempt under the FOIA with the general public through a public data extract.

C. Public Comments: Public comments are invited on the FOIA exemption status of the eleven standard data elements identified in Section B. Comments must be submitted following the instructions above and must identify any data elements addressed by number and description.

Dated: June 23, 2016.

Chiara A. McDowell,

Deputy Assistant Commissioner, Office of Acquisition Management, Federal Acquisition Service.
