## DEPARTMENT OF HEALTH AND HUMAN SERVICES

#### **National Institutes of Health**

# Notice of Diabetes Mellitus Interagency Coordinating Committee Meeting

SUMMARY: The Diabetes Mellitus Interagency Coordinating Committee (DMICC) will hold a meeting on August 3, 2016. The subject of the meeting will be "An Update on the National Diabetes Prevention Program." The meeting is open to the public.

**DATES:** The meeting will be held on August 3, 2016; from 1:00 p.m. to 5:00 p.m. Individuals wanting to present oral comments must notify the contact person at least 10 days before the meeting date.

ADDRESSES: The meeting will be held in the Democracy 2 Building at 6707 Democracy Blvd., Bethesda, MD, in Conference Room 7050.

FOR FURTHER INFORMATION CONTACT: For further information concerning this meeting, see the DMICC Web site, www.diabetescommittee.gov, or contact Dr. B. Tibor Roberts, Executive Secretary of the Diabetes Mellitus Interagency Coordinating Committee, National Institute of Diabetes and Digestive and Kidney Diseases, 31 Center Drive, Building 31A, Room 9A19, MSC 2560, Bethesda, MD 20892–2560, telephone: 301–496–6623; FAX: 301–480–6741; email: dmicc@mail.nih.gov.

SUPPLEMENTARY INFORMATION: The DMICC, chaired by the National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK) comprising members of the Department of Health and Human Services and other federal agencies that support diabetes-related activities, facilitates cooperation, communication, and collaboration on diabetes among government entities. DMICC meetings, held several times a year, provide an opportunity for Committee members to learn about and discuss current and future diabetes programs in DMICC member organizations and to identify opportunities for collaboration. The August 3, 2016 DMICC meeting will focus on an Update on the National Diabetes Prevention Program.

Any member of the public interested in presenting oral comments to the Committee should notify the contact person listed on this notice at least 10 days in advance of the meeting. Interested individuals and representatives or organizations should submit a letter of intent, a brief description of the organization

represented, and a written copy of their oral presentation in advance of the meeting. Only one representative of an organization will be allowed to present; oral comments and presentations will be limited to a maximum of 5 minutes. Printed and electronic copies are requested for the record. In addition, any interested person may file written comments with the Committee by forwarding their statement to the contact person listed on this notice. The statement should include the name, address, telephone number and when applicable, the business or professional affiliation of the interested person. Because of time constraints for the meeting, oral comments will be allowed on a first-come, first-serve basis.

Members of the public who would like to receive email notification about future DMICC meetings should register for the listserv available on the DMICC Web site, www.diabetescommittee.gov.

Date: July 7, 2016.

#### B. Tibor Roberts.

Executive Secretary, DMICC, Office of Scientific Program and Policy Analysis, National Institute of Diabetes and Digestive and Kidney Diseases, National Institutes of Health.

### **National Institutes of Health**

### Eunice Kennedy Shriver National Institute of Child Health & Human Development; Notice of Closed Meeting

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. App.), notice is hereby given of the following meeting.

The meeting will be closed to the public in accordance with the provisions set forth in section 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: Eunice Kennedy Shriver National Institute of Child Health and Human Development Initial Review Group, Pediatrics Subcommittee.

Date: October 20–21, 2016.

Time: 8:30 a.m. to 5:00 p.m.

Agenda: To review and evaluate grant applications.

*Place:* Hilton Washington/Rockville, 1750 Rockville Pike, Rockville, MD 20852.

Contact Person: Rita Anand, Ph.D., Scientific Review Officer, Scientific Review Branch, Eunice Kennedy Shriver National Institute of Child Health and Human Development, NIH, 6710B Rockledge Drive, Room 2137D, Bethesda, MD 20892, (301) 496–1487, anandr@mail.nih.gov.

## DEPARTMENT OF HOMELAND SECURITY

# Federal Emergency Management Agency

[Docket ID FEMA-2016-0002; Internal Agency Docket No. FEMA-B-1630]

## Proposed Flood Hazard Determinations

**AGENCY:** Federal Emergency Management Agency, DHS.

**ACTION:** Notice.

**SUMMARY:** Comments are requested on proposed flood hazard determinations, which may include additions or modifications of any Base Flood Elevation (BFE), base flood depth, Special Flood Hazard Area (SFHA) boundary or zone designation, or regulatory floodway on the Flood Insurance Rate Maps (FIRMs), and where applicable, in the supporting Flood Insurance Study (FIS) reports for the communities listed in the table below. The purpose of this notice is to seek general information and comment regarding the preliminary FIRM, and where applicable, the FIS report that the Federal Emergency Management Agency (FEMA) has provided to the affected communities. The FIRM and FIS report are the basis of the floodplain management measures that the community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP). In addition, the FIRM and FIS report, once effective, will be used by insurance agents and others to calculate appropriate flood insurance premium rates for new

buildings and the contents of those buildings.

**DATES:** Comments are to be submitted on or before October 11, 2016.

ADDRESSES: The Preliminary FIRM, and where applicable, the FIS report for each community are available for inspection at both the online location and the respective Community Map Repository address listed in the tables below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at www.msc.fema.gov for comparison.

You may submit comments, identified by Docket No. FEMA-B-1630, to Rick Sacbibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW., Washington, DC 20472, (202) 646-7659, or (email) patrick.sacbibit@fema.dhs.gov.

FOR FURTHER INFORMATION CONTACT: Rick Sacbibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW., Washington, DC 20472, (202) 646–7659, or (email) patrick.sacbibit@fema.dhs.gov; or visit the FEMA Map Information eXchange (FMIX) online at www.floodmaps.fema.gov/fhm/fmx\_main.html.

SUPPLEMENTARY INFORMATION: FEMA proposes to make flood hazard determinations for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act

of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed flood hazard determinations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. These flood hazard determinations are used to meet the floodplain management requirements of the NFIP and also are used to calculate the appropriate flood insurance premium rates for new buildings built after the FIRM and FIS report become effective.

The communities affected by the flood hazard determinations are provided in the tables below. Any request for reconsideration of the revised flood hazard information shown on the Preliminary FIRM and FIS report that satisfies the data requirements outlined in 44 CFR 67.6(b) is considered an appeal. Comments unrelated to the flood hazard determinations also will be considered before the FIRM and FIS report become effective.

Use of a Scientific Resolution Panel (SRP) is available to communities in support of the appeal resolution process. SRPs are independent panels of experts in hydrology, hydraulics, and other pertinent sciences established to

review conflicting scientific and technical data and provide recommendations for resolution. Use of the SRP only may be exercised after FEMA and local communities have been engaged in a collaborative consultation process for at least 60 days without a mutually acceptable resolution of an appeal. Additional information regarding the SRP process can be found online at <a href="http://floodsrp.org/pdfs/srp\_fact\_sheet.pdf">http://floodsrp.org/pdfs/srp\_fact\_sheet.pdf</a>.

The watersheds and/or communities affected are listed in the tables below. The Preliminary FIRM, and where applicable, FIS report for each community are available for inspection at both the online location and the respective Community Map Repository address listed in the tables. For communities with multiple ongoing Preliminary studies, the studies can be identified by the unique project number and Preliminary FIRM date listed in the tables. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at www.msc.fema.gov for comparison.

M&T/Llano Seco Fish Screen Facility Long-Term Protection Project; Notice of Intent for Environmental Impact Statement

**AGENCY:** Fish and Wildlife Service, Interior.

**ACTION:** Notice of intent; notice of public scoping meetings; request for comments.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), in coordination with the California Department of Fish and Wildlife (CDFW), are preparing a joint environmental impact statement/ environmental impact report (EIS/EIR) for the proposed M&T/Llano Seco Fish Screen Facility Long-Term Protection Project in Butte County, California. This notice advises the public that we intend to gather information necessary to prepare an EIS pursuant to the National Environmental Policy Act (NEPA). We encourage the public and other agencies to participate in the NEPA scoping process by sending written suggestions and information on the issues and concerns that should be addressed in the draft EIS/EIR, including the range of alternatives, appropriate mitigation measures, and the nature and extent of potential environmental impacts.

**DATES:** Submitting Comments: To ensure that we have adequate time to evaluate

and incorporate your suggestions and other input, we must receive your comments on or before August 12, 2016.

Public Meetings: We will hold two public scoping meetings in the city of Chico, California, on July 27, 2016, to receive written and oral comments from the public (see ADDRESSES).

ADDRESSES: Requesting Information and Submitting Comments: To request further information or submit written comments, please use one of the following methods, and note that your information request or comment is in reference to the M&T/Llano Seco Fish Screen Facility Long-Term Protection Project.

- *U.S. Mail:* Craig Isola, Deputy Project Leader, Sacramento National Wildlife Refuge Complex, U.S. Fish and Wildlife Service, 752 County Road 99W, Willows, CA 95988.
  - Email: craig isola@fws.gov.
- Fax: Attn: Čraig Isola, (530) 934–

Public Meetings: The meetings will be held at 2 p.m. and 6 p.m. at the Chico Masonic Family Center, at 1110 W. East Avenue in Chico. At least one 1 week prior to each meeting, we will announce exact meeting locations and times in local newspapers and on the Internet at http://www.ducks.org/california/california-projects/m-t-llano-seco-fish-screen-project.

### FOR FURTHER INFORMATION CONTACT: Craig Isola, Deputy Project Leader (530) 934–2801.

### SUPPLEMENTARY INFORMATION:

#### **Background**

The M&T/Llano Seco Fish Screen Facility (pumping facilities) provides water from the Sacramento River to agricultural operations on the M&T Chico Ranch and Llano Seco Rancho, and to wetlands and associated habitats owned or managed by the Service, the CDFW, and Llano Seco Rancho. The wetland habitat supports resident and migratory waterfowl, shorebirds, and other wetland-dependent and special status species. Prior to 1997, operation of the unscreened M&T diversion pumps on Big Chico Creek created streamflow reversals that caused entrainment and loss of native fish species during migration periods.

In 1997, as part of an effort to reduce impacts to native salmonids, including special status species within the Sacramento River Basin, the M&T/Llano Seco Pumping and Fish Screen Facility was relocated from Big Chico Creek to the east bank of the Sacramento River, just downstream from the confluence of Big Chico Creek. Previous operation of the five unscreened M&T diversion pumps on Big Chico Creek created streamflow reversals that caused entrainment and subsequent loss of juvenile spring-run Chinook salmon during critical downstream migration periods. Additionally, flow reversals caused difficulty for upstream adult spring-run Chinook salmon migrants in the Sacramento River returning to spawn in Big Chico Creek. As part of the relocation, the M&T Chico Ranch/Llano Seco Rancho agreed to bypass (i.e., not to divert) 40 cubic feet per second of their water rights out of Butte Creek during October 1 through June 30, in order to support Butte Creek fisheries. In exchange for this bypass, the ranches could access an equivalent amount of water from the relocated facility on the Sacramento River. This bypass of water
