**Amendments To Terminate Uses for Certain Pesticide Registrations**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** This notice announces EPA's final order for the amendments to terminate uses, voluntarily requested by the registrants and accepted by the Agency, of the products listed in Table 1, pursuant to the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). This cancellation order follows a June 10, 2015 **Federal Register** Notice of Receipt of Requests from the registrants listed in Table 2 to amend uses of these product registrations. These are not the last products containing these pesticides registered for use in the United States. In the June 10, 2015 notice, EPA indicated that it would issue an order implementing the amendments to terminate uses, unless the Agency received substantive comments within the 30 and 180 day comment periods that would merit its further review of these requests, or unless the registrants withdrew their requests. The Agency did not receive any comments on the notice. Further, the registrants did not withdraw their requests. Accordingly, EPA hereby issues in this notice a cancellation order granting the requested amendments to terminate uses. Any distribution, sale, or use of the products subject to this cancellation order is permitted only in accordance with the terms of this order, including any existing stocks provisions.

**DATES:** The cancellations are effective July 15, 2016.

**III. Summary of Public Comments Received and Agency Response to Comments**

During the public comment period provided, EPA received no comments in response to the June 10, 2015 **Federal Register** notice announcing the Agency's receipt of the requests for amendments to terminate uses of products listed in Table 1 of Unit II.

**IV. Cancellation Order**

Pursuant to FIFRA section 6(f) (7 U.S.C. 136d(f)), EPA hereby approves the requested amendments to terminate uses of clothianidin and chloroxylenol registrations identified in Table 1 of Unit II. Accordingly, the Agency orders that the product registrations identified in Table 1 of Unit II. are hereby amended to terminate the affected uses. The effective date of the amendments to terminate affected uses is July 15, 2016. Any distribution, sale, or use of existing stocks of the products identified in Table 1 of Unit II. in a manner

inconsistent with any of the provisions for disposition of existing stocks set forth in Unit VI. will be considered a violation of FIFRA.

**V. What is the agency's authority for taking this action?**

Section 6(f)(1) of FIFRA (7 U.S.C. 136d(f)(1)) provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**. Thereafter, following the public comment period, the EPA Administrator may approve such a request. The notice of receipt for this action was published for comment in the **Federal Register** of June 10, 2015, (80 FR 32947) (FRL-9928-01). The comment period for chloroxylenol closed on July 10, 2015, and the

comment period for clothianidin closed on January 6, 2016.

**VI. Provisions for Disposition of Existing Stocks**

EPA's existing stocks policy published in the **Federal Register** of June 26, 1991 (56 FR 29362) provides that: "If a registrant requests to voluntarily cancel a registration where the Agency has identified no particular risk concerns, the registrant has complied with all applicable conditions of reregistration, conditional registration, and data call ins, and the registration is not subject to a Registration Standard, Label Improvement Program, or reregistration decision, the Agency will generally permit a registrant to sell or distribute existing stocks for 1 year after the cancellation request was received. Persons other than registrants will generally be allowed to sell, distribute, or use existing stocks until such stocks are exhausted."

Existing stocks are those stocks of registered pesticide products which are currently in the United States and which were packaged, labeled, and released for shipment prior to the effective date of the cancellation action. The effective date of this cancellation is July 15, 2016. The cancellation order that is the subject of this notice includes the following existing stock provisions:

The registrant may sell and distribute existing stocks of products listed in Table 1 of Unit II. until July 17, 2017. Persons other than the registrant may sell and distribute existing stocks of products listed in Table 1 of Unit II. until exhausted. Use of the products listed in Table 1 of Unit II. may continue until existing stocks are exhausted, provided that such use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled products.
