Submission for OMB Review; Comment Request

Title: 45 CFR 303.7—Provision of Services in Intergovernmental IV–D; Federally Approved Forms.

OMB No.: 0970-0085.

Description: The Intergovernmental forms were initially approved by OMB in 1988; 45 CFR 303.7 requires child support programs to use the OMB federally-approved forms in intergovernmental IV–D cases unless a country has provided alternative forms as a part of its chapter in a Caseworker’s Guide to Processing Cases with Foreign Reciprocating Countries. Additionally, Public Law (Pub. L.) 113–183, the Preventing Sex Trafficking and Strengthening Families Act of 2014 amended the Social Security Act to require U.S. states, the District of Columbia, Guam, Puerto Rico, and the U.S. Virgin Islands to enact any amendments to UIFSA “officially adopted as of September 30, 2008 by the

National Conference of Commissioners on Uniform State Laws” (UIFSA 2008). Section 311(b) of UIFSA 2008 requires the States and jurisdictions to use forms mandated by Federal law.

The current intergovernmental forms will expire in February 2017. The revised forms included in this submission to OMB incorporate many of the revisions requested by commenters during the 60-day comment period, which started August 4, 2015 (Federal Register, Volume 80, Number 149, page 46286).

Respondents: State, local, or Tribal agencies administering a child support enforcement program under title IV–D of the Social Security Act.

Health Resources and Services Administration

National Practitioner Data Bank: Change in User Fees

AGENCY: Health Resources and Services Administration, HHS.

ACTION: Notice.

SUMMARY: The Health Resources and Services Administration, Department of Health and Human Services, is

announcing a decrease in user fees charged to individuals and entities authorized to request information from the National Practitioner Data Bank (NPDB). The new fee will be \$2.00 for both continuous and one-time queries and \$4.00 for self-queries. The reduction in NPDB user fees is intended to encourage new users while ensuring sufficient funds to the full cost of NPDB operations and retain appropriate cash reserves. The goals of the cash reserves are to mitigate risks, cover operational costs should revenue decrease, and cover the cost of reasonable enhancement and maintenance of the NPDB management system.

HRSA has the standard operating procedure of reviewing NPDB user fees every 2 years. The biennial review of NPDB user fees offers HRSA the opportunity to evaluate its reserves as well as revenue relative to costs. Further, the review provides essential information on whether the fee rates and authorized activities are aligned with actual program costs and activities,
